[100+1 Ways To Stop The Money Leaks](#) Max Michelle, 2015-12-27 People are always trying to save money especially with today s economy No matter what your reason for saving through this ebook you will discover ways never considered The price of everything has gone up requiring people to be more conscientious about money The problem is that by the time the mortgage car utilities and credit cards are paid there is little money to put aside Saving money is not that hard just a matter of learning all the different options and being creative In addition to the obvious of putting money into a retirement fund or savings account there are hundreds of ways to save money Although some ways of saving may not seem like much once you

add them up at the end of the year you will see how substantial the savings really are Keep in mind that saving is more than a single lump sum of money put aside Saving is something found in your everyday life by the way you live and the choices you make Rome was not built in a day and neither will your bank account be Each penny saved is one more penny than before If you have the ability to save big that is great However most people are not in that position which is why this e book will show you how little savings can add up quickly Be encouraged that it is never too late to start saving regardless of your age Set your mind that now is the time to start building your future Before we start I just want to remind you of the water pot analogy you read on the sales page before purchasing this book Imagine you have a huge water pot Each morning you fill that water pot to the brim with lovely refreshing clean water HOWEVER you don t realise that the water pot has numerous leaks in it Enjoy your ebook
