Manual of Accounting IFRS 2015 Supplement PwC, 2015-12-23 Written by PricewaterhouseCoopers PwC this 2015 supplement should be read in conjunction with the Manual of Accounting IFRS 2015 PACK ISBN ISBN 978 1 78043 811 5 which is the definitive guide to International Financial Reporting Standards IFRS for those reporting outside of the UK NOTE In North America this guide will be of relevance to Canada which has adopted IFRS accounting standards but not to the US which uses US Generally Accepted Accounting Principles GAAP The supplement provides complementary guidance on how to prepare financial statements in accordance with the IFRS and amendments to the IFRS issued by the International Accounting Standards Board IASB as of September 30 2015 Key updates included in the supplement are IFRS 9 classification and measurement IFRS 9 impairment IFRS 9 hedge accounting IFRS 15 revenue an appendix to the illustrative accounts for IFRS 9 financial instruments an appendix to the illustrative accounts for IFRS 15 revenue from contracts with customers a summary of minor changes to the existing chapters in the manual Subject Accounting Finance Tax Law **IFRS Manual of Accounting 2009** ,2008 International Financial Reporting Standards IFRSs are being increasingly used by companies throughout the world All entities listed in the EU have been required to issue financial statements under IFRS since 2005 and more and more other countries are making the change to IFRS including the US and Canada The Manual is packed full of clear practical guidance on how to prepare financial statements in accordance with IFRS It includes hundreds of practical worked examples and extracts from company reports as well as model IFRS financial statements that help to illustrate the explanations and show exactly how even the most complex calculations and disclosures should be made Cover *Manual of Accounting - IFRS 2015* ,2015 **Manual of Accounting - New UK GAAP** ,2013-01-01 Manual of Accounting New UK GAAP addresses the requirements of FRS 102 which is the new UK GAAP and will be adopted by all companies not wanting to move to IFRS and who are too large to implement the Financial Reporting Standard for Smaller Entities which in 2015 can be applied by companies with a turnover of 6 500 000 per year and a balance sheet of 3 260 000 per year **Principles of International Economic Law** Matthias Herdegen, 2016-10-06 Principles of International Economic Law provides a comprehensive overview of the central topics in international economic law with an emphasis on the interplay between the different economic and political interests on both the international and domestic levels Following recent tendencies the book sets the classic topics of international economic law like WTO law investment protection commercial law and monetary law in context with aspects of human rights environmental protection and the legitimate claims of developing countries The book draws a concise picture of the architecture of international economic law with all its complexities without getting lost in fragmented details Providing a perfect introductory text to the field of international economic law the book thoroughly analyses legal developments within their wider political economic or social context Topics covered range from codes of conduct for multinational enterprises to the human rights implications of the exploitation of natural resources The book

demonstrates the economic foundations and economic implications of legal frameworks It puts into profile the often complex relationship between on the one hand international standards on liberalization and economic rationality and on the other state sovereignty and national preferences It describes the new forms of economic cooperation which have developed in recent decades such as the growing number of transnational companies in the private sector and forms of cooperation between states such as the G8 or G20 This fully updated second edition covers new aspects and developments including the growing importance of corporate social responsibility mega regional agreements like CETA TTIP and TPP trade and investment related aspects of human rights law

Value Based Performance Measures Nils Eikelmann,2020-08-19 Nils Eikelmann describes the framework conditions for the application of value based performance measures and critically analyses selected ones The disclosure of value based performance indicators is important in order to demonstrate the successful management of a company and to satisfy the increasing information needs of investors However companies adapt the developed theoretical concepts of value based performance measures to their practical needs and thus investors are no longer able to compare the performance of companies In addition there is a variety of different metrics from which companies can choose The empirical study aims to reduce existing research gaps and is divided into three parts the analysis of annual reports of selected European companies the calculation of a standardised value based performance measure and a value relevance study in the form of an association study

Tax Reporting on Effective Tax Rate (IAS 12) Eva

Frehner, 2024-09-30 In recent years tax reporting on the effective tax rate ETR of multinational enterprises has been widely debated Annual reports presenting low ETRs created the impression that enterprises did not pay enough taxes compared to individuals or small and medium sized businesses Such financial reporting disclosures led to ongoing discussions about the suitability of the existing international tax system and gave rise to several global tax reforms initiated by the OECD This study analyses the level of compliance with internationally applied best practice for tax reporting on the ETR under the IAS 12 in annual reports based on content analysis scores It studies the correlations between the extent of compliance with tax reporting best practice and ETR values market capitalisation level of internationalisation industry and auditor The author combines the empirical research with a normative approach and thus takes an inside out perspective The normative analysis interprets IAS 12 paragraphs in light of Swiss national and international tax law Furthermore the book discusses the impact of the OECD Global Minimum Tax Reform on tax disclosures and argues that the international tax reform will further increase the complexity of tax reporting

The Routledge Companion to Accounting in Emerging Economies Pauline Weetman, Ioannis Tsalavoutas, 2019-07-23 As researchers reveal the increasing complexities of accounting practices in emerging economies there is a growing need for an overview of the topic The Routledge Companion to Accounting in Emerging Economies is a prestige work offering an introduction to current scholarship in the field with indications of future directions for enhancing the contribution to knowledge With regional coverage of key emerging economies such as Brazil Russia India and China the team of contributors analyse issues in accounting in detail while shedding light on the role of the accounting profession in providing accountability and governance across the developing world Each chapter is headed up by an internationally recognised author who is a leading expert in designing and implementing research approaches to the topic Within the team of authors some are experienced senior contributors while others are developing new avenues of exploration on the basis of high quality doctoral study This range of author experience has been deliberately chosen to allow the reader to envisage working in such a team while growing in confidence This unique reference offers a comprehensive guide to advanced students academics practitioners and policy makers on the current state of and potential developments in accounting in developing economies globally This work will be of particular interest to students and researchers looking to identify topics in emerging economies academics and practitioners seeking convenient access to an unfamiliar area and established researchers seeking a single repository on the current state of knowledge current debates and relevant literature
