Inside Iran Inside Iran:

Ethics of War and Peace in Iran and Shi'i Islam Mohammed Jafar Amir Mahallati, 2016-11-14 Nearly four decades after a revolution experiencing one of the longest wars in contemporary history facing political and ideological threats by regional radicals such as ISIS and the Taliban and having succeeded in negotiations with six world powers over her nuclear program Iran appears as an experienced Muslim country seeking to build bridges with its Sunni neighbours as well as with the West *Ethics of War and Peace in Iran and Shi'i Islam* explores the wide spectrum of theoretical approaches and practical attitudes concerning the justifications causes and conduct of war in Iranian Shi'i culture By examining primary and secondary sources and investigating longer lasting factors and questions over circumstantial ones Mohammed Jafar Amir Mahallati seeks to understand modern Iranian responses to war and peace His work is the first in its field to look into the ethics of war and peace in Iran and Shi'i Islam It provides a prism through which the binary source of the Iranian national and religious identity informs Iranian response to modernity By doing so the author reveals that a syncretic and civilization conscious soul in modern Iran is re emerging

The Battle of the Ayatollahs in Iran Alex Vatanka, 2021-04-08 Understanding the foreign policy agenda and behavior of the Islamic Republic of Iran is a critical challenge for the world But where do the principal Iranian regime actors come from in terms of political background experiences and interests Which types of ambitions or policy conflicts have dominated and shaped foreign policy debates since 1979 This book explains the internal policy process in Tehran by following two regime personalities Ali Khamenei the Supreme Leader and Akbar Hashemi Rafsanjani who before his death in January 2017 held some of the most powerful political positions in Iran No two men have been more influential in dictating the regime's decision making processes since 1979 Yet little is known about how their competing worldviews and interests their key moments of dispute both personal or policy based or their personal ambitions have informed the trajectory of Iranian politics The book analyzes Khamenei and Rafsanjani's own words and writings and accounts of them given by others to reveal how the domestic policy contest has shaped Tehran's actions on the regional and international stage Comprising primary and secondary Iranian sources including untapped memoirs newspaper reports and Iranian electronic media and personal interviews the book highlights the principal rivalries over the lifespan of the Islamic Republic and offers new insights into the present and future of Iranian foreign policy

Mohammad Mosaddeq and the 1953 Coup in Iran Mark J. Gasiorowski, Malcolm Byrne, 2015-02-01 Mohammad Mosaddeq is widely regarded as the leading champion of secular democracy and resistance to foreign domination in Iran's modern history Mosaddeq became prime minister of Iran in May 1951 and promptly nationalized its British controlled oil industry initiating a bitter confrontation between Iran and Britain that increasingly undermined Mosaddeq's position He was finally overthrown in August 1953 in a coup d'état organized and led by the U S Central Intelligence Agency along with British intelligence This coup initiated a twenty five year period of growing dictatorship in Iran leaving many Iranians resentful of the U S legacies that still haunt

relations between the two countries today This book examines the turbulent political climate that prevailed in Iran during Mosaddeq's tenure the confrontation between Iran and Britain for control over Iran's oil the strategic considerations that led U.S. officials to intervene and the details of the coup itself Based on exhaustive research by leading academic experts in the field this is the most authoritative account of the tragic events that led to the overthrow of Mosaddeq With the recent declassification of CIA and other documents regarding the events of 1953 in Iran there is an opportunity for new in-depth analysis into not only the coup itself but also the events that led up to it *Report of the Congressional Committees Investigating the Iran/Contra Affair* Lee H. Hamilton, Daniel K. Inouye, 1995-11 Contents The Report executive summary Central America the arms sales to Iran exposure and concealment the enterprise conclusions and recommendations Also contains the Minority report the foreign affairs powers of the Constitution and the Iran Contra Affair Nicaragua Iran disclosure and investigations putting Congress house in order and recommendations Extensive appendices contain additional views of several Representatives and Senators *India and Iran in the Long Durée*, 2021-02-08 This book is the result of a conference held at the University of California Irvine covering the contacts between Iran and India from antiquity to the modern period The papers include historical archeological and artistic aspects and influences between the two civilizations This volume was previously published by the Jordan Center for Persian Studies University of California Irvine

Imprisoned in Iran Dan Baumann, 2001 God's love is stronger than fear This book chronicles Dan Bauman's experience in Iran in 1997 when he was wrongfully accused of espionage and thrown into the most infamous high security prison in Iran Imprisonment in Iran the threat of execution and God's hand moving in the lives of the guards make this a thrilling addition to the International Adventures series *The Formation of Modern Kurdish Society in Iran* Marouf Cabi, 2021-11-04 Although the Kurds have attracted widespread international attention Iranian Kurdistan has been largely overlooked This book examines the consequences of modernity and modernisation for Iran's Kurdish society in the 20th century Marouf Cabi argues that while state-led modernisation integrated the Kurds in modern Iran the homogenisation of identity and culture also resulted in their vigorous pursuit of their political and cultural rights Focusing on the dual process of state-led modernisation and homogenisation of identity and culture Cabi examines the consequences of modernity and modernisation for the socioeconomic cultural and political structures as well as for gender relations It is the consequences of this dynamic dual process that explains the modern structures of Iran's Kurdish society on the one hand and its intimate relationship with Iran as a historical geographical and political entity on the other Using Persian Kurdish and English sources the book explores the transformation of Kurdish society between the Second World War and the 1979 Iranian Revolution with a special focus on the era of the White Revolution during the 1960s and 1970s **Creating Local Democracy in Iran** Kian Tajbakhsh, 2022-07-21 Empirically rich and theoretically informed this book is an innovative analysis of political decentralization under the Islamic Republic of Iran Drawing upon Kian Tajbakhsh's twenty years of experience working with

and researching local government in Iran it uses original data and insights to explain how local government operates in towns and cities as a form of electoral authoritarianism With a combination of historical political and financial field research it explores the multifaceted dimensions of local power and how various ideologically opposed actors shaped local government as an integral component of authoritarian state building Ultimately this book demonstrates how local government serves to undermine democratization and consolidate the Islamist regime As Iran's cities and towns grow and develop their significance will only increase and this study is vital to understanding their politics administration and influence

Democracy in Modern Iran Ali Mirsepassi, 2010-05-01 New perspectives on Iran's relationship to democracy Can Islamic societies embrace democracy In *Democracy in Modern Iran* Ali Mirsepassi maintains that it is possible demonstrating that Islam is not inherently hostile to the idea of democracy Rather he provides new perspective on how such a political and social transformation could take place arguing that the key to understanding the integration of Islam and democracy lies in concrete social institutions rather than pre conceived ideas the every day experiences rather than abstract theories Mirsepassi an Iranian native provides a rare inside look into the country offering a deep understanding of how Islamic countries like Iran and Iraq can and will embrace democracy *Democracy in Modern Iran* challenges readers to think about Islam and democracy critically and in a far more nuanced way than is done in black and white dichotomies of Islam vs Democracy or Iran vs the West This essential volume contributes important insights to current discussions creating a more complex conception of modernity in the Eastern world and with it Mirsepassi offers to a broad Western audience a more accurate less clichéd vision of Iran's political reality

From Iran to Hollywood and Some Places In-Between

Christopher Gow, 2011-06-30 The New Iranian Cinema has had a fascinating success story in world cinema and critics have hailed Iranian films as alternatives to the homogenising global influence of mainstream Hollywood cinema Drawing on seminal ideas of art cinema Christopher Gow examines how the success of this cinema and the films of Abbas Kiarostami its foremost proponent can be accounted for by the extent to which they fit into a pre established notion of art cinema Gow also expands understanding of post revolutionary Iranian cinema by examining the links between the New Iranian Cinema and emigre Iranian filmmaking from the uncompromising German films of Sohrab Shahid Salesi to Vadim Perelman's exploration of the Iranian experience of exile in the Oscar nominated *House of Sand and Fog* He reveals how this large and dispersed emigre Iranian cinema challenges our understanding of New Iranian Cinema itself and of national cinema in general

The Iranian Military in Revolution and War (RLE Iran D) Sepehr Zabir, 2012-04-27 This book is a fascinating critical examination of the characteristics and development of the armed forces in Iran their role under the Shah and their re creation in the war against Iraq as the fighting forces of Islam The author examines the contradictory accounts including the Shah's own *Answer to History* as well as newly available accounts by highly placed ex officials and interviews with exiled army officers He examines in detail the apparent shift of allegiance within the forces from the Shah to Imam and the ways in

which this was accomplished Major Iranian offensives changing strategies from human wave assault to the Tankers War and the delicate balance between the regular Army and the Revolutionary Guards are also extensively examined The book concludes with an analysis of the potential role of the armed forces in a succession crisis Nomadism in Iran D. T. Potts,2014-03-03 The classic images of Iranian nomads in circulation today and in years past suggest that Western awareness of nomadism is a phenomenon of considerable antiquity Though nomadism has certainly been a key feature of Iranian history it has not been in the way most modern archaeologists have envisaged it Nomadism in Iran recasts our understanding of this timeless tradition Far from constituting a natural adaptation on the Iranian Plateau nomadism is a comparatively late introduction which can only be understood within the context of certain political circumstances Since the early Holocene most if not all agricultural communities in Iran had kept herds of sheep and goat but the communities themselves were sedentary only a few of their members were required to move with the herds seasonally Though the arrival of Iranian speaking groups attested in written sources beginning in the time of Herodotus began to change the demography of the plateau it wasn't until later in the eleventh century that an influx of Turkic speaking Oghuz nomadic groups true nomads of the steppe began the modification of the demography of the Iranian Plateau that accelerated with the Mongol conquest The massive unprecedented violence of this invasion effected the widespread distribution of largely Turkic speaking nomadic groups across Iran Thus what has been interpreted in the past as an enduring pattern of nomadic land use is by archaeological standards very recent Iran's demographic profile since the eleventh century AD and more particularly in the nineteenth and twentieth century has been used by some scholars as a proxy for ancient social organization Nomadism in Iran argues that this modernist perspective distorts the historical reality of the land Assembling a wealth of material in several languages and disciplines Nomadism in Iran will be invaluable to archaeologists anthropologists and historians of the Middle East and Central Asia Ethnic Identity and the State in Iran A. Saleh,2013-07-17 While the Islamic Republic has employed various strategies to mitigate the worst excesses of inter ethnic tension while still securing a Shi'a dominated Persian hegemony the systematic neglect of ethnic groups by both the Islamic Republic and its predecessor regime has resulted in the politicization of ethnic identity in Iran Sexual Politics in Modern Iran Janet Afary,2009-04-09 This book charts the history of Iran's sexual revolution from the nineteenth century to today The resilience of the Iranian people forms the basis of this sexual revolution one that is promoting reforms in marriage and family laws and demanding more egalitarian gender and sexual relations Power, Perception, and Politics in the Making of Iranian Grand Strategy Kevjn Lim,2022-07-04 This book explains changes to Iranian grand strategy over the past four decades and it does so by advancing a multicausal model that unifies the three main paradigms of International Relations IR theory Hence ideas constructivism mediate between the structure of material capabilities realism and agents liberalism and interact with each to produce respectively threat perception and political preferences Using these two explanatory factors the author demonstrates how

the Islamic Republic's grand strategy has systematically varied over time to produce a mix of outcomes that includes balancing expansionism bandwagoning appeasement engagement and retrenchment Beyond its theoretical contribution this book is policy relevant in that it explains and predicts the external conduct of what is arguably the Middle East's most consequential actor with implications reverberating far beyond the region Academic in conception and rigor the book is intended not only for specialists and practitioners but appeals to the lay reader interested in the broader Middle East West Asia the region's relationship with major powers and regional conflict dynamics

Brill's Companion to War in the Ancient Iranian Empires, 2024-10-21 Brill's Companion to War in the Ancient Iranian Empires examines military structures and methods from the Elamite period through the Achaemenid Seleucid Arsacid and Sasanian empires War played a critical role in Iranian state formation and dynastic transitions imperial ideologies and administration and relations with neighbouring states and peoples from Central Asia to the Mediterranean Twenty chapters by leading experts offer fresh approaches to the study of ancient Iranian armies strategy diplomacy and battlefield methods and contextualise famous conflicts with Greek and Roman opponents

Foucault in Iran, 1978-1979 Johann Beukes, 2020-12-31 In 1978 Michel Foucault went to Iran as a distinguished intellectual but novice political journalist controversially reporting on the unfolding revolution undeniably compromising and wounding his reputation in the European intellectual community Given the revolution's bloody aftermath and its violent theocratic development is Foucault's Iranian expedition simply to be understood as a critical error in judgement with disastrous consequences for his legacy What exactly did Foucault hope to achieve in Iran in 1978 1979 explicitly supporting the cause of the revolting masses and effectively isolating himself from the European intellectual community and the Western liberal tradition The book investigates this open nerve in the Foucault scholarship by interpreting Foucault's primary texts from this period commenting on the various positions in the scholarship over the past three decades and eventually proposes that Foucault's mistake resulting from his self-consciousness and uncertainty was indeed a highly philosophical endeavour but was completely misinterpreted by his contemporaries and even his most noteworthy biographers The issue of Foucault's involvement in Iran is still a relatively unexplored theme in Foucault research and one that is actually bypassed by the majority of Foucault scholars since the general view is that it was a breathtaking mistake comparable to Heidegger's flirtation with National Socialism This book will provide value and advance knowledge in this area firstly by presenting the three concepts that are in my opinion key to understand Foucault's involvement in the Iranian revolution Otherness Present history and Political spirituality Secondly by providing a thorough overview of what really happened in Iran after Foucault arrived in Tehran in September 1978 and what really happened was not conforming to the West's idea of progression but an Iranian idea of progression on its own terms Thirdly by disseminating Foucault's reports back to France in a detailed and forensic fashion Fourthly by providing a solid overview of the interpretations on this issue however reluctant and scarce from the scholarship over the past three decades Fifthly by

presenting Foucault's involvement in the Iranian revolution not as a mistake or a critical error in judgement but as a deeply philosophical position that actually corresponds to many of Foucault's theoretical positions on power death madness uncertainty spirituality Orientalism and Otherness preceding the revolution in Iran The detailed historical overview of Foucault's involvement in the Iranian revolution the responsible and non polemical overview of the scholarship's attempts to deal with the issue and the author's original interpretation and presentation of the legitimacy of Foucault's presence in Iran from September 1978 to April 1979 In an age where it has become urgent to reinterpret both Shia and Sunni legacies within the context of radicalised Islam the book argues for a Foucaultian recognition of the Orient Other as nothing more than An Other Self

American Missionaries in Iran during the 1960s and 1970s Philip O. Hopkins, 2020-09-22 This work explores the interaction of American Protestant missionaries with Iranians during the 1960s and 1970s It focuses on the missionary activities of four American Protestant groups Presbyterians Assemblies of God International Missions and Southern Baptists It argues that American missionaries' predisposition toward their own culture confused their message of the gospel and added to the negative perception of Christianity among Iranians This bias was seen primarily in the American missionaries' desire to modernize Iran through education and healthcare and between the missionaries' relationship with Iranian Christians Iranian attitudes towards missionary involvement in these areas are investigated as is the changing American missionary strategy from a traditional method where missionaries had the final say on most matters related to American and Iranian Christian interaction to the beginnings of an indigenous system where a partnership developed between the missionary and the Iranian Christian

Islam, Democracy and Religious Modernism in Iran (1953-2000) Forough Jahanbakhsh, 2001-01-01 This volume focuses primarily on the question of the compatibility of Islam and democracy It highlights the contribution of seven prominent pre and post revolutionary Iranian religious thinkers on the subject Situating the discussion in its specific religious context the book critically examines those elements that are usually referred to as democratic norms in Islamic tradition It also provides for the first time an exposition of the emergence of religious intellectualism in post revolutionary Iran focusing on the ideas of its leading figure Abdolkarim Soroush His discussion of religious democratic government presents a paradigm shift in the Muslim modernists' discourse on the issue The book also delineates the intellectual component of the current reformist movement in Iran and sheds light on the challenges that the pro democracy movement has to overcome

Mass Protests in Iran Masoud Kazemzadeh, 2023-09-05 *Mass Protests in Iran From Resistance to Overthrow* explores the various waves of protests in Iran over the past 44 years surveying their causes consequences and outcomes The author argues that the regime and its support base of fundamentalist groups constitute a minority in Iran and lack legitimacy and thus the regime uses repression and violence to secure its rule The result is a pre revolutionary situation and a shifting political landscape of overthrows constant mass protests and mass repression Kazemzadeh's analysis highlights the factors that would assist the fundamentalist regime in succeeding in suppressing these

protests and the factors that would assist the Iranian people in defeating the fundamentalist regime Written in an accessible style this timely book offers a much needed contribution to the literature on Iranian politics It will be of interest to students and scholars as well as policy makers interested in Middle Eastern studies social movements protest movements political science and sociology
