Institutions Transition Economies And Economic Development Political Economy Of Global Interdependence

Theodore H. Cohn

Institutions Transition Economies And Economic Development Political Economy Of Global Interdependence:

Institutions, Transition Economies, And Economic Development Tim Yeager, 2018-02-07 Why are some nations wealthy while others are desperately poor Despite the rapid advancement of technology and the free flow of information provided by computers many poor nations are falling further behind the wealthy nations of the world Why is it that these poorer nations cannot catch up Until recently economic theory provided limited help in answering these questions But the New Institutional Economics a rapidly growing body of economic theory may provide the answers Timothy Yeager's *Institutions Transition Economies and Economic Development* clearly explains the New Institutional Economics and applies its tenets to the transition economies of Poland and Russia Readers will gain a perspective on transition and developing economies that has never been explored before in a single book

Institutions, Transition Economies, and Economic Development Timothy J. Yeager, 1999 Why are some nations wealthy while others are desperately poor Despite the rapid advancement of technology and the free flow of information provided by computers many poor nations are falling further behind the wealthy nations of the world Why is it that these poorer nations cannot catch up Until recently economic theory provided limited help in answering these questions But the New Institutional Economics a rapidly growing body of economic theory may provide the answers Timothy Yeager's *Institutions Transition Economies and Economic Development* clearly explains the New Institutional Economics and applies its tenets to the transition economies of Poland and Russia Readers will gain a perspective on transition and developing economies that has never been explored before in a single book

The Political Economy Of European Monetary Unification Barry Eichengreen, 2018-03-08 The first edition of this book was published in 1994 as the future of monetary unification in Europe was very much in doubt With Economic and Monetary Union now in place it is appropriate to bring the scholarship on the topic up to date for the students of international political economics To this effect essayists Jeffry Frieden Geoffrey Garrett Lisa L Martin Benjamin J Cohen revised four of the original chapters to reflect new conditions Editors Barry Eichengreen and Frieden completely rewrote the introductory essay Three new chapters by Matthew Gabel Charles Engel and Paul De Grauwe et al cover public support for EMU local currency pricing and whether Europe is now better off The updated volume's purpose remains that of bringing the latest in scholarship in Economics and Political Science to bear on the European monetary integration

The Politics Of Oil-producer Cooperation Dag Harald Claes, 2018-05-04 The Politics of Oil Producer Cooperation is a comprehensive study of the behavior of political actors in the international oil market since 1971 In this study Dag Harald Claes seeks to answer the question of what determines the cooperative behavior among oil producing countries and he also shows the benefits of approaching an empirical topic from several levels of analysis Claes provides a case study demonstrating the problems of collective action in international politics and he discusses multi level approaches in studies of international relations and international political economy

States of Disorder Dan Halvorson, 2016-04-01 There have always been weak or fragile states in the modern

era or poorly governed and disorderly political communities in earlier times Yet the idea of state failure has only acquired such prominence in the post Cold War period Why would many countries in the less developed world be considered failed states after 1990 but not in 1965 when there is little meaningful difference in their observable empirical conditions What counts as state failure is ultimately a subjective political judgement made by the great powers of the day This judgement is based on the sensitivity of great powers to particular types of disorder generated from the periphery in different historical periods This book is a comparative history of the conditions under which great powers care enough about disorder from the periphery to mount costly armed interventions to reverse what they deem to be state failure

The Political Economy of Central Banking in Emerging Economies Mustafa Yağcı, 2020-09-03 Since the start of the Global Financial Crisis in 2008 research on central banking has gained momentum due to unusual levels of central bank activism and unconventional monetary policy measures in many countries While these policies drew significant attention to advanced economy central banks there has been much less academic focus on central banking in emerging economies This book extends the research on the political economy of central banking by focusing on the emerging economies in Asia Africa Latin America and the European periphery Central banks are at the heart of economic policymaking and their decisions have a significant impact on the social and economic well being of citizens Adopting an interdisciplinary political economy perspective the contributions in this book explore the reciprocal relations between politics economics and central banks and how the global and domestic political economy contexts influence central bank practices The chapters employ diverse theoretical perspectives such as institutional and organizational theory developmental state resource dependency and gender studies drawing on disciplines ranging from politics international relations public policy management finance and sociology This book will appeal to academics and students of central banking political economy and emerging economies as well as professionals and policymakers engaged with central banks monetary policy and economic development

Global Political Economy Theodore H. Cohn, 2015-08-07 Praised for its authoritative coverage Global Political Economy places the study of IPE in its broadest theoretical context This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development Written by a leading IPE scholar Global Political Economy equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the global economy

The Political Economy of Monetary Institutions William Bernhard, J. Lawrence Broz, William Roberts Clark, 2003-08-29 Political economists consider the political and economic factors that affect a country's choice of monetary institutions Recent analysis by political economists of monetary institution determinants in different countries has been limited by the fact that exchange rate regimes and central bank institutions are studied in isolation from each other without examining how one institution affects the costs and benefits of the other By contrast the contributors to this volume analyze the choice of exchange rate regime

and level of central bank independence together the articles originally published in a special issue of International Organization constitute a second generation of research on the determinants of monetary institutions The contributors consider both economic and political factors to explain a country's choice of monetary institutions and examine the effect of political processes in democracies including interest group pressure on the balance between economic and distributional policy

Peace, Prosperity, And Politics John Mueller, 2018-04-24 This book deals with a variety of issues of history of national security and of political economy and focuses on the need for a dynamic perspective It emphasizes the development of ideas as the motor forces behind the economic policies

States, Banks, And Markets Nancy Auerbach, 2018-03-05 In *States Banks and Markets* Nancy Neiman Auerbach approaches financial policymaking as a strategic interaction between two sets of domestic actors private financiers and state officials Through a comparative lens Auerbach explains why the transition to financial liberalization was accompanied by economic crisis and declining growth rates in countries such as Mexico while the same policy was associated with higher growth rates and a relatively more equitable distribution of income in other countries such as South Korea and Hong Kong Auerbach first sets up a theoretical foundation that underlies the comparative case studies and she then follows with a detailed account of Mexico's transition to financial liberalization in the 1980s The author systematically compares various countries cases Germany South Korea Hong Kong Turkey with Mexico as a means of underscoring the central and recurring themes illustrated by financial market politics in newly industrializing countries The author then returns to her analysis of Mexico with an examination of the Mexican peso crisis in light of the recent financial crises in Asia Auerbach not only demonstrates how the timing and duration of the liberalization process is the element differentiating the performance of newly industrializing countries rather than financial liberalization itself for she takes the analysis a step further by explaining the economic and political preconditions that put a country in the position to choose a reasonable reform path

Power and Global Economic Institutions Ayse Kaya, 2015-11-19 What is the relationship between states economic power and their formal political power in multilateral economic institutions Why do we see variation in states formal political power across economic institutions of the same era In this book Ayse Kaya examines these crucial under explored questions drawing on multiple theoretical traditions within international relations to advance a new approach of adjusted power She explains how the economic shifts of our time marked by the rise of Brazil Russia India China and other emerging economies have affected and will impact key multilateral economic institutions Through detailed contemporary and historical analyses of the International Monetary Fund the World Bank the G20 and the International Trade Organization Kaya shows that the institutional setting mediates the significance of the underlying distribution of economic power across states The book presents both case studies and key statistics

The Political Economy of Rural Livelihoods in Transition Economies Max Spoor, 2009 These chapters reflect the striking differences between transition countries in their processes of rural reform and development of rural poverty

Handbook of the International Political

Economy of Monetary Relations Thomas Oatley, W. Kindred Winecoff, 2014-06-27 This extensive Handbook provides an in depth exploration of the political economy dynamics associated with the international monetary and financial systems Leading experts offer a fresh take on research into the interaction between system structure t

The Greater Middle East in Global Politics Mehdi Parvizi Amineh, 2007 This anthology unites in one volume two studies of the Greater Middle East in global politics each conceptual and empirical First it is a historical comparative study of politics and societies in selected Greater Middle Eastern countries Second it is an empirical case study of states and societies of the Greater Middle East in global politics

Borrowing Credibility Jana Grittersova, 2017-07-28 Explores multinational banks role in enhancing monetary credibility revealing the importance of market confidence in an interconnected world

The Economics and Politics of Oil in the Caspian Basin Boris Najman, Richard Pomfret, Gaël Raballand, 2007-09-12 Oil in the Caspian Basin facts and figures Gaël Raballand and Régis Gente The impact of oil revenues on economic performance analytical issues Michael Lewin Nominal and real exchange rates in Kazakhstan any sign of the Dutch disease Balázs Egert and Carol Leonard Resource revenues and fiscal sustainability in Kazakhstan Peter Lohmus and Anna Ter Martirosyan Fiscal decentralization in centralized states Central Asian patterns Natalie Leschenko and Manuela Troschke Redistribution of oil revenues in Kazakhstan Boris Najman et al Whither oil money Redistribution of oil revenues in Azerbaijan Matthias Luecke and Natalia Trofimenko Improving the beneficial socio economic impact of hydrocarbon extraction on local regional development in Caspian economies Richard Auty Tengiz crude a view from below Saulesh Yessenova Conclusions

The Central Asian Economies Since Independence Richard Pomfret, 2020-12-08 The 9 11 attacks the U S invasion of Afghanistan and the oil boom of recent years have greatly increased the strategic importance of resource rich Central Asia making an understanding of its economic and therefore political prospects more important than ever In *The Central Asian Economies Since Independence* Richard Pomfret provides a concise and up to date analysis of the huge changes undergone by the economies of Kazakhstan the Kyrgyz Republic Tajikistan Turkmenistan and Uzbekistan since the collapse of the Soviet Union in 1991 The book assesses the economic prospects of each country and the likelihood that economic conditions will spur major political changes With independent chapters on each country and chapters analyzing their comparative economic performance the book highlights similarities and differences Facing common problems caused by the breakdown of Soviet economic relations and the hyperinflation of the early 1990s these countries have taken widely divergent paths in the transition from Soviet central planning to more market based economies The book ends in 2005 with the bloodless Kyrgyz revolution and the violence in Uzbekistan which signaled the end of the region s political continuity Throughout the book Pomfret emphasizes the economic forces that foster political instability from Kazakhstan s resource boom and Turkmenistan s lack of reform to Tajikistan s abject poverty

Economic Development E. Wayne Nafziger, 2006 In this fourth edition of his textbook E Wayne Nafziger analyzes the economic development of Asia Africa Latin America and East Central Europe This

comprehensive and clearly written text explains the growth in real income per person and income disparities within and between developing countries The author explains the reasons for the fast growth of Pacific Rim countries Brazil Poland and recently India and the increasing economic misery and degradation of large parts of sub Saharan Africa The book also examines China and other post socialist economies as low and middle income countries without however overshadowing the primary emphasis on the third world The text is replete with real world examples The exposition emphasizes the themes of poverty inequality unemployment the environment and deficiencies of people in less developed countries The guide to the readings through bibliography and websites with links to development resources makes the book useful for students writing research papers *Global Political Economy* John Ravenhill,2008 An authoritative introduction to Global Political Economy The book covers all bases contemporary theory introductions to particular issue areas and an extended debate on globalization that reflects a variety of perspectives The book is accompanied by an Online Resource Centre Student resources Timeline Web links Glossary Instructor resources Tables and figures from the book to download 2 in depth case studies

Energy Relations in the Euro-Mediterranean Simone Tagliapietra,2016-12-01 This book investigates the current status and future prospects of energy relationships in the Euro Mediterranean region By adopting a political economy perspective this book provides insight into regional cooperation in the fields of natural gas and renewable energy The author posits that regional energy relations have yet to be examined through a comprehensive analytical framework in order to realistically assess the potential role of energy in acting as a catalyst for greater economic and political cooperation in the region To do so the author provides a detailed analysis of the region s energy relations and pertinent case studies Chapters illustrate the political and economic drivers underpinning the region s energy dynamics providing the reader with a wide ranging overview of the Euro Mediterranean energy relations of today and tomorrow
