

the women who employed them as maids. Known as "the Papin affair," the incident inspired not only Jean Genet's 1947 *The Maids* but also an essay by Jacques Lacan that presents the sisters' crime as fueled by a narcissistic, homosexual drive that culminated in the assault. In this new investigation of the roots of the twentieth-century myth of the lesbian-as-madwoman, Christine Coffman argues that the female psychotic was the privileged object of Lacan's effort to derive a revolutionary theory of subjectivity from the study of mental illness. Examining Lacan's early writings, French surrealism, Djuna Barnes' *Nightwood*, and H.D.'s homoerotic fiction in light of feminist and queer theory, *Insane Passions* argues that the psychotic woman that fascinates modernist writers returns with a murderous vengeance in a number of late twentieth-century films—including *Basic Instinct*, *Sister My Sister*, *Single White Female*, and *Murderous Minds*. Masking the limit of social acceptability, the "psychotic lesbian" repeatedly appears as the screen onto which the violence and madness of twentieth-century life are projected.

## Insane Passions

Lesbianism and Psychosis in Literature and Film

By Christine E. Coffman

*How "the insane lesbian" became a popular stereotype*

"In this astute and forceful book, Coffman teases out when women's paranoid aggression was a convenient fantasy that fueled various artistic and intellectual agendas, and when it marked a genuine crisis about the terms and enigmas of sexual identity itself."

— Christopher Lane

professor of English, Northwestern University

"Engages an important theoretical fault line running through psychoanalysis, feminism, queer theory, literary criticism, and popular culture. Coffman has grounded these theoretical debates in relevant texts that help to illuminate what's at stake."

— Kendall R. Phillips

associate professor of communication and rhetorical studies, Syracuse University

Insane Passions Christine Coffman, 2006-12-12 In France in 1933 two sisters presumed to be lovers murdered the women who employed them as maids Known as the Papin affair the incident inspired not only Jean Genet's 1947 *The Maids* but also an essay by Jacques Lacan that presents the sisters' crime as fueled by a narcissistic homosexual drive that culminated in the assault In this new investigation of the roots of the twentieth century myth of the lesbian as madwoman Christine Coffman argues that the female psychotic was the privileged object of Lacan's effort to derive a revolutionary theory of subjectivity from the study of mental illness Examining Lacan's early writings French surrealism Djuna Barnes *Nightwood* and H D's homoerotic fiction in light of feminist and queer theory *Insane Passions* argues that the psychotic woman that fascinates modernist writers returns with a murderous vengeance in a number of late twentieth century films including *Basic Instinct* *Sister My Sister* *Single White Female* and *Murderous Maids* Marking the limit of social acceptability the psychotic lesbian repeatedly appears as the screen onto which the violence and madness of twentieth century life are projected Lesbianism in Swedish Literature J. Björklund, 2014-06-05 Here Björklund shows that Swedish literary discourses on lesbianism provocatively contrast with a widely accepted view that attitudes toward homosexuality have gradually become more tolerant The lasting power of negative discourses upends the assumption that Sweden's progressive laws reflect progressive attitudes toward homosexuality **Lesbianism, Cinema, Space** Lee Wallace, 2011-01-13 This book notes that stories of lesbianism invariably engage with an apartment setting a spatial motif not typically associated with lesbian history or cultural representation Through the formal analysis of five lesbian apartment films Wallace demonstrates how the standard repertoire of visual techniques and spatial devices are used to scaffold female sexual visibility *Media, Minorities, and Meaning* Debra L. Merskin, 2011 Foundations Introduction Constructing categories of difference Minorities meaning and mass media Articulations of difference The articulation of difference Country music and redneck woman The construction of Arabs as enemies Perpetuation of the hot Latina stereotype in *Desperate Housewives* Commodified racism brand images of Native Americans The pornographic gaze in mainstream American magazine and fashion advertising Women lipstick and self presentation Sun also rises Stereotypes of the Asian American woman on *Lost* Coon songs the Black male stereotype in popular American sheet music 1850 1920 Homosexuality and horror the lesbian vampire film Television news coverage of Day without an immigrant The B Word Maria San Filippo, 2013-04-12 Often disguised in public discourse by terms like gay homoerotic homosocial or queer bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo's work moves

beyond the subject of heteronormativity and responds to compulsory monosexuality where it is not necessarily a couple's gender that is at issue but rather that an individual chooses one or the other. The B Word transcends dominant relational formation: gay, straight, or otherwise, and brings a discursive voice to the field of queer and film studies.

*The Psychosis of Race* Jack Black, 2023-12-01 *The Psychosis of Race* offers a unique and detailed account of the psychoanalytic significance of race and the ongoing impact of racism in contemporary society. Moving beyond the well-trodden assertion that race is a social construction and working against demands that simply call for more representational equality, *The Psychosis of Race* explores how the delusions, anxieties, and paranoia that frame our race relations can afford new insights into how we see, think, and understand race's pervasive appeal. With examples drawn from politics and popular culture such as *Candyman*, *Get Out*, and the music of Kendrick Lamar, critical attention is given to introducing as well as explicating several key concepts from Lacanian psychoanalysis and the study of psychosis, including foreclosure, the phallus, Name of the Father, *sinthome*, and the *objet petit a*. By elaborating a cultural mode to psychosis and its understanding, an original and critical exposition of the effects of racialization as well as our ability to discern the very limits of our capacity to think through or even beyond the idea of race is provided. *The Psychosis of Race* speaks to an emerging area in the study of psychoanalysis and race and will appeal to scholars and academics across the fields of psychology, sociology, cultural studies, media studies, and the arts and humanities.

***American Horror Film*** Steffen Hantke, 2010-09-30 Creatively spent and politically irrelevant, the American horror film is a mere ghost of its former self, or so goes the old saw from fans and scholars alike. Taking on this undeserved reputation, the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye. Individual essays profile the work of up-and-coming director Alexandre Aja and reassess William Malone's much maligned *FearDotCom* in the light of the torture debate at the end of President George W. Bush's administration. Other essays look at the economic, social, and formal aspects of the genre: the globalization of the US film industry, the alleged escalation of cinematic violence, and the massive commercial popularity of the remake. Some essays examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A. Romero, David Cronenberg, John Landis, and Stuart Gordon. Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well. Taken together, the contributors to this collection make a compelling case that American horror cinema is as vital, creative, and thought-provoking as it ever was.

*Edible Arrangements* Elizabeth Blake, 2023-08-31 In *Edible Arrangements*, Elizabeth Blake explores the way modernist writing about eating delves into larger questions about bodily and literary pleasure. Drawing on insights from the field of food studies, she makes dual interventions into queer theory and modernist studies: first, locating an embrace of queerness within modernist depictions of the pleasure of eating, and second, showing how this queer consumption shapes modernist notions of literary

form expanding and reshaping conventional genres Drawing from a promiscuous archive that cuts across boundaries of geography and canonicity Blake demonstrates how modernist authors draw on this consuming queerness to restructure a range of literary forms Each chapter constellates a set of seemingly disparate writers working in related modes such as the satirical writings of Richard Bruce Nugent Virginia Woolf and Katherine Mansfield in order to demonstrate how writing about eating can both unsettle the norms of bodily pleasure and those of genre itself *Remade in America* Joanna Pawlik, 2021-09-21 Re-viewing surrealism in Charles Henri Ford's Poem posters 1964 5 Encountering surrealism Nadja 1928 and autobiographical beat writing Blackening surrealism Ted Joans ethnographic surrealist historiography Turning on surrealism queer psychedelia Hystericising surrealism the marvelous in popular culture *Chances Are* Valerie Rohy, 2019-10-11 This innovative work makes use of psychoanalytic queer and narrative theories to read nineteenth and twentieth century American literature and demonstrate how the concept of contingency whether chance accident luck or mutation enriches our understanding of how queer sexualities are articulated Perhaps love always carries an element of contingency our attraction to a particular person can be arbitrary and inexplicable and a sense of necessity we find that we cannot imagine life without them But contingency and chance mean something different for queer subjects In a heteronormative culture heterosexuality claims to be necessary it must be whereas homosexuality not only could be otherwise but perhaps it should be otherwise and probably it should not be at all This book outlines why and how issues of chance and contingency should matter to queer theory and queer literary studies Combining psychoanalytic queer and narrative theories *Chances Are* considers nineteenth and twentieth century American literary texts that formally or thematically involve contingencies of their own including narrative coincidences and accidents the role of luck in notions of race and class and efforts to imagine queer hermeneutic methods that make space for contingency Literary texts include Edgar Allan Poe's *The Mystery of Marie Rogé* 1842 Horatio Alger's *Ragged Dick* novels 1868-69 Frank Norris's *The Pit* 1903 and Edith Wharton's *The House of Mirth* 1905 Frances E W Harper's *Iola Leroy* 1892 and Nella Larsen's *Passing* 1929 H D's *Tribute to Freud* 1956 and Alison Bechdel's *Are You My Mother* 2012 This dynamic and original text would be suitable for students and researchers in literary studies critical theory and women's and gender studies **Queer Traversals** Chris Coffman, 2022-01-27 Working at the intersection of psychoanalytic queer and transgender theories this book argues for the need to read Lacanian psychoanalysis through a queer and trans-positive framework In so doing it challenges the dimensions of fantasy at play in efforts to insist on the continued validity of the binary gender system Targeting the Lacanian concept of sexual difference that desire is structured through the difference between masculine and feminine it argues that this idea is not transhistorical as orthodox Lacanians claim but rather a historically contingent fantasy As such it argues that psychoanalytic queer theorists need to go beyond this fantasy to register truly the full range of sexualities and modes of embodiment Examining texts as diverse as films such as *Hedwig and the Angry Inch* and literary texts such as *Paul Takes the*

twenty first century      Gertrude Stein's Surrealist Years Ery Shin, 2020-06-23 Examines how surrealism enriches our understanding of Stein's writing through its poetics of oppositions. Gertrude Stein's Surrealist Years brings to life Stein's surrealist sensibilities and personal values borne from her WWII anxieties, not least of which originated in a dread of anti-Semitism. Stein's earlier works such as *Tender Buttons* and *Lucy Church Amiably* tend to prioritize formal innovations over narrative building and overt political motifs. However, Ery Shin argues that Stein's later works engage more with storytelling and life writing in startling ways, most emphatically and poignantly through the surrealist lens. Beginning with *The Autobiography of Alice B. Toklas* and continuing in later works, Stein renders legible her war-torn era's jarring dystopian energies through narratives filled with hallucinatory visions, teleportation, extreme coincidences, action reversals, doppelgängers, dream sequences spanning both sleeping and waking states, and great whiffs of the occult. Such surrealist gestures are predicated on Stein's return to the independent clause and, by extension, to plot, characterization, and anecdotes. By summoning the marvelous in a historically situated world, Stein joins her surrealist contemporaries in their own ambivalent crusade on behalf of historiography. Besides illuminating Stein's art and life, the surrealist framework developed here brings readers deeper into those philosophical ideas invoked by war. Topics of discussion emphasize how varied Jewish experiences were in Hitler's Europe, how outliers like Stein can be included in the surrealist project, surrealism's theoretical bind in the face of WWII, and the age-old question of artistic legacy.
