
A photograph of a dirt path leading through a forest. The path is light brown and leads towards a bright opening in the trees. The trees on either side have autumn-colored foliage in shades of orange, yellow, and brown. Some evergreen trees are visible in the background. The overall atmosphere is peaceful and scenic.

Happy In Spite Of People:

Legendary Living Dr. M. Sarada Devi, 2017-12-21 Thoughts give rise to feelings and feelings give rise to actions cognitive affective and behavioural chain Your thoughts are influenced by your beliefs Change your thought change your life Change your actions change your life *The 3 Dimensions of Emotions* Sam Alibrando, 2016-07-25 Just as there are three dimensions of the physical world height width and depth there are three dimensions of the interpersonal world power love and mindfulness How well we learn to navigate them directly corresponds to how well we live our lives how happy and fulfilled we feel Human reactivity is the source of most of our interpersonal problems and pain *The 3 Dimensions of Emotions* introduces the concept of working the triangle a unique practice that provides a compelling yet practical road map that can help you move from painful reactivity to productive proactivity in your relationships And it works just as successfully for a CEO of a Fortune 500 company as it does for a parent struggling to communicate with a teenager *The 3 Dimensions of Emotions* is a new way to understand emotional intelligence and find your relational sweet spot the dynamic intersection of power love and mindfulness It will also help you to Manage difficult people in your life Improve your emotional intelligence as a partner parent and friend Improve your emotional intelligence as a leader at work *Coercion: the Achilles' Heel of Education* ROMÉO GAUVREAU B.A. Ph.D. in B.S., 2014-06-26 My goal in writing this book is not to try to instruct you or to indoctrinate you Its rather to present you with a menu of theories reflections and certain facts concerning civilization and its difficulties in advancing to the next level That next level for me would be to take heed of and to put into practice the 2600 year old Golden rule Do unto others as you would have them do unto you Its a rule that everybody understands but somehow we have not yet succeeded to apply it at all levels of the worlds societies Family is the institution where we apply it the most although more in some than in others The school is an institution where the golden rule is sacrificed in great part due to its coercive approach and its lame pedagogy The government is the institution where its the least applied due to corruption and abuse of power and the omnipresent coercion towards other countries and towards its own citizen Is it to say that were doomed and that theres nothing to be done I tried and hope I succeeded in answering that question in this book In Spite Of...
