Allen,2015-07-09 Excerpt from Manual Training for Common Schools An Organized Course in Wood Working In preparing this book on Manual Training the author has attempted to be thorough rather than complete No attempt has been made to add anything new to the subject matter but only to arrange well known facts so that they will offer as systematic and complete a course of study as is offered in any of the older organized courses The arrangement of the text as herein presented is the direct result of five years teaching the subject of wood working to beginning classes This class work was preceded by a number of years of shop work as a journeyman machinist and a factory foreman as well as by a four years college course in science and engineering Help in preparing the text has been gleaned from so many fields that it would be impossible to make direct mention of all who have given valuable assistance The author wishes however to acknowledge the

aid given by Mr Charles E Emmerich principal of the Indianapolis Manual Training High School and Mr Paul W Covert head of the manual training department who have allowed such freedom in the conduct of classes that it has been possible to make all parts of the work measure up to a class room test Acknowledgment is due Mr Otto Stark head of the art department of the Indianapolis Manual Training High School for his earnest and careful criticism of the models drawings and photographs This criticism has added much to the value of the text The final drawings from which the cuts were executed were made by Mr Edward Stark of Indianapolis About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
