Peter Wagner, 2011-09-01 For the past half century C Peter Wagner has been at the leading edge of the key spiritual paradigm shifts that have been accompanied by major moves of the Holy Spirit In the 1960s the missionary movement in South America was at its peak and Dr Wagner was there In the 1970s he was a recognized authority in the church growth movement In the 1980s he taught a popular course at Fuller Seminary with Vineyard movement leader John Wimber that advocated praying healing for the sick spiritual mapping identificational repentance and spiritual warfare Dr Wagner coined the phrase Third Wave to describe this fresh move of the Holy Spirit the impact of which is still being felt today In the 1990s he became a leader of the New Apostolic Reformation and in the new millennium he has championed the Dominion Mandate adopting the Seven Mountain or 7M template for reclaiming the culture for God's kingdom For five decades Dr Wagner has led the church from one great move of God to the next riding the wave of the Spirit through changes he never imagined when he first answered God's call to ministry In *Wrestling with Alligators Prophets and Theologians* Wagner tells for the first time his personal story of ongoing transformation Readers will get a close up view of the seismic shifts in the church's recent history through the eyes of one of the only people to have seen it all unfold **Intercession** James W. Goll, 2011-07-28 The words of the intercessor are a power force for healing the wounds of the past and shaping the course of history This book will help the intercessor release

those words into the heavens and bring down God's will on earth Goll shifts the focus of intercession away from the typical shot gun approach of praying for the whole world in a single prayer At the same time he impressively portrays how you can focus your prayer on what God desires as opposed to what you need

The Authority of the Believer and Healing Ché Ahn, 1999-07

Law, Religion and Love Paul Babie, Vanja-Ivan Savić, 2017-09-01

Increasingly the modern neo liberal world marginalises any notion of religion or spirituality leaving little or no room for the sacred in the public sphere While this process advances the conservative and harmful behaviours associated with some religions and their adherents exacerbate this marginalisation by driving out those who remain religious or spiritual And all of this is seen through the lens of social science which seems to agree that religion remains important if not in spiritual sense at least as a source of folklore and a means of identification religions remain rooted in the societies from which they emerged and the legal systems of many of those societies emerged from religious sources even if those societies remain unwilling to admit that fact In the modern materialistic world of conformity religion is less a source of guidance than a label of identification The world therefore faces two issues First the decreasing level of spirituality in the West widens the gap between worshippers and those who have left their faith eg agnostics and atheists or those who look at religion as a matter of picking and choosing from a range of options And second the strong connections to religion which remain in many nations but which are often misused in the secular public sphere both in the West and internationally In such divided worlds both religious and secular forces tend to lock themselves into closed groupings of pure truth and in so doing increase the level of disagreement in turn producing radicalism In short the modern world is divided in two ways between religious and non religious although some have argued that the non religious secular is itself a form of civil religion and between those subscribing to divergent understandings of the same religious tradition While hyperbolic and histrionic the term culture wars nonetheless best captures what we see happening in the public sphere today The question emerges then how best to accommodate the democratic principle which posits that the majority should feel that it lives in a society of its own with the human rights principle holding that is necessary to ensure the full protection of the minority's rights How to balance these seemingly opposed principles We are very familiar with the differences that appear between secular and sacred in the modern world yet what of the similarities amongst scriptures and laws which seek to encourage mutual understanding cooperation and even cohabitation Because religion itself is a source of law a set of exhortations or commands as much as a set of rights every major religion offers an approach to encountering the Other in a positive constructive affirming way and it is here that religions reveal much that they have in common This book draws together the work of scholars engaged in exploring the

possibilities for a utopian world in the sense fostered by St Thomas More The essays explore those dimensions of religious and civil law where love however that is defined by relevant texts fosters and encourages acceptance of the Other and will offer perspectives on the ways in which religious or civil state law command one to act in the spirit of love **Charisma and Christian Life** ,1999 **Father Forgive Us!** Jim W. Goll,2000-01-04 New from the author of the best seller The Lost Art of Intercession God is calling Christians today to take up the mantle of identificational intercession and repent for the sins of the present and past for the sins of our fathers for the sins of the nations Will you heed the call This book show you how *Forthcoming Books* Rose Army,1999 **La Raíz de la Idolatría** C. Peter Wagner,2006-04 Many people today don't know what idolatry really is Peter Wagner opens our understanding to the truths about this subject and how it can creep into our lives and churches If we as individuals and as a church want to become all that God wants us to become we must say no to hard core idolatry and forever close the door it has opened to the demonic realm **Revival!** C.
