ethnocentric always taking action or inactions that crystallize and project a feeling of one's own culture or racial superiority. Such attitude obstructs meaningful interaction, human relations, tolerance, and co-operation. Conversely, the skill and ability to tolerate and communicate effectively with people from diverse cultures is a social activity which begins from thought to behaviour in both spoken and non-spoken versions. The book contains 19 essays structured into five parts. *Participatory Ideology* Peter Beresford, 2021-03-15. The COVID-19 pandemic, Black Lives Matter movement, and renewed action against climate change all highlight the increasing gulf between narrowly based dominant political ideologies and popular demands for social justice, global health, environmentalism, and human rights. This book examines for the first time the exclusionary nature of prevailing political ideologies. Bringing together theory, practice, and the relationship between participation, political ideology, and social welfare, it offers a detailed critique of how the crucial move to more participatory approaches may be achieved. It is concerned with valuing people's knowledge and experience in relation to ideology, exploring its conventional social construction, including counter ideology, and the ideological underpinnings and relations of participation. It also offers a practical guide for change.

North East India Manis Kumar Raha, 2014-01-01. NORTH EAST India is one of the most attractive regions of India. Its attraction is not only for its extraordinary natural beauty but also for its diversities in different levels. One can find the marked natural diversities and also diversities in ethnic level. The people who belong to different tribal and non-tribal groups live in different states of this region. They have different genetic make-up, different ethnicities, and identities, different economic, social, political, and religious systems. While some of the biological and cultural parameters are common among some of them, for many others, these are quite different. All these have made each ethnic group of this region a distinct and unique one. All these colourful and friendly people have made the ethnic mosaic of India distinct and unique in the world. Through this book, the contributors have tried to highlight some of the important aspects of the economic and social life and also bio-demographic pattern of some of the ethnic groups of this part of India. There are thirty articles written by eminent and experienced academicians and scholars incorporated in this book, and all these scholarly important and valuable articles will provide fresh information about the people of India's North East region to the readers and surely enrich their knowledge about this part of India and the people living here.

Reflection for Nursing Life John McKinnon, 2016-01-29. Over the past decades, reflection has taken centre stage in nursing education, but it is easy to get stuck in a superficial cycle of storytelling and self-examination without getting any further insights into your own practice and abilities. *Reflection for Nursing Life* starts with a basic introduction to reflective practice and moves through to look at more critical perspectives with guidance for reflecting on the complex realities of practice. This accessible text is designed to support a deeper understanding of the value of reflection and its relationship with the needs of modern practice. Beginning with discussions of self-awareness and the reflective cycle, it goes on to explore ideas about critical incidents, critical reflection models, and transformational learning. It integrates cutting-edge neuro-scientific research and thinking about

emotional labour and intelligence in healthcare into mainstream reflective practice drawing on both new and established ways of guiding learning and professional judgment Reflection for Nursing Life includes numerous exemplar reflective narratives diagrams and exercises to help the reader identify their strengths and weaknesses whilst tips for overcoming weaknesses and developing strengths are also provided It is the ideal text for nursing students and practitioners looking to improve their reflective practice skills
