## **Inside Reagans Navy The Pentagon Journals:**

*Inside Reagan's Navy* Chase Untermeyer, 2015-02-15 While serving as an assistant to Vice President George H W Bush Chase Untermeyer concluded that the only way to learn how the US government really works was to leave the silken cocoon of the White House and seek a position in one of the departments or agencies In March 1983 when offered an appointment as a deputy assistant secretary of the Navy he jumped at the opportunity After only a year as a DASN he was named by President Ronald Reagan as assistant secretary for Manpower Reserve Affairs in charge of all personnel issues affecting nearly one million sailors and Marines and a third of a million civilian workers *Inside Reagan's Navy* offers an engaging up close narrative of Untermeyer's experiences in the Pentagon interwoven with descriptions of events and people humorous anecdotes and telling quotations As in his earlier book *When Things Went Right The Dawn of the Reagan Bush Administration* *Inside Reagan's Navy* paints a portrait of official Washington during the Reagan years with its politics parties and personalities

**Needs and Opportunities in the Modern History of the U.S. Navy** Michael J. Crawford, 2018 This is a compilation of a series of papers presented in conjunction with a year long lecture series sponsored by the Naval History and Heritage Command Provided by publisher

**Aircraft Carrier Requirements and Strategy, 1977-2001** Ryan Peeks, 2020 This publication looks at aircraft carrier requirements in the U S Navy between 1977 and 2001 covering the Carter Reagan George H W Bush and Clinton Presidential administrations It examines the process by which the Navy the Office of the Secretary of Defense OSD the Joint Staff Congress and Presidential administrations determined how many aircraft carriers the Navy needed how to pay for and build those carriers and what to do with those vessels once they were in service Taking this wider view of defense resourcing and planning will allow readers to see how the Navy fit in the wider national security picture

**The Cold War** Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide

additional context to the material      **The Matriarch** Susan Page, 2019-04-02 INSTANT NEW YORK TIMES BESTSELLER  
The rare biography of a public figure that is not only beautifully written but also shockingly revelatory The Atlantic A vivid biography of former First Lady Barbara Bush one of the most influential and under appreciated women in American political history Barbara Pierce Bush was one of the country's most popular and powerful figures yet her full story has never been told THE MATRIARCH tells the riveting tale of a woman who helped define two American presidencies and an entire political era Written by USA TODAY's Washington Bureau chief Susan Page this biography is informed by more than one hundred interviews with Bush friends and family members hours of conversation with Mrs Bush herself in the final six months of her life and access to her diaries that spanned decades THE MATRIARCH examines not only her public persona but also less well known aspects of her remarkable life As a girl in Rye New York Barbara Bush weathered criticism of her weight from her mother's barbs that left lifelong scars As a young wife she coped with the death of her three year old daughter from leukemia a loss that changed her forever In middle age she grappled with depression so serious that she contemplated suicide And as first the wife and then the mother of American presidents she made history as the only woman to see and advise both her husband and son in the Oval Office As with many women of her era Barbara Bush was routinely underestimated her contributions often neither recognized nor acknowledged But she became an astute and trusted political campaign strategist and a beloved First Lady She invested herself deeply in expanding literacy programs in America played a critical role in the end of the Cold War and led the way in demonstrating love and compassion to those with HIV AIDS With her cooperation this book offers Barbara Bush's last words for history on the evolution of her party on the role of women on Donald Trump and on her family's legacy Barbara Bush's accomplishments struggles and contributions are many Now Susan Page explores them all in THE MATRIARCH a groundbreaking book certain to cement Barbara Bush as one of the most unique and influential women in American history      **Proceedings of the United States Naval Institute** United States Naval Institute, 2016-07

**Army, Navy, Air Force Journal & Register**, 1984-08      Naval War College Review, 2015      **Reagan's War Stories** Benjamin Griffin, 2022-09-15 Reagan's War Stories examines the relationship between Ronald Reagan the public and popular culture From an overview of Reagan's youth and the pulp fiction he consumed we get a sense of the future president's good evil outlook Carrying that over into Reagan's reading and choices as president Griffin situates narrative at the center of Reagan's political formation and leadership providing a compelling account of both Reagan's life his presidency and a lens into non traditional strategy formulation Author Ben Griffin tells three stories about an American president who ushered in the end of the Cold War A survey of Reagan's youth and the fiction he consumed and created as an announcer and actor reveals how the future president's worldview developed A look at the rise of fiction and popular culture rife with pro Americanism in the 1980s details a uniquely symbiotic relationship between the chief executive and popular culture in framing the Cold War as a struggle with an Evil Empire in the Soviet Union Finally Griffin outlines how presidential

personality and reading preferences shaped President Reagan's pursuit of the Star Wars initiative and belief in the transformative combination of freedom and technology. Griffin demonstrates that novels by Tom Clancy, Louis L. Amour, and science fiction influenced Reagan's view of 1980s geopolitics. His identification with fiction led Ronald Reagan to view European Cold War issues with more empathy but harmed the president's policymaking when the narrowness of his reading led him to apply a white hat/black hat framework that did not match the reality of conflict in Latin America. Reagan treated fictional portrayals seriously, believing they shaped public views and offered valid ways to think through geopolitical issues. Seeking to shape the reading habits of the public, his administration sought to highlight authors who shared his worldview like Tom Clancy, Louis L. Amour, and Allen Drury over other popular writers like Robert Ludlum and John Le Carré who portrayed the Cold War in less stark moral terms. The administration's favored popular authors in turn intentionally incorporated Reagan-era policies into their work to advocate for them through fiction, thus reaching a broader audience than via official government releases and speeches. Showing how Reagan used narrative as both a consumer and a communicator, Griffin notes that Reagan identified with certain stories and they shaped him as a political leader and later influenced his approach to complex issues. When handled deftly, incorporating fiction created a common language across the administration and provided a way to convey messages to the masses in a memorable fashion. Parameters, 1990 **Tax Reduction**

**Proposals** United States. Congress. Senate. Committee on Finance, 1981 *Journal of the Senate of the United States of America* United States. Congress. Senate, *American Dreams* H. W. Brands, 2011-05-31 From bestselling historian H. W. Brands, an incisive chronicle of the events and trends that guided and sometimes misguided our nation from the A-bomb to the iPhone. For a brief, bright moment in 1945, America stood at its apex, looking back on victory not only against the Axis powers but against the Great Depression and looking ahead to seemingly limitless power and promise. What we've done with that power and promise over the past six decades is a vitally important and fascinating topic that has rarely been tackled in one volume and never by a historian of H. W. Brands's stature. As *American Dreams* opens, Brands shows us a country dramatically different from our own: more unequal in social terms but more equal economically; more religious and rural but also more liberal and more wholeheartedly engaged with the rest of the world. As he traces the changes we have gone through as a nation, he reveals the great themes and dreams that have driven America: the rising focus on individual rights and pleasures; the growing distance between our global goals and those of the rest of the world; and the inexorable dissolution of a shared sense of what it means to be American. In Brands's adroit hands, these trends unfold through a character-driven narrative that sheds brilliant light on the obvious highs and lows, from Watergate to the Berlin Wall, from Apollo 11 to 9/11, from My Lai to shock and awe. But he also chronicles the surprising impact of less celebrated events and trends. Through his eyes, we realize the sweeping significance of the immigration reforms of the 1960s, which gradually transformed American society. We come to grasp the vast impact of abandoning the gold standard in 1971, which enabled both globalization and the

current financial crisis We ponder the unnerving results of CNN s debut in 1979 which sped up the news cycle and permanently changed our foreign policy by putting its effects live on our TV screens Blending political and cultural history with his keen sense of the spirit of the times Brands captures the national experience through the last six decades and reveals the still unfolding legacy of dreams born out of a global cataclysm **Congressional Record** United States.

Congress,1999 *The Reagan Revolution Iii* Richard C. Thornton,2009-09-03 Volume III of the Reagan Revolution series recounts the president s successful defeat of the Soviet drive for global hegemony for strategic weapons superiority political domination of the Eurasian landmass and decisive leverage over world oil In volumes I and II of this study I analyzed the president s decisions to jettison the failed strategy of detente and seek victory in the Cold War In broadening the nation s economic base to sustain a more powerful military capability he confronted the Soviet military challenge Simultaneously he worked to rebuild the Western Alliance which had disintegrated during the detente years In this volume I show how Reagan foiled the Soviet drive for strategic weapons superiority with a complex high technology weapons buildup and a surprise shift to strategic defense inaugurating a fundamental change in the national security equation He neutralized the Soviet attempt to dominate the Eurasian landmass with the SS 20 missile by deploying the Pershing II cruise missile package to Western Europe And he blocked the Soviet drive to shift Iran into its orbit thereby preserving the secure flow of oil to the west and opening the door to an improvement of relations with Iran Recognizing that the Soviet Union was overextended fueling revolutionary movements on four continents and deeply mired in Afghanistan the president raised the costs of competition for the Soviet economy already laboring under the heavy burden large scale military expenditures He worked for reduced energy prices reducing Soviet hard currency earnings while at the same time blocking the transfer of high technology upon which the Soviet Union depended to remain competitive with the United States By the middle of 1984 the Soviet leadership concluded that its strategy had failed and would have to be changed Naval Strategy and National Security Steven E. Miller,Stephen Van Evera,2014-07-14 These essays from the journal International Security cover aspects of past and present naval technologies and explore current disputes over American naval doctrine Four of the contributions those by Linton Brooks John Mearsheimer Barry Posen and Joshua Epstein describe the case for and against the Reagan administration s controversial Maritime Strategy which has formed the basis for the administration s buildup to a six hundred ship navy Other articles describe Soviet naval doctrine assess the risk of nuclear war at sea and outline the evolution of major naval technologies and doctrines Part I Naval Strategy Planning a Navy The Risks of Conventional Wisdom R James Woolsey Naval Power and National Security The Case for the Maritime Strategy Linton F Brooks A Strategic Misstep The Maritime Strategy and Deterrence in Europe John J Mearsheimer Horizontal Escalation Sour Notes of a Recurrent Theme Joshua M Epstein Naval Power and Soviet Global Strategy Michael MccGwire Part II Naval Technology Technology and the Evolution of Naval Warfare Karl Lautenschlager Will Strategic Submarines Be Vulnerable Richard L Garwin The Submarine in Naval Warfare
