Using a highly creative mix of stories, exercises, meditations, poetry, and prayer, Robert shares his distinctive philosophy and practice of the how of happiness. Visionary and practical, challenging and compassionate, Happiness NOW gives you valuable keys to true self-acceptance, everyday abundance, loving relationships, inner success, and lasting joy, starting NOW. *Happiness and Positive Psychology*

Sandie McHugh, Jerome Carson, 2025-06-30 Happiness and Positive Psychology is essential reading for academic professionals in Positive Psychology seeking theoretical insights and for students in Positive Psychology programs looking for foundational knowledge and practical insights. **Happier?** Daniel Horowitz, 2018 Happier provides the first history of the origins, development, and impact of the shift in how Americans and now many around the world consider the human condition. This change, which came about from the fusing of beliefs and knowledge from Eastern spiritual traditions, behavioral economics, neuroscience, evolutionary biology, and cognitive psychology, has been led by scholars and academic entrepreneurs in play with forces such as neoliberalism and cultural conservatism and a public eager for self-improvement. Ultimately, the book illuminates how positive psychology, one of the most influential academic fields of the late twentieth and early twenty-first centuries, infused American culture with captivating promises for a happier society. The Promise of Happiness Sara Ahmed, 2010-04-06 This provocative cultural critique of the imperative to be happy draws on the work of feminist, black, and queer critics, showing how happiness is used to justify social oppression. **Happiness** L. Hyman, 2014-10-14 Happiness, rather than being a private and subjective experience, is shaped, interpreted, and articulated via culturally specific ways of thinking, being, and acting. This highly original and timely book offers an empirical exploration of the ways in which being happy is understood and articulated in contemporary society.
