**Buried Alive** Jack Cuozzo,1998-11-01 Since the first cave discoveries in Germany's Neander Valley we have been fascinated by these thick browed powerful creatures Who were they and where did they go A centerpiece in the study of human evolution Neanderthal Man has by his own mysterious demise created more questions than he has answered But what if Neanderthals could answer for themselves and tell us about their origins Now for the first time that is possible through the original research of Jack Cuozzo Fascinated by Neanderthal Man for over two decades Cuozzo an orthodontist has fashioned a research book that will clutch the attention of scientists and laypersons alike for the Neanderthal family has finally emerged to tell a shocking story 16 page photo section *Collaboration and the Future of Education* Gordon

Andrews,Wilson J. Warren,James Cousins,2015-10-08 Current educational reforms have given rise to various types of educational Taylorism which encourage the creation of efficiency models in pursuit of a unified way to teach In history education curricula this has been introduced through scripted textbook based programs such as Teacher Curriculum Institute's History Alive and completely online curricula They include the jargon of authentic methods such as primary sources cooperative learning differentiated instruction and access to technology yet the craft of teaching is removed and an experience that should be marked by discovery and reflection is replaced with comparatively empty processes This volume provides systematic models and examples of ways that history teachers can compete with and effectively halt this transformation The alternatives the authors present are based on collaborative models that address the art of teaching for pre service and practicing secondary history teachers as well as collegiate history educators Relying on original research and a maturing body of secondary literature on historical thinking this book illuminates how collaboration can create real historical learning **Hurricane in a Teacup** James M. Wright,2022-04-08 The world is ending because of climate change

Every day we are bombarded with apocalyptic warnings telling us that if we do not change our ways and dismantle our economies we will destroy the planet But what if it is all a cynical hoax perpetrated by power hungry activists and politicians for their own purposes In this book James Wright asks that question joining a multitude of skeptics who challenge the increasingly hysterical claims of climate fanatics and the science that supposedly underpins them **Resources in**
