Inside Room Untold Irelands Government:

The Revelation of Ireland Diarmaid Ferriter, 2024-09-05 THE NUMBER 1 IRISH TIMES BESTSELLER SHORTLISTED FOR THE IRISH BOOK AWARDS HISTORY BOOK OF THE YEAR 2024 An Irish Times Book of the Year 2024 Ireland is a strikingly different country now to the one it was in the mid 1990s Dramatic economic social and cultural changes including the Celtic Tiger boom and increasingly secular debate about abortion the status of women and same sex marriage underlined the scale of the transformation The new diversity of the population and literary and musical prowess also revealed a country experiencing rapid alteration The road to peace that saw an end to war in Northern Ireland and culminated in the first visit to southern Ireland of a reigning British monarch in 100 years illuminated the new Anglo Irish dynamic Explosive revelations about deep betrayals from the past destroyed the credibility of the traditionally powerful Catholic Church And in the wake of the 2008 financial crash Ireland rebounded and rebuilt to great success but remained plagued by health and housing failures Economic recovery the end of civil war politics ever closer European involvement and Anglo Irish highs were followed by Brexit lows and increasing talk of Irish unity There is much to open people s eyes in this riveting account of contemporary Ireland As the Republic enters its second century of independence and the North continues to grapple with the legacy of the Troubles Diarmaid Ferriter makes historical sense of post 1990s Ireland and what lies in the darkest corners of its archives

Politics in the Republic of Ireland John Coakley, Michael Gallagher, 2017-12-01 Politics in the Republic of Ireland is now available in a fully revised sixth edition Building on the success of the previous five editions it continues to provide an authoritative introduction to all aspects of the government and politics in the Republic of Ireland Written by some of the foremost experts on Irish politics it explains analyses and interprets the background to Irish government and contemporary political processes It devotes chapters to every aspect of contemporary Irish government and politics including the political parties and elections the constitution the Taoiseach and the governmental system women and politics the role of parliament and Ireland s place within the European Union Bringing students up to date with the very latest developments especially with the upheaval in the Irish party system Coakley and Gallagher combine substance with a highly readable style providing an accessible textbook that meets the needs of all those who are interested in knowing how politics and government operate in Ireland

A History of Irish Autobiography Liam Harte, 2018-03-01 A History of Irish Autobiography is the first ever critical survey of autobiographical self representation in Ireland from its recoverable beginnings to the twenty first century The book draws on a wealth of original scholarship by leading experts to provide an authoritative examination of autobiographical writing in the English and Irish languages Beginning with a comprehensive overview of autobiography theory and criticism in Ireland the History guides the reader through seventeen centuries of Irish achievement in autobiography a category that incorporates diverse literary forms from religious tracts and travelogues to letters diaries and online journals This ambitious book is rich in insight Chapters are structured around key subgenres themes texts and practitioners each featuring a guide to

recommended further reading The volume s extensive coverage is complemented by a detailed chronology of Irish autobiography from the fifth century to the contemporary era the first of its kind to be published *Core Executives in a Comparative Perspective* Kristoffer Kolltveit, Richard Shaw, 2022-05-06 This book examines the contemporary relevance of the concept of the core executive across a range of constitutional contexts covering examples from Westminster system continental Europe and Scandinavia Much study of core executives focuses exclusively on the Westminster system but this book expands that scope to take into account nations where coalition government has been the norm for decades Focusing on the interaction between the political and administrative executives the book addresses tensions between the two that have become increasingly apparent in an age of populism and mediatisation *Independents in Irish party democracy* Liam Weeks, 2017-05-15 This book examines the phenomenon of the independent politician believed to be extinct in most political systems It is very much alive and well in Ireland and has experienced a considerable resurgence in recent years Independents won a record number of seats in 2016 and had three ministers appointed to cabinet This presence is very unusual from a comparative perspective and there are more independents in the Irish parliament than the combined total in all other industrial democracies The aim of this book is to explain this anomaly how and why independents can endure in a democracy that is one of the oldest surviving in Europe and has historically had one of the most stable party systems **The history of marriage equality in Ireland** Sonja Tiernan, 2020-03-24 Tracing the campaign for marriage equality this book highlights how this movement and the related referendum result have propelled Ireland from a country perceived as one repressed and controlled by the Catholic church to a country that is now admired as a leader in equality of human rights **The Constitution of Ireland** Oran Doyle, 2018-11-29 This book provides a contextual analysis of constitutional governance in Ireland It presents the 1937 Constitution as a seminal moment in an ongoing constitutional evolution rather than a foundational event The book demonstrates how the Irish constitutional order revolves around a bipartite separation of powers The Government is dominant but is legally constrained by the courts particularly in their interpretations of the fundamental rights protected by the Constitution In recent decades the courts have weakened the constitutional constraints on the Government Political constraints imposed by opposition parties in Parliament and new accountability institutions such as the Ombudsman have moderately strengthened but the Government remains by far the most powerful political actor There is a risk that such executive dominance could lead to democratic decay however the referendum requirement for constitutional amendment has prevented Governments from accumulating greater constitutional power The book begins with an overview of Irish constitutional history leading to the enactment of the 1937 Constitution before exploring the foundational decisions made by the Constitution in relation to territory people and citizenship Particular attention is paid to the constitutional relationship with Northern Ireland currently unsettled by the decision of the United Kingdom to leave the European Union The book details the key institutions of state Government Parliament President and courts before analysing

how different constitutional actors exercise their respective powers of governance contestation and oversight A thematic approach is taken to the courts interpretation of fundamental rights showing how judicial attitudes have markedly changed over time Further attention is paid to both formal amendment and informal constitutional change The Constitution today is markedly different from 1937 it is non committal on national reunification less influenced by Roman Catholic natural law teaching and generally more permissive of Government action It is perhaps these developments however that explain its continued success or at least its longevity *Ministers, Minders and Mandarins* Richard Shaw,Chris Eichbaum,2018-06-29 Ministers Minders and Mandarins collects the leading academics in the field to rigorously assess the impact and consequences of political advisers in parliamentary democracies The 10 contemporary and original case studies focus on issues of tension trust and tradition and are written in an accessible and engaging style **The European left and the financial crisis** Michael Holmes,Knut Roder,2019-08-27 This timely collection addresses key questions including How did political parties from the Left respond to the crisis What does the crisis mean for the relationship between the Left and European Integration and what does it mean for socialism as an economic political and social project **Madam Politician** Martina Fitzgerald,2018-10-12 Only 10 per cent of those who have sat at the cabinet table in Ireland in almost 100 years have been women totalling just 19 female politicians Along with the two former female presidents of Ireland all of the living members of this exclusive club are interviewed here for the first time collectively bringing together their voices to reveal the challenges and triumphs of getting to the top table of Irish political life The interviewees are Mary Robinson Mary McAleese M ire Geoghegan Quinn Gemma Hussey Mary O Rourke Nora Owen Niamh Bhreathnach Mary Harney S le de Valera Mary Coughlan Mary Hanafin Joan Burton Frances Fitzgerald Jan O Sullivan Heather Humphreys Mary Mitchell O Connor Katherine Zappone Regina Doherty and Josepha Madigan From the battles to have their voices heard to balancing a career with family life dealing with various levels of sexism and an enduring focus on appearance their personal stories are dramatic colourful and inspiring In opening up about how they secured a place at the top table of political life these women give us remarkable insights into a changing Ireland A fascinating and compelling read that couldn t be more timely Miriam O Callaghan A timely and important contribution to the contemporary reflection on women s historic and future place in Irish society and public life Emily O Reilly European Ombudsman **Trust, Accountability and Purpose** Justin O'Brien,2019-08-15 The collapse of trust can be found across all of our institutions but most of all in finance This Element seeks to answer an existential question how to rebuild trust in distrusting times Integrity responsibility and accountability must be embedded into corporate mission statements values and codes of conduct Through organisational and regulatory design across five interlocking themes legal regulatory managerial ethical and social What is required is substantive rather than technical compliance warranted rather than stated commitment to high ethical standards effective deterrence strategies enhanced accountability and a shared commitment to risk within negotiated binding and enforceable parameters How

Ireland Voted 2016 Michael Gallagher, Michael Marsh, 2016-10-27 This book is the definitive analysis of the 2016 Irish general election and is the eighth book in the well established How Ireland Voted series The 2011 election in Ireland was characterised as an earthquake but the aftershocks visible in the 2016 election were equally dramatic This election saw the rout of the government that had presided over a remarkable economic recovery and marked a new low for the strength of the traditional party system as smaller parties and independents attracted almost half of all votes The first chapter sets the context and later ones investigate the extent to which the outgoing government fulfilled its 2011 pledges and how candidates were selected The success or otherwise of campaign strategies is assessed the results and the behaviour of voters are analysed and the aftermath when it took a record length of time to form a government is explored Other chapters examine the consequence of new gender quotas for candidate selection consider the reasons for the unusual success of independents and reflect on the implications The book also reveals intriguing insights into the candidates experiences of the election both successful and unsuccessful It will be of use to students teachers and scholars of Irish politics as well as the wider reader interested in Irish politics and elections

Refugees and Forced Displacement in Northern Ireland's Troubles Niall Gilmartin, Brendan Ciarán Browne, 2022-10-15 Though forced displacement constituted a central and pervasive feature of the Northern Ireland Troubles effecting tens of thousands of citizens remarkably it has been afforded little more than a footnote or fleeting reference in most accounts of the conflict This book seeks to end the silence surrounding this neglected and ubiquitous aspect of the conflict Based on 88 in depth qualitative interviews with victims and survivors and extensive secondary research this fascinating study provides the first comprehensive examination of forced displacement in Northern Ireland The analysis presented captures the unique perspectives of those forcibly uprooted over the course of the 30 year conflict and places on historical record their stories and experiences This thought provoking work challenges and broadens prevailing understandings of conflict related violence harm and loss in Northern Ireland to demonstrate the centrality of forced movement territory and demographics to the roots

and subsequent trajectory of the Troubles In doing so it shows that to fully understand the eruption and outplaying of the Troubles and its elusive peace engagement with and understanding of the legacy of forced displacement is crucial

Daly,2016-03-24 A radical new perspective revealing the truth behind the making of modern Ireland from economic rebirth to entering the EEC Inside the Room Eamon Gilmore,2016 *Abortion and Divorce Law in Ireland* Jennifer E. Spreng,2015-03-12 In 1991 the people of Ireland elected Mary Robinson a women s rights crusader who supported legalized birth control and divorce as their president The country seemed poised for massive social and legal change but it became apparent that even though Ireland at the dawn of the 21st century would be very different from the Ireland of the past many fundamentals would remain the same This book examines Irish abortion and divorce law in their historical religious and cultural contexts Its main focus is on the well publicized referenda and court cases of the 1980s and 1990s with special attention given to their roots and potential long term effects on the communitarian Irish culture and opportunities for Irish women The author identifies and discusses three forces that have affected Irish law and mores especially those relating to abortion and divorce economic insecurity a sense of group loyalty and identification particularly within families and churches and Catholic teaching about the common good *Historical Lights* ,1892 Historical Lights Charles Eugene Little,1896 Historical Lights: Six Thousand Quotations from Standard Histories and Biographies, with Twenty Thousand Cross-references and General Index, Also an Index for Personal Names Charles Eugene Little,1886
