Religious and Non-Religious Perspectives on Happiness and Wellbeing Sharada Sugirtharajah, 2022-04-25 This book explores the theme of happiness and well being from religious spiritual philosophical psychological humanistic and health perspectives Taking a non binary approach it considers how happiness in particular has been understood and appropriated in religious and non religious strands of thought The chapters offer incisive insight from a variety of perspectives including humanism atheism and major religions such as Christianity Islam Buddhism Hinduism and Judaism Together they demonstrate that although worldviews might vary substantially there are concurrences across religious and non religious perspectives on happiness that provide a common ground for further cross cultural and interreligious exploration What the book makes clear is that happiness is not a static or monolithic category It is an ongoing process of being and becoming striving and seeking living ethically and meaningfully as well as arriving at a tranquil state of being This multifaceted volume makes a fresh contribution to the contemporary study of happiness and is valuable reading for scholars and students from religious studies and theology including those interested in interreligious dialogue and the psychology of religion as well as positive psychology

Life Advice from Below Eric C. Hendriks, 2017-07-03 In Life Advice from Below Eric C Hendriks offers the first systematic comparative study of the globalization of American style self help culture and the cultural conflicts this creates in different national contexts The self help guru is an archetypical American figure associated with individualism materialism and the American Dream Nonetheless the self help industry is spreading globally thriving in China and other seemingly unlikely places Controversy follows in its wake as the self help industry operating outside of formal education and state institutions outflanks philosophical religious and political elites who have their own visions of the Good Life Through a comparison of Germany and China Hendriks analyzes how the competition between self help gurus and institutional authorities unfolds under radically different politico cultural regimes This witty book charms its way through a very serious sociology of the seriously quirky field of self help books Read it for its fascinating pop culture insights and you'll come away with a deep understanding of contemporary sociological theory Highly recommended Salvatore Babones University of Sydney

Hendriks finding that Germany rather than China is more resistant to self help gurus offers a powerful corrective to the assumption in much of the globalization literature that the greatest cultural divide is between the Anglo Western European sphere and the rest of the globe Rodney Benson New York University
