Holy Land Showdown A Conflict Of Vision:

Holy Land Showdown K. D. Mehlhoff, 2003 Four thousand years ago God made an oath to Abraham involving land in which he and his descendants were to possess and occupy That very same land is the cause of the modern controversy between Israel and the Arabs In fact the very heart of the land promised to Abraham is perceived by the world as being illegally occupied by Abraham s modern descendants the Jewish nation of Israel The question is Is God s promise to Abraham still valid today If so then the world is on a collision course with God over the status of this land If not then valid questions are raised regarding the integrity of Holy Scripture because God referred to His oath to Abraham as an everlasting covenant There is no issue today that has greater implication concerning our future The world faces real danger not from the threat of terrorism or from the weapons that terrorists may employ but from miscalculating God s sovereign determination to keep His long standing oath to Abraham

The Rhetoric of Power in Late Antiquity Elizabeth DePalma Digeser, Robert M. Frakes, Justin Stephens, 2018-10-18 Late Antiquity the period of transition from the crisis of Roman Empire in the third century to the Middle Ages has traditionally been considered only in terms of the decline from classical standards Recent classical scholarship strives to consider this period on its own terms Taking the reign of Constantine the Great as its starting point this book examines the unique intersection of rhetoric religion and politics in Late Antiquity Expert scholars come together to examine ancient rhetorical texts to explore the ways in which late antique authors drew upon classical traditions presenting Roman and post Roman religious and political institutions in order to establish a desired image of a new era This book provides new insights into how the post Roman Germanic West Byzantine East and Muslim South appropriated and transformed the political intellectual and cultural legacy inherited from

the late Roman Empire and its borderlands

Political Conflict in Pakistan Mohammad Waseem, 2022-04-01 This book is a major reinterpretation of politics in Pakistan. Its focus is conflict among groups, communities, classes, ideologies, and institutions which has shaped the country's political dynamics. Mohammad Waseem critically examines the theory surrounding the millennium long conflict between Hindus and Muslims as separate nations who practiced mingled faiths and the Hindu Muslim and Sikh renaissances that created a twentieth century clash of communities and led to partition. Political Conflict in Pakistan addresses multiple clashes between the high culture as a mission to transform society and the low culture of the land and the people between those committed to the establishment's institutional constitutional framework and those seeking to dismantle the colonial state between the corrupt and those seeking to hold them to account between the political class and the middle class and between civil and military power. The author exposes how the ruling elite centralised power through the militarisation and judicialization of politics rendering the federalist arrangement an empty shell and thus grossly alienating the provinces. He sets all this within the contexts of education and media as breeders of conflict, the difficulties of establishing an anti terrorist regime and the state's pragmatic attempts at conflict resolution by seeking to keep the outsiders inside. This is a wide ranging account of a country of contestations. *Zondervan King James Version Commentary* Edward E. Hindson, 2010 Furnishing information no one volume commentary can provide without the clutter or expense of a multi volume set this two volume commentary expands on the critically acclaimed study notes of the Zondervan KJV Study Bible. Verse by verse expositions unlock the meaning of the King James Bible.

The New Crusades, the New Holy Land David T. Morgan, 1996 Examines the conflict between modern day Southern Baptists and liberal Southern Baptists over control of the Southern Baptist Convention. David Morgan captures the essence of the conflict between some modern day Southern Baptists who saw themselves as crusaders for truth as they sought to redeem a new holy land the Southern Baptist Convention from the control of other Southern Baptists they viewed as liberals. To the so called liberals the crusaders were fundamentalists on a mission not to reclaim the SBC in the name of theological truth but to gain control and redirect its activities according to their narrow political, social and theological perspectives. The New Crusades provides a comprehensive history of the conflict taking the reader through the bitter and divisive struggles of the late 1980s that culminated in the 1991 emergence of a moderate faction within the SBC. The fundamentalists had won.

The Crusades in the Modern World Mike Horswell, Akil N Awan, 2019-06-25 Engaging the Crusades is a series of volumes which offer windows into a newly emerging field of historical study, the memory and legacy of the crusades. Together these volumes examine the reasons behind the enduring resonance of the crusades and present the memory of crusading in the modern period as a productive, exciting and much needed area of investigation. The Crusades in the Modern World evaluates a broad range of contemporary uses of the crusades and crusading to answer key questions about crusading today and how the crusades are understood. Each chapter demonstrates how perceptions of the crusades are deployed in causes and conflicts.

which mark the present exploring the ways in which those perceptions are constructed and received Throughout the book there is a focus on the use of crusading rhetoric and imagery to frame and justify violence including crusading discourses employed by both Islamic fundamentalists and far right terrorists and the related deployment of Reconquista rhetoric by populist movements in Europe The use of the crusades for building national identity is also a recurring theme while chapters on academic engagement with the crusades and on the ways in which Wikipedia articles on the crusades are created and contested highlight the ongoing production of knowledge about crusading The Crusades in the Modern World is ideal for scholars of the crusades as well as for military historians and historians of memory *Engaging Society* John J. Straight to the Heart series Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 *Russian-Muslim Confrontation in the Caucasus* Gary Hamburg,Thomas Sanders,Ernest Tucker,2004-08-02 This book presents two extraordinary texts The Shining of Swords by Al Qarakhi and a new translation for a contemporary readership of Leo Tolstoy s Hadji Murat illuminating the mountain war between the Muslim peoples of the Caucasus and the imperial Russian army from 1830 to 1859 The authors offer a complete commentary on the various intellectual and religious contexts that shaped the two texts and explain the historical significance of the Russian Muslim confrontation It is shown that the mountain war was a clash of two cultures two religious outlooks and two different worlds The book provides an important background for the ongoing contest between Russia and indigenous people for control of the Caucasus This Is Not An Assault David T. Hardy with Rex Kimball,2001-05-29 A new book by former federal attorney David Hardy further batters the government s Waco fairy tale This Is Not An Assault provides fascinating inside details on how private investigators squeezed out damning information on Waco how federal judge Walter Smith stifled lawyers at the trial last year to prevent jurors from learning of over a hundred items of evidence embarrassing to or potentially incriminating the federal government and how Republican congressmen such as Dan Burton and aides cowered and effectively aided the Clinton administration cover up Hardy s skill in hammering federal agencies with Freedom of Information Act requests was a decisive factor in making Waco a hot political potato in 1999 James Bovard The American Spectator Online April 2001 In February 1993 a gun battle erupted outside Waco Texas as federal agents attempted to search the communal residence of a religion known as the Branch Davidians led by a David Koresh The battle and the following siege was the greatest law enforcement debacle in American history The taking of a wooden building largely filled with women and children cost the lives of four agents and nearly ninety civilians For years the Waco issue seemed dead as dead as the people who died there Then in 1999 the Waco issue exploded with proof that the Federal agencies had lied to their own leadership to Congress and to the courts The Attorney General herself proclaimed that she had been deceived U S Marshals searched FBI headquarters in an unprecedented move uncovering videotapes that supposedly did not exist An Assistant U S Attorney was indicted The turnaround was not brought about by political institutions media or any other traditional powerbase It was caused by three individuals an insurance salesman turned documentary maker an attorney practicing solo and an eccentric spook with sources in the intelligence community This Is Not An Assault explores this remarkable turnabout It is authored by someone who saw it from the inside a former government attorney whose lawsuit forced government agencies to divulge the incriminating documents and tapes and who debated and cornered FBI s spokesman on Nightline the night before Attorney General appointed a Special Counsel The evidence was startling We now know from the ATF s and FBI s own files that David Koresh could easily have been arrested without bloodshed Nine days before the raid and gun battle he went shooting with two ATF undercover agents He was unarmed until one of the agents loaned him a pistol The ATF daily report discussing the event is reprinted in the book The

opportunity for a peaceful and bloodless arrest was passed over precisely because the agency needed a spectacular raid to divert attention from internal scandals The agency organized a visually impressive paramilitary raid as a manner of stage production The raid went in in broad daylight many agents did not bother to bring spare ammunition the snipers donned elaborate camouflage but were dropped off in daylight by a white Bronco Immediately after the raid efforts were made to destroy all the evidence that might indicate who had begun the battle The agency explained that every one of the three or four videocameras facing the front of the building had malfunctioned and the only still camera was according to an ATF affidavit stolen from a table in room full of Federal agents Using tapes of ATF radio traffic obtained only after a year s court battle and tapes of 911 calls from the Davidians we can reconstruct the entire fight from both sides From the first minute of the gunfight Davidians were Daniel: A Commentary Old Testament New European Christadelphian Commentary Duncan Heaster,2017-07-17 Duncan Heaster expounds the prophecy of Daniel as a verse by verse commentary from a Christadelphian perspective *Roosevelt & Hitler* Robert Edwin Herzstein,1989 This controversial review of history challenges accepted notions of FDR s behavior on the eve of World War II by depicting him not as a blind follower reluctant to act but as the most cunning anti Nazi statesman of his time
