*Maternal Child Nursing Care in Canada - E-Book* Lisa Keenan-Lindsay,Cheryl Sams,Constance L. O'Connor,Shannon E. Perry,Marilyn J. Hockenberry,Deitra Leonard Lowdermilk,David Wilson,2016-10-11 Featuring the most accurate current and clinically relevant information available Maternal Child Nursing Care in Canada 2nd Edition combines essential maternity and pediatric nursing information in one text The promotion of wellness and the care for women experiencing common health concerns throughout the lifespan care in childbearing as well as the health care of children and child development in the context of the family Health problems including physiological dysfunctions and children with special needs and illnesses are also featured This text provides a family centred care approach that recognizes the importance of collaboration with families when providing care Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress Nursing Alerts point students to critical information that must be considered in providing care Community Focus boxes emphasize community issues supply resources and guidance and illustrate nursing care in a variety of settings Critical thinking case studies offer opportunities to test and develop analytical skills and apply knowledge in various settings Emergency boxes guide you through step by step emergency procedures Family Centred Teaching boxes highlight the needs or concerns of families that you should consider to provide family centred care NEW Content updates throughout the text give you the latest information on topics such as perinatal standards mental health issues during pregnancy developmental and neurological issues in pediatrics new guidelines including SOGC and CAPWHN NEW Increased coverage on health care in the LGBTQ community and First Nations Metis and Inuit population NEW Medication Alerts stress medication safety concerns for better therapeutic management NEW Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice

*Social Perspectives on Trans Health* Christy E. Newman,Anthony K J Smith,Elizabeth

Duck-Chong, Son Vivienne, Cristyn Davies, Kerry H. Robinson, Peter Aggleton, 2024-05-07 Transgender people are waiting to be seen in healthcare and waiting to be recognised as the legitimate experts on their own lives and needs This book foregrounds empirically novel and conceptually groundbreaking sociological analyses of trans health care and experiences It draws together sociological contributions focused on the lives and perspectives of trans people to provide a vision of more equitable and affirming health and social care Chapters explore how gender affirmation is imagined and enacted and how trans people creatively and collectively work to secure the care they require in countries such as Australia Aotearoa New Zealand and the United Kingdom Concluding with a commentary on trans health in the Global South by Professor Emerita Raewyn Connell this book demonstrates the urgent need for radical sociopolitical transformation grounded in a recognition of trans people as authorities in and on their own lives Social and health science students and researchers will be inspired by the critical perspectives this book provides on normative framings of gender and health and health practitioners policymakers and advocates will benefit from better understanding the challenges trans people face in securing safe and quality health care today This book was originally published as a special issue of Health Sociology Review

**Giddens's Concepts for Canadian Nursing Practice - E-Book** Debra (Debbie) Sheppard-LeMoine, Lisa-Marie Forcier, 2025-11-21 Learn the core concepts of Canadian nursing care and how to apply them to the clinical setting Giddens's Concepts for Canadian Nursing Practice uses a simplified intuitive approach to describe 64 important concepts relating to all areas of nursing practice in a Canadian health care context including Indigenous health racism and gender diversity Integrating the latest Canadian statistics research and cultural considerations this text emphasizes cultural safety interprofessional collaboration and health equity To reinforce understanding this book also makes connections among related concepts and links you to other Elsevier nursing textbooks Exemplars for each concept provide useful examples and models showing how concepts are successfully applied to practice Essential tools and case studies for clinical reasoning in nursing help you confidently prepare for almost any clinical nursing situation

*Fertility, Family Planning, and Women's Health* Joyce C. Abma, 1997 The report shows data on a wide range of topics including pregnancy and birth marriage divorce cohabitation sexual intercourse contraception infertility use of family planning and other medical services and health conditions and behavior The data are based on in person interviews with a national sample of 10 847 women 15 44 years of age Among the results the proportion of teenagers who have ever had sexual intercourse decreased slightly between 1990 and 1995 and about 8 percent of women reported that their first intercourse was not voluntary Annotation copyrighted by Book News Inc Portland OR
