Inside British Intelligence 100 Years Of Mi5 And Mi6:

Secret Wars Gordon Thomas, 2024-03-26 Gordon Thomas has established himself as a leading expert on the intelligence community. He returns here on the one hundredth anniversaries of Britain's Security and Secret Intelligence Services to provide the definitive history of the famed MI5 and MI6. These agencies rank as two of the oldest and most powerful in the world, and Thomas's wide sweeping history chronicles a century of both triumphs and failures. He recounts the roles that British intelligence played in the Allied victory in World War II, the postwar treachery of Great Britain's own agents, the defection of Soviet agents and the intricate process of handling them, the often frigid relationship that both agencies have had with the CIA, European spy services and the Mossad, the cooperation between the British and Americans in the search for Osama bin Laden and the ways in which MI5 and MI6 have fought biological warfare, espionage and space terrorism. All told, this is the story of two agencies led by men and women who are enigmatic, eccentric and controversial and who ruthlessly control their spies. Based on prodigious research and interviews with significant players from inside the British intelligence community, this is a rich and even delicious history packed with intrigue and information that only the author could have attained.

Inside British Intelligence Gordon Thomas, 2010-05-01 100 years old in August 2009, this is a complete and up to date account of the two oldest and still the most powerful secretive intelligence services in the world: MI5, the security service and MI6, the secret intelligence service. This is a story of spectacular triumphs, treachery, their frigid relationship, their untold work with the CIA, Mossad and the spy services of Europe and their part in the fight against terror. It is also the story of two agencies led by men who are enigmatic, eccentric and controversial and who ruthlessly control their spies. From the unique partnership between Mossad and MI6, how MI5 and MI6 became a breeding ground for Soviet spies post war, their exploitation of the collapse of the Soviet Union and their role in biological warfare and including how both services monitor the spies of every nation based in London, it reads like fiction. But it's not. Based on prodigious research and interviews with significant players, *Inside British Intelligence* is packed with new and startling information. Gordon Thomas is a bestselling author of 40 books published worldwide, a number dealing with the intelligence world including *Gideon's Spies* and *Secrets and Lies*, both JR Books. His awards include the Citizens Commission for Human Rights Lifetime Achievement Award for Investigative Journalism, the Mark Twain Society Award for Reporting Excellence and an Edgar Allan Poe Award for Investigation. He lives in Ireland.

Agent 110 Scott Jeffrey Miller,2017-03-07 The lively and engrossing The Wall Street Journal story of how OSS spymaster Allen Dulles built an underground network determined to take down Hitler and destroy the Third Reich Agent 110 is Allen Dulles a newly minted spy from an eminent family From his townhouse in Bern Switzerland and in clandestine meetings in restaurants back roads and lovers bedrooms Dulles met with and facilitated the plots of Germans during World War II who were trying to destroy the country s leadership Their underground network exposed Dulles to the political maneuverings of the Soviets who were already competing for domination of Germany and all of Europe in the post war period Scott Miller s absorbing and bracing The Seattle Times Agent 110 explains how leaders of the German Underground wanted assurances from Germany s enemies that they would treat the country humanely after the war If President Roosevelt backed the resistance they would overthrow Hitler and shorten the war But Miller shows how Dulles s negotiations fell short Eventually he was placed in charge of the CIA in the 1950s where he helped set the stage for US foreign policy With his belief that the ends justified the means Dulles had no qualms about consorting with Nazi leadership or working with resistance groups within other countries to topple governments Agent 110 is a doozy of a dossier on Allen Dulles and his early days spying during World War II Kirkus Reviews Miller skillfully weaves a double narrative of Dulles machinations and those of the German resistance Booklist to bring to life
