## **Input Matters In Sla Second Language Acquisition:**

**Input in Second Language Acquisition** Susan M. Gass, Carolyn G. Madden, 1985      Input Matters in SLA Thorsten Piske, Martha Young-Scholten, 2009 This volume bridges the gap between theory and practice by bringing together well known and new authors to discuss a topic of mutual interest to second language researchers and teachers alike input Reader friendly chapters offer a range of existing and new perspectives on input in morphology syntax phonetics and phonology

**Second Language Acquisition in Action** Andrea Nava, Luciana Pedrazzini, 2018-03-22 Despite the key role played by second language acquisition SLA courses in linguistics teacher education and language teaching degrees participants often struggle to bridge the gap between SLA theories and their many applications in the classroom In order to overcome the transfer problem from theory to practice Andrea Nava and Luciana Pedrazzini present SLA principles through the actions and words of teachers and learners Second Language Acquisition in Action identifies eight important SLA principles and involves readers in an experiential approach which enables them to explore these principles in action Each chapter is structured around three stages experience and reflection conceptualisation and restructuring and planning Discussion questions and tasks represent the core of the book These help readers in the process of experiencing SLA research and provide them with opportunities to try their hands at different areas of language teachers professional expertise Aimed at those on applied linguistics MA courses TESOL EFL trainees and in service teachers Second Language Acquisition in Action features Key Questions at the start of each chapter Data based tasks to foster reflection and to help bridge the gap between theory and practice Audiovisual extracts of lessons on an accompanying website Further Reading suggestions at the end of each chapter

**Study Abroad, Second Language Acquisition and Interculturality** Martin Howard, 2019-08-07 This book unites a range of emerging topics in the burgeoning transdisciplinary fields of second language acquisition and interculturality in a study abroad context It explores key issues trends and approaches within each strand and how the strands relate to one another painting a big picture of the diversity and complexity underpinning second language acquisition in a study abroad context The chapters highlight themes such as social networks input and interaction issues learner identities and study abroad in lingua franca contexts while also presenting other themes spanning the breadth of second language acquisition and interculturality research such as individual differences and linguistic development This comprehensive and cohesive volume showcases the latest innovative research using quantitative qualitative and mixed method approaches across a range of source and target language learner cohorts and highlights emerging themes and directions for future research

**Salience in Second Language Acquisition** Susan M. Gass, Patti Spinner, Jennifer Behney, 2017-07-31 Salience in Second Language Acquisition brings together contributions from top scholars of second language acquisition SLA in a comprehensive volume of the existing literature and current research on salience In the first book to focus exclusively on this integral topic the editors and contributors define and explore what makes a linguistic

feature salient in sections on theory perpetual salience and constructed salience They also provide a history of SLA theory and discussion on its contemporary use in research An approachable introduction to the topic this book is an ideal supplement to courses in SLA and a valuable resource for researchers and scholars looking for a better understanding of the subject

Experience Counts: Frequency Effects in Language Heike Behrens, Stefan Pfänder, 2016-02-22 Frequency has been identified as one of the most influential factors in language processing and plays a major role in usage based models of language learning and language change The research presented in this volume challenges established models of linguistic representation Instead of learning and processing language compositionally larger units and co occurrence relations are at work The main point taken by the authors is that by studying the effect of distributional patterns and changes in such patterns we can establish a unified framework that explains the dynamics of language systems with a limited set of processing factors

Intensive Exposure Experiences in Second Language Learning Carmen Mu?z, 2012-10-01 This volume brings together studies from learning contexts that provide intensive exposure to the target language naturalistic immersion immigration and study abroad intensive instruction and informal intensive environments in foreign language settings Its chapters yield much needed evidence on the role of context of acquisition and highlight the unique role of intensive exposure in second language learning

Second Language Acquisition Alessandro G. Benati, Tanja Angelovska, 2016-02-25 This book is written in order to help undergraduate students and trainee teachers to reflect on certain topics and key issues related to second language acquisition Despite the proliferation of books and introductory courses in second language acquisition most of these books very often provide a very complex account of theoretical views in second language acquisition and sometimes fail to emphasise the crucial interplay between how people learn languages and what is the most effective way to teach languages The overall purpose of this book is to provide an overview of second language acquisition research and theories by identifying the main key issues in this field and by highlighting the relevance of this research for classroom implications The study of second language acquisition is a rich and varied enterprise carried out by researchers whose interests and training often lie in broader disciplines of linguistics psychology sociology and education Readers will be encouraged to critically reflect on the presented content through self engaging thinking activities in the form of questions matching activities choices and conclusions about the implications of SLA theories to the real world applications

**Innovative Research and Practices in Second Language Acquisition and Bilingualism** John W. Schwieter, 2013-08-15 This volume brings together theoretical perspectives and empirical studies in second language L2 acquisition and bilingualism and discusses their implications for L2 pedagogy The book is organized into three sections that focus on prominent linguistic and cognitive theories and together provide a compelling set of state of the art works Part I consists of studies that give rise to innovative applications for second language teaching and learning and Part II discusses how findings from cognitive research can inform practices for L2 teaching and learning Following these two sections Part III provides a summative commentary of the
