## **Inside Womens College Basketball Anatomy Of Two Seasons:**

Inside Women's College Basketball Richard G. Kent, 2000 Women's college basketball has become the first of the women's team sports to be taken seriously by mainstream sports fans and media. Last year the Women's NCAA Basketball Championship game televised by ESPN was watched by an average of 3.4 million households making it the second biggest audience for an ESPN college basketball game men's or women's ever. Lady Vols and UConn Richard Kent, 2008 UConn was a fledgling women's basketball program that had been to one Final Four as of 1995. Tennessee was the king of the hill having won 7 National Championships and having produced some of the greatest women's players of all time. Pat Summitt was and is the head coach and is widely considered to be one of the top coaches in women's or men's college basketball history. In fact she turned down the Tennessee head men's coaching job. She agreed to play Geno Auriemma and UConn in 1995 in an epic battle in Storrs, CT. UConn won that game and won the National Championship that year and off and running was the series. It has produced as much if not more drama than Red Sox, Yankees, Cowboys, Giants, and Knicks. Celtics. It has been compared to Carolina Duke on the men's side. It is certainly produced more National Championships than both of those schools. What Duke and North Carolina represent in men's college basketball, UConn and Tennessee represent in women's college basketball, the greatest rivalry in the game. Two teams that when pitted against one another in 1995 for the National Championship changed the sport of women's college basketball forever. The cast of characters from the polarized Hall of Fame coaches to the all-American icons have raised the bar, the talent, and the media awareness at the national level. Although the characters change from year to year, the national fever of this matchup continues to grow. It is an ongoing saga that defines women's basketball and encapsulates all that is good and possible about athletic competition. Any young player should read this book and understand that without these teams, these coaches, these players, we would be watching women's basketball exclusively in March at the Final Four. Colleen Healey, former UConn women's basketball player. **Rivals** David K. Wiggins, R. Pierre Rodgers, 2012-01-01. The sixteen original essays in this collection cover influential and famous rivalries from a variety of sports including track and field, golf, boxing, basketball, tennis, ice skating, baseball, football, soccer, and more. The essays are diverse but together they illustrate what is common to any rivalry: equally matched opponents that often have decidedly different backgrounds, styles, and personalities. These differences may center on race and culture, political and societal ideologies, personality, geography, or religion, a mix intensified by fans and the media. From highly publicized and emotionally charged individual competitions to bitterly fought team contests, **Rivals** illuminates what one of a kind opponents and the passion they inspire tell us about ourselves and our society. **Hoops in Connecticut** Don Harrison, 2011-11-08. Home to both the University of Connecticut's men's and women's NCAA championship teams as well as the Connecticut Sun WNBA team, this small state has made a name for itself in basketball. Infatuation with the sport started here in 1896 with the first intercollegiate game between Yale and Wesleyan Universities. The roster of Connecticut's round ball greats includes
