fed up with the political process vented that frustration with their votes Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade Democrats nearly selected a self described socialist who ran on a populist platform against the influence of big money in politics While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual the truth is that we don't have to pin our hopes for greater participation on any one candidate All of us have a say if we learn master and practice the skills of effective citizenship One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can't fight City Hall That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn't care what people like them thought Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles They describe effective citizenship skills and provide tips from civic experts Even more importantly they offer numerous examples of everyday Americans who have used their skills to make democracy respond The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy By the end of the book you will have new confidence that citizen participation is the lifeblood of America and will be ready to make governments work for you not the other way around *The Visual Revolution Guidebook* Roz Morris,2024-08-22 The visual economy is here and we are all broadcasters now In today's fast paced world of constant media moving images and digital presence broadcasting is no longer the preserve of the privileged few When every visual choice has the power to make or break reputations success in this highly competitive economy hinges on mastering the skills of visual communication The Visual Revolution Guidebook is your essential toolkit for navigating and leveraging this new visual centric landscape and understanding its dynamics in the modern business environment Media expert Roz Morris delves deep into the strategies and skills you need to stand out and flourish amidst the constant imagery of the modern 24 hour media cycle Through illuminating case studies proven approaches and user friendly practical advice and checklists you'll be equipped with an impressive range of advanced media skills including how to Craft a compelling online presence Produce impactful promotional videos Fine tune presentation skills across diverse media platforms Shine in media interviews with confidence and precision Harness the incredible potential of the metaverse Understand the evolving role of influencers Whether you're an entrepreneur marketer or business leader seeking to understand and excel in modern business communication this is more than just a must read it's an expert and indispensable roadmap to thriving in the visual revolution *The Content Analysis Guidebook* Kimberly A. Guidebook to South Carolina Historical Markers, 2021-02-19 The South Carolina Historical Marker Program established in 1936 has approved the installation of more than 1 700 interpretive plaques each highlighting how places both grand and unassuming have played important roles in the history of the Palmetto State These roadside markers identify and interpret places valuable for understanding South Carolina s past including sites of consequential events and buildings structures or other resources significant for their design or their association with institutions or individuals prominent in local state or national history This volume includes a concise history of the South Carolina Historical Marker Program and an overview of the marker application process For those interested in specific historic periods or themes the volume features condensed lists of markers associated with broader topics such as the American Revolution African American history women s history the Civil War and Reconstruction While the program is administered by the South Carolina Department of Archives and History most markers are proposed by local organizations that serve as a marker s official sponsor paying its cost and assuming responsibility for its upkeep In that sense this inventory is a record not just of places and subjects that the state has deemed worthy of acknowledgment but of those that South Carolinians themselves have worked to enshrine **Behind**

the Facade Lee Morgenbesser, 2016-09-07 Behind the Fa ade examines the question of why authoritarian regimes in Southeast Asia bother holding elections Using comprehensive case studies of Cambodia Myanmar and Singapore Lee Morgenbesser argues that elections allow authoritarian regimes to collect information pursue legitimacy manage political elites and sustain neopatrimonial domination He demonstrates how these functions are employed to manage the complex strategic interaction that occurs between dictators political elites and citizens Far from being mere window dressing or even a precursor to democracy flawed elections Morgenbesser concludes are paramount to the maintenance of authoritarian rule

GeoTech4Tenure Food and Agriculture Organization of the United Nations, International Fund for Agricultural Development, 2022-07-30 In line with the Voluntary Guidelines on the Responsible Governance of Tenure VGGT public and private investments globally are increasingly recognising responsible land governance as a determinant for the success and sustainability of their achievements Investment managers understand that preventing and mitigating tenure related issues is a necessary step to achieve their objectives While a wide range of tools community based participatory approaches and technologies are available to help clarify protect and secure tenure rights navigating this landscape requires expertise which is often not available to investment projects This guide provides readers with a basic understanding of the functional linkages between land tenure and land based investments It illustrates the process of protecting and securing legitimate tenure rights through recordation describes how to use fit for purpose technology to strengthen support the process identifies choices in selecting the appropriate technology based on objectives and context and provides clear criteria to inform the choice *The Irregular Pendulum of Democracy* Dimitri A. Sotiropoulos, 2023-04-30 This book argues that the backsliding or stagnation of democracy should be interpreted in a wider perspective on irregular movements towards and away from contemporary

liberal democracy This a perspective couched by a metaphor namely the pendulum of democracy which the author has constructed to suggest that democratic regimes may swing between a democratic end fully developed liberal democracy and a semi authoritarian end competitive authoritarianism The pendulum does not have a predictable frequency Democratization may lead to irregular movements back and forth It is easier to analyze such movements of the pendulum when democracy is not consolidated yet for instance in the three post Yugoslav political regimes mentioned above as democratic institutions and processes are not yet stable For this reason this book analyses the swing of unconsolidated democracy away from the democratic end in the cases of today s Serbia and Montenegro and the swing back towards liberal democracy in the case of North Macedonia which until 2017 had been developing into a competitive authoritarian regime but then embarked on the road to democratic recovery
