Reed, 2011-06-10 Alan Nolan s 1961 *Iron Brigade* the classic study of Brigadier General John Gibbon s Black Hat Brigade composed of the 19th Indiana the 2nd 6th and 7th Wisconsin and the 24th Michigan drew public attention to the superior unit during the Civil War Centennial Since then much has been written about Gibbon s Iron Brigade but nothing has published on the original Iron Brigade from which Gibbon s brigade inherited it name In *The Original Iron Brigade* author Thomas Reed discusses the history of the 1st Brigade 1st Division 1st Corps Army of the Potomac composed of three New York two year regiments the 22nd 34th and 30th New York Infantry the 14th Brooklyn Militia 84th New York Infantry and the 2nd United States

McClellan and Failure Edward H. Bonekemper, III, 2015-06-14 In the eyes of many historians Union general George B McClellan single handedly did more damage to the Union war effort than any other individual including Confederate commander Robert E Lee Promoting his own ideas and career regardless of the consequences McClellan eventually became a thorn in the side of President Lincoln Removed from command on November 5 1862 McClellan left a legacy of excessive caution that continued to affect the Army of the Potomac From West Point to Antietam this volume examines McClellan's army career and especially how his decisions affected the course of the Civil War Union actions are examined in detail with special emphasis on the roles McClellan played or did not play Excerpts from McClellan's orders and correspondence provide a contemporary picture and motives for his actions An appendix examines the treatment given McClellan by various historians

Sons of the White Eagle in the American Civil War Mark F. Bielski, 2016-04-19 The untold stories of nine Polish Americans who bravely fought in the Civil War includes photographs maps and illustrations This unique history chronicles the lives of nine Polish American immigrants who fought in the Civil War Spanning three generations they are connected by the White Eagle the Polish coat of arms and by a shared history in which their home country fell to ruin at the end of the previous century Still each carried a belief in freedom that they inherited from their forefathers More highly trained in warfare than their American brethren and more inured to struggles for nationhood the Poles made significant contributions to the armies they served The first group had fought in the 1830 war for freedom from

the Russian Empire The European revolutionary struggles of the 1840s molded the next generation The two youngest came of age just as the Civil War began entering military service as enlisted men and finishing as officers Of the group four sided with the North and four with the South and the ninth began in the Confederate cavalry and finished fighting for the Union side Whether for the North or the South they fought for their ideals in America's greatest conflict Nominated for the Gilder Lehrman Prize *Fredericksburg! Fredericksburg!* George C. Rable, 2009-11-15 During the battle of Gettysburg as Union troops along Cemetery Ridge rebuffed Pickett's Charge they were heard to shout Give them Fredericksburg Their cries reverberated from a clash that although fought some six months earlier clearly loomed large in the minds of Civil War soldiers Fought on December 13 1862 the battle of Fredericksburg ended in a stunning defeat for the Union Confederate general Robert E Lee suffered roughly 5 000 casualties but inflicted more than twice that many losses nearly 13 000 on his opponent General Ambrose Burnside As news of the Union loss traveled north it spread a wave of public despair that extended all the way to President Lincoln In the beleaguered Confederacy the southern victory bolstered flagging hopes as Lee and his men began to take on an aura of invincibility George Rable offers a gripping account of the battle of Fredericksburg and places the campaign within its broader political social and military context Blending battlefield and home front history he not only addresses questions of strategy and tactics but also explores material conditions in camp the rhythms and disruptions of military life and the enduring effects of the carnage on survivors both civilian and military on both sides

McClellan's Own Story George B. McClellan, 1998 Although McClellan was a brilliant administrator who possessed good strategic sense the record shows that he was overcautious and consistently overestimated the strength of his adversaries always demanding more men and supplies before undertaking offensive action In 1862 McClellan disagreed with Abraham Lincoln and advanced on Richmond from the east instead of moving directly against the Confederates at Manassas Virginia Although the Union army was successful during the Peninsular campaign their failure to take Richmond the Confederate capital gave the South new motivation Dissatisfied with the campaign and McClellan Lincoln replaced him with Henry W Halleck as commander in chief
