Tibor Klaniczay

La Crise De La Renaissance 152016:

From Lumumba to Gbagbo K. Martial Frindéthié, 2016-03-17 In recent years the Euro American powers have made multiple armed incursions into Africa The election of President Obama greeted by most Africans as providential for their centuries old troubled relations with the West instead inaugurated a destructive coalition against Africa In places like Cote d'Ivoire Egypt and Libya the United Nations the International Criminal Court the World Bank and the International Monetary Fund have supported military intrusions arbitrary imprisonments deportations and political assassinations under the guise of bringing freedom and democracy to benighted Africa The destabilization of Africa the division of the continent into lawless zones controlled by thuggish warlords the displacement of millions of refugees and the systematic sacking of Africa s resources are telling In Africa the West was not on a goodwill mission This book examines the West s policy of aggression in Africa over the last 50 years as a legacy of colonialism with human and economic costs that are radicalizing African nationalists

Al di là del Repubblicanesimo Guido Cappelli, Giovanni De Vita, 2020-11-18 Il volume raccoglie gli interventi tenutisi al Convegno Internazionale Al di là del repubblicanesimo Modernità politica e origini dello Stato Esperienze e discipline a confronto 1350 1600 celebrato a Napoli nell'aprile del 2018 e incorpora un certo numero di altri contributi ritenuti in linea con lo spirito dell'operazione I lavori nel loro insieme conformano il quadro della ricca varietà di tradizioni e linguaggi intellettuali che dialogano e si incrociano nel grande snodo della modernità grosso modo tra XIV e XVII secolo dalla tradizione giuridica a quella dell'ars dictaminis a quella umanistica rinascimentale e post rinascimentale nutrite di pensiero classico la riflessione investe le strutture concettuali e discorsive che tra conflitti contraddizioni e adattamenti concorrono a formare l'idea moderna di Stato Il caso di studio della Napoli aragonese 1442 1503 dimostra come questa realtà storicamente determinata abbia rappresentato un laboratorio d'avanguardia di tale modernità etica e socio politica europea L'ultima sezione affronta da un punto di vista storico critico e filosofico politico le sfide che l'epoca contemporanea pone alla modernità politica e alla dottrina ma forse ancor più alla realtà stessa dello Stato Sullo sfondo l'invito ad esplorare un approccio rinnovato alla concettualizzazione della politica e dei comportamenti pubblici a partire dalla riflessione sul pensiero europeo tra basso Medioevo e prima Et moderna
