Insight Text Guide The Quiet American:

The Quiet American Ross Maxwell Walker, 2003 On Their Own Joyce Hoffmann, 2008-06-24 Over three hundred women both print and broadcast journalists were accredited to chronicle America's activities in Vietnam. Many of those women won esteemed prizes for their reporting including the Pulitzer, the Overseas Press Club Award, the George Polk Award, the National Book Award, and the Bancroft Prize for History. Tragically, several lost their lives covering the war while others were wounded or taken prisoner. In this gripping narrative, veteran journalist Joyce Hoffmann tells the important yet largely unknown story of a central group of these female journalists including Dickey Chapelle, Gloria Emerson, Kate Webb, and others. Each has a unique and deeply compelling tale to tell, and vivid portraits of their personal lives and professional triumphs are woven into the controversial details of America's twenty-year entanglement in Southeast Asia. **Herman**

Melville and the American Calling William V. Spanos, 2008-08-21 Oriented by the new Americanist perspective, this book constitutes a rereading of Herman Melville's most prominent fiction after *Moby Dick*. In contrast to prior readings of this fiction, William V. Spanos's interpretation takes as its point of departure the theme of spectrality precipitated by the metaphor of orphanage disaffiliation from the symbolic fatherland on the one hand and the myth of American exceptionalism on the other that emerged as an abiding motif in Melville's creative imagination. This book voices an original argument about Melville's status as an American writer and foregrounds Melville's remarkable anticipation and critique of the exceptionalism that continues to drive American policy in the post-9/11 era. *Sources of Holocaust Insight* John K. Roth, 2020-01-29

Sources of Holocaust Insight maps the odyssey of an American Christian philosopher who has studied, written, and taught about the Holocaust for more than fifty years. What findings result from John Roth's journey? What moods pervade it? How have events and experiences, scholars and students' texts and testimonies, especially the questions they raise, affected Roth's Holocaust studies and guided his efforts to heed the biblical proverb, "Whatever else you get, get insight." More sources than Roth can acknowledge have informed his encounters with the Holocaust. But particular persons among them, Elie Wiesel, Raul Hilberg, Primo Levi, and Albert Camus, loom especially large. Revisiting Roth's sources of Holocaust insight, this book does so not only to pay tribute to them but also to show how the ethical, philosophical, and religious reverberations of the Holocaust confer and encourage responsibility for human well-being in the twenty-first century. Seeing differently, seeing better, sound learning and teaching about the Holocaust aim for what may be the most important Holocaust insight of all: Take nothing good for granted. **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1969

Selfless Insight James H. Austin, 2011-09-30 Attention, self-consciousness, insight, wisdom, emotional maturity, how Zen teachings can illuminate the way our brains function, and vice versa. When neurology researcher James Austin began Zen training, he found that his medical education was inadequate. During the past three decades, he has been at the cutting edge of both Zen and neuroscience, constantly discovering new examples of how these two large fields each illuminate the other.

Now in *Selfless Insight* Austin arrives at a fresh synthesis one that invokes the latest brain research to explain the basis for meditative states and clarifies what Zen awakening implies for our understanding of consciousness Austin author of the widely read *Zen and the Brain* reminds us why Zen meditation is not only mindfully attentive but evolves to become increasingly selfless and intuitive Meditators are gradually learning how to replace over emotionality with calm clear objective comprehension In this new book Austin discusses how meditation trains our attention reprogramming it toward subtle forms of awareness that are more openly mindful He explains how our maladaptive notions of self are rooted in interactive brain functions And he describes how after the extraordinary deep states of kensho satori strike off the roots of the self a flash of transforming insight wisdom leads toward ways of living more harmoniously and selflessly *Selfless Insight* is the capstone to Austin s journey both as a creative neuroscientist and as a Zen practitioner His quest has spanned an era of unprecedented progress in brain research and has helped define the exciting new field of contemplative neuroscience

The Quiet American Insight Publications,2004 ***The Methodist Woman*** ,1961 *They're All My Children* Danielle Wozniak,2002 Written from foster mothers perspectives this book voices the often painful experiences of contemporary U S foster mothers as they struggle to mother and care work in the face of exploitative social relations with the state ***The Etude*** ,1900
