Instant Zen Waking Up In The Present

Peter Harvey

Instant Zen Waking Up In The Present:

Instant Zen ,1994-10-12 Instant Zen presents the teachings of Foyan a twelfth century Chinese Zen master recognized as one of the greatest masters of the Song dynasty Zen renaissance in China Returning to the uncomplicated genuineness of the original and classical Zen masters Foyan offers many simple exercises in attention and thought designed to lead to the awakening of Zen insight into the real nature of the self These succinct teachings emphasize independence and autonomy and show us how to open our own eyes and stand on our own two feet to see directly without delusion and act on truth without confusion Translator Thomas Cleary provides an incisive introduction and extensive references from traditional Zen sources placing the work in both historical and contemporary contexts Newcomers to Zen will find this book a useful and sophisticated introduction to authentic inner Zen practices from an impeccable source without cultural exoticism or religious cultism Instant Zen sheds new light on this vital tradition making available the immediacy of Zen practice and unveiling our innate potential for conscious awakening

The Ecstasy of Enlightenment Thomas Cleary,1998-04-01 The Ecstasy of Enlightenment is an inside look at the spiritual world of Tantra one of the most sophisticated alluring and controversial forms of Buddhism Cleary unlocks the mysteries of the Carya Giti a collections of teachings by more than twenty famous Siddhas or Tantric adepts who lived during the illustrious Pala dynasty of old Bengal These teachings emanate from one of the most dynamic sources of international Buddhism at the height of its religious development and as such they are completely nonsectarian Particularly noteworthy is Cleary s demonstration of the parallels between Tantric Buddhism in Old Bengal and the original Zen Buddhism of China

Yoga Spandakarika Daniel Odier,2005-03-23 Translation and commentary of one of the most important texts of the Kashmirian Shivaism tradition of Tantra Author was a student of the late Kalu Rinpoche Explores the transmission of Mahamudra the Great Cosmic Gesture Includes the Vijnanabha rava Tantra which contains the totality of the oldest source text on Yoga The Spandakarika the Tantric Song of the Divine Pulsation is said to have been transmitted directly to the sage Vasugupta from the hands of Shiva on Mount Kailas In his commentary on these fifty two stanzas the sage Ksemaraja described them as the heart of the Mahamudra The oldest masters of Spandakarika viewed everything in the universe including matter as consciousness and created a yoga practice in accordance with this realization The sacred dance of Yoga Spandakarika Tandava is extremely subtle and difficult requiring thousands of hours of practice to master yet it surpasses any other physical practice allowing the practitioner to touch the divine inner pulse Once its third stage has been mastered the yogi or yogini is able to manifest the dance of Shiva in space a tradition visible in the statuary of Tantric temples in India and Tibet Energy is no longer contracted by the perception of duality and the mind and body become unbounded forming a sphere that contains all that was formerly outside In Yoga Spandakarika Daniel Odier passes on these vanishing teachings as he received them from his Tibetan master Kalu Rinpoche and Kashmiri yogi Lalita Devi

Teachings of Zen Thomas Cleary,1997-12-16 Zen Buddhism emerged in China some fifteen centuries ago and remained

the most dynamic and influential spiritual movement in Asia for more than a millennium Though the teachings of the first Zen masters are sometimes considered innovation they were actually a return to the core of Buddhist teaching and to an understanding of the importance of the personal experience of enlightenment This anthology presents talks sayings and records of heart to heart encounters to show the essence of Zen teaching through the words of the Zen masters themselves The selections have been made from the voluminous Zen canon for their accessibility their clarity and above all their practical effectiveness in fostering insight

Conquer the Fear of Death Nancy Williams, Fear is our worst enemy If we let it terrify us life will not be worth living In fact fear is nothing more than the expectation that something bad will happen The opposite of fear is not courage but simply the expectation that something good will happen This is what we have to learnt This book offers some simple ways to manage fears and live life to the full

Zen Fragments Philippe

Coupey,2024-09-01 Zen Fragments is a concise lively presentation of the teachings of Reiryu Philippe Coupey a Western Zen monk firmly rooted in the modern world The book is based on 8 years of oral teachings given during zazen at the Paris dojo Seine Zen or in various retreats organized in France and Germany from 2003 2010 These teachings are supplemented by a series of essays written directly by the author and touching upon more personal and often poetic subjects all of which enhance the core of the teaching he so brilliantly represents Philippe Coupey is American born but first encountered the practice of Zen Buddhism in France through the Japanese monk Taisen Deshimaru Since 1972 the practice and transmission of Zen Buddhism has been his priority Thanks to his dedication we now have access to a demanding teaching derived from a thousand year old tradition and yet totally adapted to our contemporary lives without the need to refer to psychology vegetarianism and other newly adapted Zen subjects This teaching is relevant to humanity today because beyond frontiers social ethnic and religious differences and the gaps we imagine between our inner life and our social duties it urges us to rediscover the essential within ourselves so that we can approach the world with a continually fresh mind embracing opposites And so beyond the words that make up this book Philippe Coupey constantly suggests that as is true within the most ancient traditions we experience this new spirit for ourselves The underlying message here is not to cling to the extremes left right good bad love hate etc which only leads to the separation of one thing from another and is the origin of many of society s biggest problems today Frankness of style distinguishes Philippe Coupey s and Deshimaru s writing from that of many American Zen writers for example those in the Suzuki and Maezumi lineages Like Deshimaru before him Coupey has never tried to soften the impact of his words finding the raw unreserved approach more in keeping with the ancient masters Having practiced with his master Taisen Deshimaru until his death in 1982 Philippe has continued to transmit his teaching since that time in France Germany and elsewhere in Europe He is a member and officer of the

International Zen Association AZI founded by Master Taisen Deshimaru and is Master in the Sangha sans Demeure Seine Zen which together number 400 500 persons

Zen and the Art of Insight Thomas Cleary, 1999-11-16 The Prajnaparamita perfection of wisdom sutras are one of the great legacies of Mahayana Buddhism giving eloquent expression to some of that school's central concerns the perception of shunyata the essential emptiness of all phenomena and the ideal of the bodhisattva one who postpones his or her own enlightenment in order to work for the salvation of all beings The Prajnaparamita literature consists of a number of texts composed in Buddhist India between 100 BCE and 100 CE Originally written in Sanskrit but surviving today mostly in their Chinese versions the texts are concerned with the experience of profound insight that cannot be conveyed by concepts or in intellectual terms The material remains important today in Mahayana Buddhism and Zen Key selections from the Prajnaparamita literature are presented here along with Thomas Cleary's illuminating commentary as a means of demonstrating the intrinsic limitations of discursive thought and of pointing to the profound wisdom that lies beyond it Included are selections from The Scripture on Perfect Insight Awakening to Essence The Essentials of the Great Scripture on Perfect Insight Treatise on the Great Scripture on Perfect Insight The Scripture on Perfect Insight for Benevolent Rulers Key Teachings on the Great Scripture of Perfect Insight The Questions of Suvikrantavikramin

Storehouse of Treasures Nelson Foster, 2024-09-10 Storehouse of Treasures unearths wise and beautiful elements of Chan and Zen still little known in the West revealing unexpected aspects of the tradition and new implications for practice Since the dawn of Chan and Zen in medieval China and Japan members of these schools have enlivened their teaching by creatively adopting and adapting terms images principles poetry and lore native to their societies Unfortunately so much of that cultural wealth has been lost in translation that Western practitioners have barely begun to discover and appreciate this extraordinarily rich legacy In Storehouse of Treasures second generation American Zen teacher Nelson Foster makes a series of adventuresome forays into the trove of material laid up by the Dharma ancestors bringing to light Masters' delight in playing with words stories and inherited Buddhist concepts bending them to express the Dharma in inspired ways The powerful influence that Taoist and Confucian thought exerted in the formation of Chan and Zen The emphasis the two schools have laid on excellence of character as well as on profound awakening The experiential meaning and enduring importance to the tradition of ideals little associated with it today like integrity shame and contentment How knowing the tune of a fellow student a mentor or a teacher of old lies at the heart of transmitting the Dharma Lifting to attention a diverse set of ancient yet still luminous Dharma gems Foster urges their relevance and value to us as students of the Buddha Way and as citizens of a world increasingly fractious and imperiled

Secrets of the Blue Cliff Record Thomas Cleary, 2002-12-10 The Blue Cliff Record is a classic text of Zen Buddhism designed to assist in the activation of dormant human potential The core of this extraordinary work is a collection of one hundred traditional citations and stories selected for their ability to bring about insight and enlightenment These vignettes are known as gongan in Chinese and koan

in Japanese Secrets of the Blue Cliff Record is a fresh translation featuring newly translated commentary from two of the greatest Zen masters of early modern Japan Hakuin Ekaku 1685 1768 of the Rinzai sect of Zen and Tenkei Denson 1648 1735 of the Soto sect of Zen This translation and commentary on The Blue Cliff Record sheds new light on the meaning of this central Zen text

Mindfulness, Day by Day Josh Baran, 2018 If you think that enlightenment is reserved for only a chosen few and requires decades of spiritual practice think again The awakened state that place of peace and bliss is present and available to you right here right now and this is the book that can point you to it This themed collection of passages by ancient Buddhist sages Christian and Jewish mystics contemporary teachers philosophers and poets celebrates the perfection of the present moment This book was originally published by Hampton Roads under the title The Tao of Now in 2008 and an earlier edition was published by HarperCollins UK under the title 365 Nirvana

An Introduction to Buddhism Peter Harvey, 2013 Extensively revised and updated this book provides a comprehensive overview of the development of Buddhism in Asia and the West

A Critique of Western Buddhism Glenn Wallis, 2018-09-06 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched What are we to make of Western Buddhism Glenn Wallis argues that in aligning their tradition with the contemporary wellness industry Western Buddhists evade the consequences of Buddhist thought This book shows that with concepts such as vanishing nihility extinction contingency and no self Buddhism like all potent systems of thought articulates a notion of the real Raw unflinching acceptance of this real is held by Buddhism to be at the very core of human awakening Yet these preeminent human truths are universally shored up against in contemporary Buddhist practice contravening the very heart of Buddhism The author's critique of Western Buddhism is threefold It is immanent in emerging out of Buddhist thought but taking it beyond what it itself publicly concedes negative in employing the democratizing deconstructive methods of François Laruelle's non philosophy and re descriptive in applying Laruelle's concept of philofiction Through applying resources of Continental philosophy to Western Buddhism *A Critique of Western Buddhism* suggests a possible practice for our time an anthropotechnic or religion transposed from its seductive but misleading idealist haven
