Inside The Mind Of Emma Watson:

Inside the Mind of Emma Watson Frank Johnson, 2014-09-23 Best known of course for her role as Hermione in the Harry Potter films Emma Watson has known fame since just nine years old Yet in contrast to many childhood stars she has managed to remain grounded and has never let her fame go to her head Having won several major awards Emma has since moved on from the Harry Potter franchise to star in other major films and has also become somewhat of a sex symbol though she would probably disapprove of this title This book brings together some of her most interesting quotes on a variety of subjects

The Watsons and Emma Watson Joan Aiken, Jane Austen, 2008-03-01 Jane Austen wrote the untitled fragment that was later called *The Watsons* in 1803 and it was published posthumously in 1871 Joan Aiken well known for her Jane Austen sequels and children's books finishes the fragment introducing a new hero and seamlessly continuing where Jane Austen left off to a satisfying ending for all Austen fans Emma Watson returns home after 14 years spent with a beloved aunt whose remarriage has caused a significant change in Emma's circumstances Used to a life of ease warmth and intelligence Emma is thrust back into a home where with one exception her sisters are petty and jealous if not vulgar her father is ill and weak and her brothers are not men of fine minds This is a poignant exploration of a young lady's endurance in the face of reduced circumstances and in true Jane Austen fashion there is an admirable hero to make all right in the end

Bell, 2014-01-02 The new essays in this book make two central claims First for some people the word feminist has been either poorly defined or even demonized Hermione Granger of the Harry Potter series serves as an outstanding example of what modern young feminism looks like activist powerful and full of agency yet feminine romantic and stylish a new kind of feminism for a new kind of girl The second claim the essays make is that our young emergent feminist Hermione Granger is a pivotal character upon whom the entire series rests not Harry Potter himself or at

least not Harry Potter solely It is Hermione who solves every difficult puzzle performs every difficult spell and to whom her two male companions look for guidance and advice On several occasions throughout the series Hermione literally saves the world through her actions This is an outstanding model for young women and for young men as well who are confused about how feminism manifests and operates in 2012 Lady Susan.
