La Mission De France:

The Vincentians: A General History of the Congregation of the Mission Luigi Mezzadri CM, Francesca Onnis, 2012-12-14

This second volume begins with the dawn of the eighteenth century and relates how the Congregation of the Mission founded by St Vincent de Paul worked to remain faithful to his vision while adapting itself to the demands of ecclesiastical and political life in France Italy Poland Spain and Portugal overseas missions in North Africa and the Mascarenes as well as the missions taken up after the suppression of the Jesuits in the Middle East and China Among other problems the Missioners found themselves in the middle of fights over Jansenism but tempered by the success of the canonization of Saint Vincent de Paul This is an important down to earth side of history not often told , The Vincentians: A General History of the Congregation of the Mission John E. Rybolt, THE SUBTITLE OF THIS SIXTH AND FINAL VOLUME of *The Vincentians* Internationalization and Aggiornamento 1919 1980 describes the growth and change of the Congregation of the Mission in the twentieth century Formerly European in focus the provinces of the Congregation gained their own voice Membership in mission lands such as China Brazil and Ethiopia surged as local vocations joined their European confreres The same is true of maturing provinces elsewhere St Vincent de Paul s congregation became internationalized in both outreach and membership The Vincentians in these recent decades also tasted the bitterness of persecution The Congregation was suppressed at various times in Europe Latin America Asia and Africa Its members often reacted by moving elsewhere thus furthering the internationalization of the Vincentian charism Under the Nazis and Communist regimes many suffered imprisonment torture and death The provinces of Central Europe Slovakia Hungary and Poland to say nothing of China were particularly hard hit Updating aggiornamento was the watchword toward the close of this period As society changed so did the Church and with it the Vincentians The process was difficult and painful but it moved the Congregation in directions originally laid down by the Founder Increasingly the members emphasized mutual cooperation with many Vincentian inspired lay organizations the Vincentian Family The inspiration shared among them all has been a further manifestation of the compelling insights of St Vincent de Paul La mission en France, des années 1930 aux années 1970 ,2009 Social Justice in Twentieth-Century Europe Martin Conway, Camilo Erlichman, 2024-02-28 Social justice has returned to the heart of political debate in present day Europe But what does it mean in different national histories and political regimes and how has this changed over time This book provides the first historical account of the evolution of notions of social justice across Europe since the late nineteenth century Written by an international team of leading historians the book analyses the often divergent ways in which political movements state institutions intellectual groups and social organisations have understood and sought to achieve social justice Conceived as an emphatically European analysis covering both the eastern and western halves of the continent *Social Justice in Twentieth Century Europe* demonstrates that no political movement ever held exclusive ownership of the meaning of social justice Conversely its definition has always been strongly contested between those who would define

it in terms of equality of conditions or of opportunity the security provided by state authority or the freedom of personal initiative the individual rights of a liberal order or the social solidarities of class nation confession or Volk Apologie de la mission de S.
