La Niebla Y La Doncella:

A Comparative History of Literatures in the Iberian Peninsula Fernando Cabo Aseguinolaza, Anxo Abuín Gonzalez, César Domínguez, 2010-05-26 A Comparative History of Literatures in the Iberian Peninsula is the second comparative history of a new subseries with a regional focus published by the Coordinating Committee of the International Comparative Literature Association As its predecessor for East Central Europe this two volume history distances itself from traditional histories built around periods and movements and explores from a comparative viewpoint a space considered to be a powerful symbol of inter literary relations Both the geographical pertinence and its symbolic condition are obviously discussed when not even contested Written by an international team of researchers who are specialists in the field this history is the first attempt at applying a comparative approach to the plurilingual and multicultural literatures in the Iberian Peninsula The aim of comprehensiveness is abandoned in favor of a diverse and extensive array of key issues for a comparative agenda A Comparative History of Literatures in the Iberian Peninsula undermines the primacy claimed for national and linguistic boundaries and provides a geo cultural account of literary inter systems which cannot otherwise be explained *Hispanic and Luso-Brazilian Detective Fiction* Renée W. Craig-Odders, Jacky Collins, Glen S. Close, 2006-03-20 The image of the hard boiled private investigator from gritty pulp fiction a terse and mysterious figure has become increasingly universal as the detective novel crosses more and more borders A booming genre in Latin America Spain and other Hispanic cultures detective fiction has transcended the limitations of its influences Hispanic authors relatively new to the genre have published novels and series popular with the public while a number of well known writers have adapted the genre to reflect the concurrent globalization of modern society and the crimes within it This volume presents a compilation of 11 critical essays on negro contemporary detective fiction in the Hispanic and Luso Brazilian canon Surveying the last twenty years the text analyzes emerging trends in this rapidly evolving genre as well as the mutations and innovations taking place within the style The first section of the book is dedicated to the detective fiction of Spain and Portugal The second section surveys works from Latin America and the United States where topics touch on universal subjects like crime identity and feminism **Iberian Crime Fiction** Nancy Vosburg, 2011-02-15 Iberian Crime Fiction is the first volume in English to provide an extensive overview of crime fiction in Spain and Portugal While the origins of peninsular crime fiction are traced in Nancy Vosburg s introductory chapter to the volume the essays focus on specific topics that provide readers with a sense of the development of the genre in the second half of the 20th century and current trends in the 21st century Patty Hart whose *The Spanish Sleuth* introduced English speaking readers to early crime fiction in Spain provides a summary account of the development of the crime novel from the 1950s through the 1980s highlighting the major authors and works that set the stage for the boom that followed the establishment of the novela negra tradition in the 1970s This tradition spearheaded by Manuel Vazquez Montalban is the subject of a separate essay by Maria Balibrea that analyzes the socio political conditions

that gave rise to the novela negra Nancy Vosburg studies the emergence of a feminine feminist crime novel in the 1980s and 1990s and the subversion of masculine codes associated with crime fiction while Stewart King analyzes crime fiction from the Catalan Basque and Galician autonomous regions of Spain focusing on the political realities that resulted in a different use of the genre as a vehicle of regional nationalism David Knutson traces contemporary trends in Spanish crime fiction beginning in the 1990s and up to the present Paul Castro's essay documents the emergence of crime fiction in Portugal and the major works authors through to the present

Violence and Victimhood in Hispanic Crime Fiction Shalisa M. Collins, Renée W. Craig-Odders, Marcella L. Paul, 2018-07-23 At the heart of crime fiction is an investigation into an act of violence Studies of the genre have generally centered on the relationship between the criminal and the investigator Focusing on contemporary crime fiction from the Spanish speaking world this collection of new essays explores the role of the victim Contributors discuss how the definition of victim the nature of the crime the identification of the body and its treatment by authorities reflect shifting social landscapes changing demographics economic crises and political corruption and instability

Word order variation in Italian and Spanish why-interrogatives Svenja Krieger, 2024-12-16 Questions that are introduced by the wh element why are special For instance in Italian and Spanish they allow the subject to occur in preverbal position in contrast to other wh interrogatives The overall goal of this book is to investigate the syntactic and discourse particularities of why interrogatives in Italian and Spanish More specifically based on a parallel corpus study and several experimental studies the factors that affect subject positioning in why interrogatives are determined In Italian focus plays a determining role while subject type and the heaviness of the subject affect its position in Spanish After discussing previous accounts that address the differences between the two languages an alternative approach is presented that builds on differences in the checking of the extended projection principle Additionally the special syntactic position of why is further supported by investigating a so far unnoticed intervening element in the context of why interrogatives namely vocatives Finally subject positioning in Italian why interrogatives is examined in heritage bilingualism in order to contribute to the debate on the general vulnerability of the syntax discourse interface

Serial Authorship and New Directions in Spanish Female Detective Fiction Inmaculada Pertusa-Seva, Melissa A. Stewart, 2024-10-11 This collection of essays expands our understanding and appreciation of the body of work by established female authors of Spanish crime fiction series by analyzing recent narratives that in some cases contribute in novel ways to the ongoing reformulation of the genre and in others provide readers with a temporary hiatus from it The studies offer students and scholars of crime fiction new perspectives on the works of well known authors as well as analyses of their often less known narratives that may not fit within the genre Readers will engage in an exploration of gender dynamics and sexuality a variety of psychological and social issues and the consequences of the indiscriminate consumption of media and abuse of the environment and animals in narratives that exhibit the versatility of these outstanding authors The volume will appeal to a wide audience of literary and cultural studies critics as well as crime

fiction enthusiasts and newcomers to this popular genre *Especial Sant Jordi 2014* Pandora Magazine, Mariona Rivas Vives, María José Díaz-Maroto García, Juan Pablo Pérez-Padial, Beatriz Ibán Diezhandino, Aitziber López Marín, Lydia Alfaro, María Jesús Diezhandino, Jose Antonio García Santos, Iris T.
