5 6 12 Little Women was an immediate

commercial and critical success with readers demanding to know more about the characters Alcott quickly completed a second volume entitled *Good Wives in the United Kingdom* although this name originated from the publisher and not from Alcott. It was also successful. The two volumes were issued in 1880 as a single novel entitled *Little Women*. Alcott wrote two sequels to her popular work both of which also featured the March sisters: *Little Men* 1871 and *Jo's Boys* 1886. Although *Little Women* was a novel for girls it differed notably from the current writings for children especially girls. The novel addressed three major themes: domesticity, work, and true love, all of them interdependent and each necessary to the achievement of its heroine's individual identity. *Little Women* has been read as a romance or as a quest or both. It has been read as a family drama that validates virtue over wealth but also as a means of escaping that life by women who knew its gender constraints only too well. According to Sarah Elbert, Alcott created a new form of literature, one that took elements from Romantic children's fiction and combined it with others from sentimental novels, resulting in a totally new format. Elbert argued that within *Little Women* can be found the first vision of the All American girl and that her multiple aspects are embodied in the differing March sisters. The book has frequently been adapted for stage and screen.

Louisa May Alcott Ednah D. Cheney, 2015-07-13. Excerpt from *Louisa May Alcott: Her Life, Letters, and Journals*. Louisa May Alcott is universally recognized as the greatest and most popular story teller for children in her generation. She has known the way to the hearts of young people not only in her own class or even country but in every condition of life and in many foreign lands. Plato says: Beware of those who teach fables to children; and it is impossible to estimate the influence which the popular writer of fiction has over the audience he wins to listen to his tales. The preacher, the teacher, the didactic writer find their audience in hours of strength with critical faculties all alive to question their propositions and refute their arguments. The novelist comes to us in the intervals of recreation and relaxation and by his seductive powers of imagination and sentiment takes possession of the fancy and the heart before judgment and reason are aroused to defend the citadel.
