 Gangs and Cartels Robert J. Bunker, John P. Sullivan, 2017-07-05 Concerns over the changing nature of gangs and cartels and
 their relationships to states in the late 20th and early 21st centuries has resulted in the emergence of a scholarly body of
 work focused on their national security threat potentials This body of work utilizing the third generation gangs and third
 phase cartel typologies represents an alternative to traditional gang and organized crime research and one that is
 increasingly influencing the US defense community Rather than being viewed only as misguided youth and opportunistic
 criminals or in their mature forms as criminal organizations with no broader social or political agendas more evolved gangs
 and cartels are instead seen as developing political mercenary and state challenging capacities This evolutionary process has
 emerged due to the growing illicit economy and other unintended consequences of globalization This important anthology of
 writings by Robert J Bunker and John P Sullivan draws upon a collection of their works from the mid 1990s to the present
 with the addition of new essays written specifically for this publication The work will be of great interest to academics and
 students in the fields of political science and criminal justice and to military law enforcement and governmental professionals
 and policy makers This book is a collection of new and previously published works from a variety of publications a full list of

Security in the Age of Globalization that delves deeply into everything mentioned above and more In a time when the threat is growing this is a timely effort CCO has gathered an impressive cadre of authors to illuminate the important aspects of transnational crime and other illicit networks They describe the clear and present danger and the magnitude of the challenge of converging and connecting illicit networks the ways and means used by transnational criminal networks and how illicit networks actually operate and interact how the proliferation convergence and horizontal diversification of illicit networks challenge state sovereignty and how different national and international organizations are fighting back A deeper understanding of the problem will allow us to then develop a more comprehensive more effective and more enduring solution Other related products YouTube War Fighting in a World of Cameras in Every Cell Phone and Photoshop on Every Computer can be found here <https://bookstore.gpo.gov/products/sku/008/000/01071/4> Distinguishing Acts of War in Cyberspace Assessment Criteria Policy Considerations and Response Implications can be found here <https://bookstore.gpo.gov/products/sku/008/000/01128/1> Confidence Building in Cyberspace A Comparison of Territorial and Weapons Based Regimes can be found here <https://bookstore.gpo.gov/products/sku/008/000/01139/7> Army Support of Military Cyberspace Operations Joint Contexts and Global Escalation Implications can be found here <https://bookstore.gpo.gov/products/sku/008/000/01094/3> Legality in Cyberspace An Adversary View can be found here <https://bookstore.gpo.gov/products/sku/008/000/01108/7> Cyberterrorism After Stuxnet can be found here <https://bookstore.gpo.gov/products/sku/008/000/01117/6> Fundamentals of War Gaming Print Paperback format can be found here <https://bookstore.gpo.gov/products/sku/008/046/00299/1> Print Hardcover format can be found here <https://bookstore.gpo.gov/products/sku/008/046/00269/0> Policy Analysis in National Security Affairs New Methods for a New Era can be found here <https://bookstore.gpo.gov/products/sku/008/020/01561/0> Economic Security Neglected Dimension of National Security print paperback format can be found here <https://bookstore.gpo.gov/products/sku/008/020/01617/9> ePub format can be found here <https://bookstore.gpo.gov/products/sku/999/000/44440/9> Other products produced by the U S Army National Defense University can be found here <https://bookstore.gpo.gov/agency/1078> Other products produced by the U S Army War College Strategic Studies Institute can be found here <https://bookstore.gpo.gov/agency/1609>

Organized Crime in Mexico Cameron H. Holmes, 2014-06-15 *Organized Crime in Mexico* takes a hard look at the dire implications of the pervasive and powerful criminal enterprises in northern Mexico comparing and contrasting the present threat to past issues including drug and human smuggling during the latter half of the twentieth century Criminal organizations operating in Mexico and the United States threaten the economic well being of North America as well as the democratic freedoms of our neighbor to the south Cameron H Holmes an experienced organized crime prosecutor and anti money laundering expert shows how this shift in criminal activity is extremely damaging to North American economies and explains that in order to halt this economic erosion U S policy requires a new strategy changes in thinking and new and increased countermeasures Strategically we have light years to travel and little time to do it Without intervention criminal

activity will strangle legitimate business degrade the Mexican economy and because the United States itself is so intimately affected undermine the U S economy in turn Continued prosperity in both countries depends on our joint success in controlling these criminal enterprises Organized Crime in Mexico examines the new diversification and strategies of organized criminal groups suggests a series of countermeasures and places these issues in a global context What is transpiring in Mexico is part of a larger international problem and criminal enterprises currently pose new and consistent threats to economies around the world *The Darkest Sides of Politics, II* Jeffrey M. Bale,2017-10-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The second volume in this two volume collection focuses primarily on assorted religious extremists including apocalyptic millenarian cults Islamists and jihadist terrorist networks as well as CBRN chemical biological radiological and nuclear terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques A range of global case studies are included most of which focus on the lesser known activities of certain religious extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics **The Cartels** George W. Grayson Professor Emeritus,2013-11-26 An up to date examination of Mexico s version of the War on Drugs that exposes the evolution of major cartels and their corruption of politicians law enforcement agencies and the Army What can President Enrique Pe a Nieto do to curb the narcotics induced mayhem in Mexico and what would be the consequences to the United States if he fails This book analyzes Mexico s transition from a relatively peaceful kleptocracy controlled by the Tammany Hall style Institutional Revolutionary Party PRI 1929 2000 to a country plagued by rural and urban enclaves of grotesque violence The author examines the major drug cartels and their success in infiltrating American and Mexican businesses details the response from the Obama administration assesses the threat that the continuing bloodshed represents for the United States and emphasizes the constraints on America s ability to solve Mexico s crisis despite U S contributions of intelligence military equipment training and diplomatic support Hidden Power James Cockayne,2017-10-01 An exploration of a world in which states and mafias compete in a market for government and not only states but also some criminal groups make war

Cocaine Enrique Desmond Arias, Thomas Grisaffi, 2021-09-08 The contributors to Cocaine analyze the contemporary production transit and consumption of cocaine throughout Latin America and the illicit economy's entanglement with local communities

Security in Mexico Agnes Gereben Schaefer, Benjamin Bahney, Kevin Jack Riley, 2009 The backdrop of a deteriorating security situation in Mexico and change in administration in the United States demands a closer examination of potential priorities and policy options to guide future U S Mexico relations To help inform debate this study examined a set of policy options for the United States strategic partnership status quo and retrenchment along with potential policy priorities that hold promise for Mexico's security

The Drug War in Mexico David A. Shirk, 2011 The drug war in Mexico has caused some U S analysts to view Mexico as a failed or failing state While these fears are exaggerated the problems of widespread crime and violence government corruption and inadequate access to justice pose grave challenges for the Mexican state The Obama administration has therefore affirmed its commitment to assist Mexico through continued bilateral collaboration funding for judicial and security sector reform and building resilient communities David A Shirk analyzes the drug war in Mexico explores Mexico's capacities and limitations examines the factors that have undermined effective state performance assesses the prospects for U S support to strengthen critical state institutions and offers recommendations for reducing the potential of state failure He argues that the United States should help Mexico address its pressing crime and corruption problems by going beyond traditional programs to strengthen the country's judicial and security sector capacity and help it build stronger political institutions a more robust economy and a thriving civil society

Mexico June S Beittel, 2020-01-04 Mexican drug trafficking organizations DTOs pose the greatest crime threat to the United States and have the greatest drug trafficking influence according to the annual U S Drug Enforcement Administration's DEA's National Drug Threat Assessment These organizations work across the Western

Hemisphere and globally They are involved in extensive money laundering bribery gun trafficking and corruption and they cause Mexico s homicide rates to spike They produce and traffic illicit drugs into the United States including heroin methamphetamine marijuana and powerful synthetic opioids such as fentanyl and they traffic South American cocaine Over the past decade Congress has held numerous hearings addressing violence in Mexico U S counternarcotics assistance and border security issues Mexican DTO activities significantly affect the security of both the United States and Mexico As Mexico s DTOs expanded their control of the opioids market U S overdoses rose sharply to a record level in 2017 with more than half of the 72 000 overdose deaths 47 000 involving opioids Although preliminary 2018 data indicate a slight decline in overdose deaths many analysts believe trafficking continues to evolve toward opioids The major Mexican DTOs also referred to as transnational criminal organizations TCOs have continued to diversify into such crimes as human smuggling and oil theft while increasing their lucrative business in opioid supply According to the Mexican government s latest estimates illegally siphoned oil from Mexico s state owned oil company costs the government about 3 billion annually Mexico s DTOs have been in constant flux In 2006 four DTOs were dominant the Tijuana Arellano Felix organization AFO the Sinaloa Cartel the Ju rez Vicente Carrillo Fuentes Organization CFO and the Gulf Cartel Government operations to eliminate DTO leadership sparked organizational changes which increased instability among the groups and violence Over the next dozen years Mexico s large and comparatively more stable DTOs fragmented creating at first seven major groups and then nine which are briefly described in this report The DEA has identified those nine organizations as Sinaloa Los Zetas Tijuana AFO Ju rez CFO Beltr n Leyva Gulf La Familia Michoacana the Knights Templar and Cartel Jalisco New Generation CJNG In mid 2019 leader of the long dominant Sinaloa Cartel Joaquin El Chapo Guzm n was sentenced to life in a maximum security U S prison spurring further fracturing of a once hegemonic DTO By some accounts a direct effect of this fragmentation has been escalated levels of violence Mexico s intentional homicide rate reached new records in 2017 and 2018 In 2019 Mexico s national public security system reported more than 17 000 homicides between January and June setting a new record In the last months of 2019 several fragments of formerly cohesive cartels conducted flagrant acts of violence For some Members of Congress this situation has increased concern about a policy of returning Central American migrants to cities across the border in Mexico to await their U S asylum hearings in areas with some of Mexico s highest homicide rates Mexican President Andr s Manuel L pez Obrador elected in a landslide in July 2018 campaigned on fighting corruption and finding new ways to combat crime including the drug trade According to some analysts challenges for L pez Obrador since his inauguration include a persistently ad hoc approach to security the absence of strategic and tactical intelligence concerning an increasingly fragmented multipolar and opaque criminal market and endemic corruption of Mexico s judicial and law enforcement systems In December 2019 Genero Garcia Luna a former top security minister under the Felipe Calder n Administration 2006 2012 was arrested in the United States on charges he had taken enormous bribes from the Sinaloa Cartel
