Inside A Class Action The Holocaust And The Swiss Banks:

Inside a Class Action Jane Schapiro, 2003-09-23 On October 21 1996 attorney Michael Hausfeld with a team of lawyers filed a class action complaint against Union Bank of Switzerland Swiss Bank Corporation and Credit Suisse on behalf of Holocaust victims The suit accused the banks of among other things acting as the chief financiers for Nazi Germany Hausfeld wanted to use the suit to prove that the banks not only concealed and refused to return millions of dollars in dormant accounts but that they acted as a conduit for looted assets and slave labor profits Such behavior he charged violated the code of ethics known as customary international law On August 12 1998 the plaintiffs and banks reached a 1.25 billion settlement Through interviews with a wide range of people involved in the case and detailed research of documents and court transcripts Jane Schapiro shows the ways that egos personalities and values clash in such a complex and emotionally charged case *Inside a Class Action* provides an insider's view of a major lawsuit from its inception to its conclusion which will appeal to anyone interested in human rights reparations and international law [The Anatomy of Torture: A Documentary History](#)

[of Filartiga v. Pena-Irala](#) William J Aceves, 2007-04-30 In recent years victims of human rights abuses have filed civil lawsuits in U.S. courts This litigation provides victims a voice and promotes accountability for violations of international law This is the story of *Filartiga v. Pena Irala* one of the most significant examples of human rights litigation in the U.S. presented as a documentary history an approach to legal scholarship that has become increasingly popular in recent years Unlike traditional casebooks this book emphasizes the dynamic nature of law The pleadings and documents appear with minimal editing and are supplemented through commentary by various litigation participants Published under the Transnational Publishers imprint **The Rules, Practice, and Jurisprudence of International Courts and Tribunals** Chiara

Criminal Court Tatiana Bachvarova, 2017-05-08 This book canvasses the autonomous position of victims before the International Criminal Court It seeks to provide an objective and balanced perspective and neither rejects the idea of victims participation nor seeks to extend it beyond the contours determined by the founders of the ICC The author contributes to the existing debate in academia and in practice by delineating the core most complex and contentious matters ensuing from the role assigned to victims The scrupulously selected issues unveil and blueprint the essential characteristics that delimit the standing of victims as independent actors in the ICC's arena distinct from the parties and other non-party participants As an integral part of the ICC's synergy victims converge and interact with its other components Therefore the position and role of victims are contemplated in the context of the Court's procedural mechanism and the mission pursued by the parties and the Chamber The philosophy underpinning the ICC's design and the standing of victims therein also requires analysis from a

wider perspective Accordingly the volume draws an in depth parallel with relevant developments and trends at the international and domestic level Close attention is paid to the legal instruments and jurisprudence of internationalized criminal justice bodies human rights institutions and non criminal jurisdictions to the extent useful for shedding further light on the issues at hand Recourse is also made to various national systems whenever relevant
