The Museum Educator's Manual Anna Johnson,Kimberly A. Huber,Nancy Cutler,Melissa Bingmann,Tim Grove,2017-08-09 The Museum Educator s Manual addresses the role museum educators play in today s museums from an experience based perspective Seasoned museum educators author each chapter emphasizing key programs along with case studies that provide successful examples and demonstrate a practical foundation for the daily operations of a museum education department no matter how small The book covers volunteer and docent management and training exhibit development program and event design and implementation working with families seniors and teens collaborating with schools and other institutions and funding This second edition interweaves technology into every aspect of the manual and includes two entirely new chapters one on Museums An Educational Resource for Schools and another on Active Learning in Museums With invaluable checklists schedules organizational charts program examples and other how to documents included throughout The Museum Educator s Manual is a must have book for any museum educator

The Manual of Museum Learning Brad King,Barry Lord,2015-12-15 Museum learning is a vital component of the lifelong learning process In this new edition of The Manual of Museum Learning leading museum education professionals offer practical advice for creating successful learning experiences in museums and related institutions such as galleries zoos and botanic gardens that can attract and intrigue diverse audiences The original Manual of Museum Learning was published in 2007 The editors have totally rethought this new edition This second edition focuses on the ways museum staffs and the departments for which they work can facilitate the experience in a way that capitalizes on their individual institutional strengths The goal of this new edition is to provide museums with guidance in developing a strategic approach to their learning programs There is a close connection between institution wide strategic planning where an institution decides what course and direction it will take for a five to seven year period and its approach to museum learning One size does not fit all and what each museum is or aspires to be will affect its individual approach Thus there are many routes for museums to take many alternative ways for them to play this role No one museum can be all things to all prospective learners they will be better suited to some approaches than to others This new edition identifies these approaches and enables museums to find the paths for which they are individually best suited to help them identify their own unique approaches to facilitating museum learning Each one s mission and vision its relationships with institutional and public stakeholders local cultural and market factors its individual collection and programmatic strengths its financial position all of these things matter This

second edition aims to help each museum find the right approach to learning for its unique situation by showing them the range of museum personalities in terms of their being learning institutions what constitutes each type and what the implications are of choosing one or another approach for a particular museum A major theme of the 2nd edition of The Manual of Museum Learning is museum as connector the ways in which museums are facilitating self directed learning by connecting people with resources Not all will connect audiences with learning vehicles in the same way If museum learning is affective learning then it is the role of the museum to connect its visitors program participants and others who benefit from its knowledge to the learning resources that best suit the institution s strengths and matches them to the learning needs of the museum s audiences By connecting users to the resources they are most interested in or which best suit each individual s particular learning styles museums are at their best when they empower individuals to design their own learning experience in ways that resonate best with each individual

Managing People and Projects in Museums Martha Morris, 2017-07-17 In *Managing People and Projects in Museums* readers will discover a practical guide to managing projects and important lessons about the critical role of individuals in the museum workplace. The chapters are illustrated with the experiences and observations of the author and other museum professionals as well as literature from the field. Specifically, the book covers organizational behavior, theory, strategic planning and staffing, and human resource development, contemporary leadership challenges, and ethical decision making. The book provides details on selecting projects and creating policies that support sound decision systems. Additional topics covered include the steps in planning a project, including chartering, establishing timelines, and assigning roles, and developing budgets. Several management issues that are common pitfalls in museum projects are highlighted, including means of resolving conflict. The text examines the formation of high performing teams with an emphasis on understanding individual differences and communications and the important role of the project manager. The final chapters of the book include tips on evaluation of project success and a set of nine actual case studies from a variety of types and sizes of museums. The Appendix includes helpful project decision templates, charters, and other management tools used by museums today, along with hypothetical exercises.

The International Handbooks of Museum Studies, 4 Volume Set Sharon Macdonald, Helen Rees Leahy, 2015-07-20 *The International Handbooks of Museum Studies* is a multi-volume reference work that represents a state-of-the-art survey of the burgeoning field of museum studies. The Manual of Museum Management Gail Dexter Lord, Barry Lord, 2009-04-16 *The Manual of Museum Management* presents a comprehensive and detailed analysis of

the principles of museum organization the ways in which people work together to accomplish museum objectives and the ways in which museums large and small can function most effectively This new edition offers updated information on management practices to satisfy the current needs of museum professionals All new contemporary case studies provided by practitioners from museums and galleries around the world bring the principles to life with first hand accounts of challenges and achievements in the operation of museums today *Artists, Patrons, and the Public* Barry Lord, Gail Dexter

Lord, 2010-05-16 In this book Barry and Gail Lord focus their two lifetimes of international experience working in the cultural sector on the challenging questions of why and how culture changes They situate their discourse on aesthetic culture within a broad and inclusive definition of culture in relation to material physical and socio political cultures Here at last is a dynamic understanding of the work of art in all aspects media and disciplines illuminating both the primary role of the artist in initiating cultural change and the crucial role of patronage in sustaining the artist Drawing on their worldwide experience they demonstrate the interdependence of artistic production patronage and audience and the remarkable transformations that we have witnessed through the millennia of the history of the arts from our ancient past to the knowledge economy of the twenty first century Questions of cultural identity migration and our growing environmental consciousness are just a few examples of the contexts in which the Lords show how and why our cultural values are formed and transformed This book is intended for artists students and teachers of art history museum studies cultural studies and philosophy and for cultural workers in all media and disciplines It is above all intended for those who think of themselves first as audience because we are all participants in cultural change **Art Book News Annual, volume 4: 2008**

Art Book News Annual, volume 4: 2008, **Manual of Digital Museum Planning** Ali Hossaini, Ngaire Blankenberg, 2017-03-27 The Manual of Digital Museum Planning is a comprehensive guide to digital planning development and operations for museum professionals and students of museums studies and arts administration In the tradition of Lord Cultural Resource s renowned manuals this book gives practical advice on how digital can enhance and improve all aspects of the museum With chapters written by experienced professionals working at leading institutions such as the British Museum the Metropolitan Museum of Art the Indianapolis Museum of Art Bristol Culture the Canadian Museum for Human Rights and others The Manual of Digital Museum Planning is an easy to understand step by step guide for anyone planning a new museum a museum expansion or a new project in the Digital Age Part 1 explains how digital technologies are transforming museums and their value proposition Part 2 explores how adopting a user centric omnichannel approach creates new relationships between museums and communities Part 3 offers a guide to integrating digital into the workflow of museums from data analytics to user experience design to project management Part 4 identifies the business models infrastructure and skills and competencies for the digital museum Each chapter culminates in summary takeaways for easy recall and key words are defined throughout A glossary and reference list are also included as an accessible resources for readers *Doing Museology Differently* Duncan

Grewcock,2013-09-05 One might believe that museum studies is a stable field of academic inquiry based on a set of familiar institutional forms and functions But as institutions museums have never been stable or singular and neither has the discipline of museum studies Museum studies as a field of academic inquiry has received little critical attention One result of this neglect has arguably been a lack of invention in museum studies another is the distancing of academic museum studies from museum practice Doing Museology Differently charts a different course A critical creative reflection on academic practice the book takes the form of a narrative account of museological fieldwork A research story unfolds challenging academic conventions at the level of its own presentation the book combines critical museum visiting with an autobiographical voice The identification of a previously underexplored interdisciplinary space leads the author to experiment with museum studies using contemporary developments in the theory and practice of human geography The new approaches to museological research and representation that emerge from this unique inquiry challenge assumed institutional and intellectual boundaries and act as a call to further creative experimentation
