Manual Misional:

Una Nueva Estrategia De Misión Para La Iglesia Local Daniel Beteta, 2013-04-08 La comunidad latina se encuentra atrapada en los círculos concéntricos de problemas sociales. Esto incluye la desintegración familiar, la falta de educación, el tráfico de drogas, el alcoholismo, la falta de información sobre programas gratuitos comunitarios y mucho más. Por temor, ignorancia y falta de documentos legales no buscan ayuda en los programas gratuitos establecidos, limitando sus posibilidades y abandonándose a sus limitaciones con condiciones de vida en un nivel extremo de pobreza y necesidad. El propósito de este libro es movilizar misionalmente a la iglesia local por medio de desarrollar un centro de rescate a la familia. La iglesia local está buscando medios a través de los cuales pueda llegar a la comunidad con un mensaje de esperanza. El volver a esas raíces espirituales llevar a la iglesia local a la misión y vocación cristiana de realizar su trabajo misional preparando y capacitando a la congregación para alcanzar a su comunidad. Un libro que cambiara la historia de su iglesia local para siempre con lo podrá tener las herramientas para desarrollar una misión real y efectiva que tendrá una presencia significativa en su comunidad además le ayudara a desarrollar y capacitar su liderazgo. *Fe y Desplazamiento* Christopher M. Hays, Milton Acosta, 2022-12-20 Durante décadas la nación de Colombia ha sufrido el flagelo del desplazamiento forzado debido al conflicto armado lo cual ha dejado más de ocho millones sin hogar y sin tierra. Para responder ante esta crisis los teólogos de la Fundación Universitaria Seminario Bíblico de Colombia crearon una metodología a la investigación acci misional a fin de entender el fenómeno del desplazamiento forzado, movilizar las iglesias del país y así fomentar la recuperación holística de las víctimas. Se involucraron docenas de estudiosos y profesionales de cuatro continentes además de coinvestigadores seleccionados de las mismas comunidades desplazadas. La investigación abarca los campos de la teología, la economía, la política, la pedagogía, la sociología y naturalmente la teología. El fruto de esta colaboración innovadora fue una intervención llamada Fe y Desplazamiento la cual se ha implementado en docenas de comunidades a lo largo del país. Este libro recopila sus hallazgos y aprendizajes describiendo el potencial de la metodología de investigación acci misional y demostrando el poder de la investigación teológica interdisciplinaria puesta al servicio de la misión de la iglesia local. *El reconocimiento de la humanidad. España, Portugal y América Latina en la génesis de la modernidad* Fernando Álvarez-Uría, 2014-11-24 La tesis sostenida en *El reconocimiento de la humanidad* es que el moderno orden secular se sustentó en Occidente en la categoría de género humano, una categoría de pensamiento extraña al mundo protestante de los elegidos. Tras el descubrimiento del Nuevo Mundo esta categoría se expandió tanto en España como en América Latina impulsada por la llamada Escuela de Salamanca. Como explicar que esa primera modernidad del sur que fue decisiva en el proceso de formación de un pensamiento racional y científico haya sido mayoritariamente marginada, ignorada o infravalorada por los historiadores. Como explicar que los países hispanos en donde presuntamente se produjo ese primer avance de secularización y de democratización se hayan incorporado tardamente al mundo moderno hasta el punto de que la Iglesia Católica sigue aún en la actualidad marcando fuertemente la agenda de los

gobiernos En el libro se abordan estas y otras cuestiones y se argumenta que la formación de la idea de humanidad en íntima relación con las navegaciones y descubrimientos abrieron el camino a la constitución de un nuevo espacio mental a un nuevo sistema de pensamiento que se articuló con específicas condiciones sociales y políticas La historia intelectual nicamente resulta inteligible a la luz de la historia social El reconocimiento de la humanidad abrió la caja de Pandora del problema de la legitimidad del poder Si todos los seres humanos compartimos una naturaleza común por qué unos mandan y otros obedecen por qué unos son ricos y otros pobres de dónde dimana la propiedad la sociedad y el Estado Las bases para un nuevo pensamiento político al margen del orden teocrático propio de la cristiandad estaban puestas Frente a las ideas recibidas se avanza en esta obra una nueva línea explicativa de la génesis de la modernidad que centrada especialmente en el siglo XVI atraviesa España Portugal y América Latina *Autoridad, reglamentos y eclesiologías en contraste* Marcelo Daniel Coronel, 2025-04-22 Esta obra está basada en la tesis de Maestría en Teología del autor Se ofrece en el marco del desarrollo eclesiológico adventista en el que resuenan voces que comparan y equiparan los sistemas reglamentarios católico y adventista Los lectores podrán observar un sólido análisis de las similitudes y las diferencias de ambas eclesiologías y sistemas reglamentarios en torno a su concepto de autoridad La investigación consiste en un estudio comparativo entre las posiciones católica romana y adventista del Sptimo día sobre la autoridad de la reglamentación eclesiástica a la luz de las implicaciones eclesiológicas de su documentación normativa El concepto de eclesiología corporativa emerge del desarrollo eclesiológico adventista Se presentan fundamentos históricos documentales y eclesiológicos extraídos de los documentos normativos formales de ambas Iglesias y los contrastes fundamentales de las eclesiologías de comunión jerárquica del catolicismo y la de comunión corporativa en el adventismo La obra presenta una descripción bibliográfica y documental erudita del desarrollo del concepto de autoridad de la reglamentación eclesiástica en el catolicismo que se enfoca en el estudio de los documentos elaborados en los contextos conciliares del Concilio Vaticano I y el Concilio Vaticano II en la evolución del derecho canónico y el Codex Iuris Canonici y en la documentación normativa adventista a través del estudio del desarrollo de su normativa formal del General Conference Working Policy y del Manual de la Iglesia Adventista del Sptimo Día **La misión, futuro de la Iglesia** Anastasio Gil García, Fabrizio Meroni, 2019-10-09 Para una reforma radical de la vida y la actividad de la Iglesia Hasta ahora cuando se hablaba de la misión las reflexiones se centraban en aspectos relacionados con la animación y la cooperación misionera Pero ahora falta que teólogos y misionólogos compartieran opiniones sobre temas que vertebran la fe y el anuncio del Evangelio En 2017 el Centro Internacional de Animación Misionera CIAM y la Obra Pontificia Unión Misional de las Obras Misionales Pontificias OMP organizaron en Roma el primer Seminario en lengua española sobre el tema Laicado y misión En 2018 la cita se ha repetido centrándose en la misión a las gentes y eso es lo que recoge esta obra la misión es el origen el fin y la vida de la Iglesia La misión de Jesús puesta en el corazón de la Iglesia se convierte en el criterio para evaluar la eficacia de estructuras pastorales los resultados de su trabajo apostólico la fecundidad de sus ministros y la alegría que somos capaces

transversales que requieren para su abordaje de diferentes aproximaciones metodológicas y una mirada amplia más allá de fronteras geopolíticas. El presente volumen que reúne una selección de textos en castellano portugués inglés y francés de investigadores de América Latina Europa y Estados Unidos representa una muestra del potencial de los estudios migratorios americanos dentro del panorama musicológico contemporáneo. Aspiramos con ello a que el lector no solo se interese por la narrativa y el plano discursivo de los textos individuales sino que despierte también su interés por escuchar lo que cada una de las secciones sugiere desde las prácticas musicales de la América colonial hasta las músicas populares actuales pasando por la canción el teatro musical y las vanguardias transnacionales. Estas líneas de trabajo han fundamentado la creación y trayectoria de la Comisión de Trabajo Musical y Estudios Americanos MUSAM de la Sociedad Española de Musicología SEdeM y dan continuidad a los esfuerzos realizados desde las musicologías lusoespañola y latinoamericana por avanzar en el estudio conjunto de las culturas musicales de nuestro entorno. The continuous migratory flows in from and to the American continent constitute one of the phenomena that has had the greatest impact on the musical practices of the various countries of the Americas. Music with its multiple representations and as a protagonist in transoceanic migrations travelled to different contexts and established relationships around transverse axes; its research requires several methodological approaches and a broad view beyond geopolitical borders. The present volume which brings together a selection of texts in Spanish Portuguese English and French by researchers from Latin America Europe and the United States represents a sample of the potential of Ibero Latin American migratory studies within the contemporary musicological scene. We hope that the reader will be interested both in the narrative and discursive levels of the individual chapters and in the listening to of what each of the thematically arranged larger sections suggests from the musical practices of colonial America to current popular music song musical theater and the transnational avant garde. These research lines are the basis for the creation and trajectory of the Study Group Music and American Studies MUSAM of the Spanish Society for Musicology SEdeM and they give continuity to the efforts made by Portuguese Spanish and Latin American musicologies to advance in the joint study of the musical cultures of our environments.
