Manual Of Vertebrate Dissection Homberger:

Vertebrate Dissection Warren Franklin Walker,1954 Vertebrate Dissection Warren Franklin Walker,Dominique G. Homberger,1992 This classic lab manual offers instructions for the dissection of representative vertebrates for any vertebrate dissection course **The Biology of the Avian Respiratory System** John N. Maina,2017-04-28 The central focus of this book is the avian respiratory system The authors explain why the respiratory system of modern birds is built the way it is and works the way that it does Birds have been and continue to attract particular interest to biologists The more birds are studied the more it is appreciated that the existence of human kind on earth very much depends directly and indirectly on the existence of birds Regarding the avian respiratory system published works are scattered in biological journals of fields like physiology behavior anatomy morphology and ecology while others appear in as far afield as paleontology and geology The contributors to this book are world renowned experts in their various fields of study Special attention is given to the evolution the structure the function and the development of the lung air sac system Readers will not only discover the origin of birds but will also learn how the respiratory system of theropod dinosaurs worked and may have transformed into the avian one In addition the work explores such aspects as swallowing mechanism in birds the adaptations that have evolved for flight at extreme altitude and gas exchange in eggs It is a highly informative and carefully presented work that provides cutting edge scientific insights for readers with an interest in the respiratory biology and the evolution of birds Anatomy and Dissection of the Fetal Pig Warren F. Walker,Dominique G. Homberger,1997-12-15 Careful step by step explanations helpful diagrams and illustrations and detailed discussions of the structure and function of each system make this an optimal laboratory resource Custom Publishing Create a customized version of this text or mix and match it with similar titles with W H Freeman Custom Publishing *The Dissection of Vertebrates* Gerardo De Iuliis,Dino Pulerà,2006-08-03 The Dissection of Vertebrates covers several vertebrates commonly used in providing a transitional sequence in morphology With illustrations on seven vertebrates lamprey shark perch mudpuppy frog cat pigeon this is the first book of its kind to include high quality digitally rendered illustrations This book received the Award of Excellence in an Illustrated Medical Book from the Association of Medical Illustrators It is organized by individual organism to facilitate classroom presentation This illustrated full color primary dissection manual is ideal for use by students or practitioners working with vertebrate anatomy This book is also recommended for researchers in vertebrate and functional morphology and comparative anatomy The result of this exceptional work offers the most comprehensive treatment than has ever before been available Received the Award of Excellence in an Illustrated Medical Book from the Association of Medical Illustrators Expertly rendered award winning illustrations accompany the detailed clear dissection direction Organized by individual organism to facilitate classroom presentation Offers coverage of a wide range of vertebrates Full color strong pedagogical aids in a convenient lay flat presentation **Anatomy and Dissection of the Rat** Warren F. Walker,Dominique G.

Homberger,1997-12-15 The careful explanation of each step of the dissection helpful diagrams and illustrations and detailed discussion of the structure and function of each system in Anatomy and Dissection of the Rat Third Edition optimize the educational value of the dissection process These laboratory exercises are available as a bound set for the first time ever They re still offered separately as well This popular series which includes Anatomy and Dissection of the Frog and Anatomy and Dissection of the Fetal Pig is geared toward introductory courses in biology comparative anatomy and zoology
