Inspector Swanson Fall Jack Ripper:

Jack The Ripper Paul Gainey, Stewart Evans, 2013-07-31 Stewart Evans is a policeman whose hobby is collecting true crime ephemera When a second hand bookseller rang to ask him if he would be interested in a collection of letters from the Special Branch he had no idea of the sensational revelation they would contain One of these letters supplied an astonishing piece of information not contained in the decimated Scotland Yard files The police had actually arrested and charged an American with the Ripper murders but he escaped and disappeared in America The Ripper murders ceased The book reveals for the first time the identity of Jack the Ripper

The Complete History of Jack the Ripper Philip Sugden, 2012-03-01 The murders in London between 1888-91 attributed to Jack the Ripper constitute one of the most mysterious unsolved criminal cases This story is the result of many years meticulous research The author reassesses all the evidence and challenges everything we thought we knew about the Victorian serial killer and the vanished East End he terrorized

Jack the Ripper Suspects: The Definitive Guide and Encyclopedia Paul Williams, RJ Parker, 2018-03-28 In the autumn of 1888 a serial killer known as Jack the Ripper stalked the East End of London He was never identified but hundreds of people were accused Some were known to the authorities at the time and others were named by later researchers The truth about them and the reasons why they came under suspicion is often lost in a plethora of opinions and misinformation For the first time this book presents the evidence against 333 suspects They include the publican who painted his dog the first woman sentenced to the electric chair the writer of the Red Flag the man with a thousand convictions Britain's oldest Prime Minister and many others People from all walks of nineteenth century life representing many different nationalities and professions United by a link however tenuous to the most famous murderer in history

Jack the Ripper's New Testament Nigel Graddon, 2019-09-12 This book offers evidence for the first time that those responsible for the Whitechapel murders were members of a hit team associated with a centuries old European occult confederacy dedicated to human sacrifice This was first mooted by Jim Keith in his 1993 book *Secret and Suppressed* and then corroborated in the private papers of a Monsignor who carried out intelligence work for Pope Pius X in the run up to the outbreak of global conflict in 1914 The priest told of the existence of a Vatican based cabal of assassins known to its members by the maxim *Dead Men Carry No Tales* formed by the infamous Borgias that is in alliance with a Teuton occult group formed in the 9th century It was from within this unholy alliance that assassins travelled to London to carry out the Ripper murders to solve a sticky problem for the British Royal Family Keith's Vatican informant Part of the substantiation for this evidence derives from Joseph Farrell in his recent *Hess and the Penguins* book for AUP The evidence also substantiates Keith's informant's astonishing claim that the assassins came together in a conference in Basle in 1897 to put the building blocks together for National Socialism and to prepare the blueprint for the Holocaust For the first time also the book substantiates a new line of research that suggests that the work of key figures from America and Britain within the nineteenth century's highly influential and richly funded Bible Revision movement was associated with the grisly events in London's East End during 1888's Autumn of Terror Topics include Mr Splitfoot Whitechapel Martha HPB Polly The Occult Underground Dark Annie The Occult Establishment Long Liz The Lady with the Lilacs From Lilacs to Violets Mary Kelly Baconalia Rothschild's Bible Basle 1897 Through the Looking Glass more

The Crimes of Jack the Ripper Paul Roland, 2012-07-12 Roland provides a well balanced overview extensively illustrated and with timely coverage of some of the latest theories and research Stephen P Ryder Editor Casebook Jack the Ripper More than a century after he stalked the streets of London's East End Jack the Ripper continues to exert a macabre fascination on the popular imagination After scrupulously re-examining official documents of the time investigative journalist Paul Roland strips away decades of myth and misconceptions to reveal the identity of a brand new suspect who has never been seriously considered until now If you are expecting a finger to be pointed at one of the usual suspects be prepared to have your assumptions turned on their head If these crimes were being investigated today what would the authorities consider to be the vital clues How would their profilers describe England's first serial killer and who would they be looking to convict As Roland makes clear in this book nothing about the Whitechapel murders can be taken at face value **Historic Criminal Trials**

and Errors Don Weber, 2024-02-12 Don Weber brings his fifty plus years of experience in writing and the criminal law to the reader This book is a must read for true crime enthusiasts Ripperologists and anyone interested in increasing their knowledge of crime and criminal trials The bestselling author gives the reader the details of forensic science and the criminal law in simple easily understood language The author has tried hundreds of criminal jury cases both as a prosecutor and a defense lawyer He details the real life use of DNA science psychological profiling bite mark comparison gunshot analysis and many other aspects of forensic evidence The book also explains most aspects of criminal law and procedure such as the little understood Felony Murder Rule and the valuable but often overlooked use of the Grand Jury and the prior consistent statement rule Along the way real trials and historic trials that never happened are detailed From the badly botched murder of the Czar and his family to the forensic evidence that saved Wyatt Earp from the gallows historic crimes are described and autopsied The fictional trial of Robert Kennedy for the murder of Marilyn Monroe and the trial and execution of Jack the Ripper are based on actual facts taken from the historic evidence Readers who want to sharpen their skills concerning crime and evidence and increase their understanding of criminal trials must have this riveting and informative book in their library

Were Wyatt Earp and Doc Holiday saved from the gallows by forensic evidence Would Robert Kennedy have taken the witness stand in his trial for the murder of Marilyn Monroe The trial and hanging of Aaron Kosminski for the Jack the Ripper murders

Jack the Ripper Victor Stapleton, 2014-10-20 The first highly illustrated work to explain the full story of Jack the Ripper including the history the conspiracy theory and his enduring popularity as a character in the mass media Over a century ago terror stalked the streets of Whitechapel Jack the Ripper's brutal campaign of murder panicked Victorian London at the time but his legacy reaches out to the present day If anything the story of Jack is now more confusing obscure and mysterious than ever With each passing generation new theories and suspects spring up adding a new page to a legend that has turned Jack from a historical figure into a mythical character who has become a star of folklore literature and cinema Within these pages Victor Stapleton embarks on a quest retracing the serial killer's bloody tracks through the foggy alleys of London to finally reveal the true story of Jack the Ripper

Jack the Ripper Gavin Baddeley, 2022-06-13 Five brutal murders shocked London in the summer and autumn of 1888 They have never been forgotten The Jack the Ripper case has never been solved the killer remains a blood spattered silhouette Although Jack as an entity was almost certainly invented by an unscrupulous journalist he became an archetype decked in the top hat and cloak of a Victorian melodrama villain stalking the fog wreathed streets of the old East End The numerous Ripper theories which emerged at the time tell us more about Victorian attitudes than they do about the killer's true identity In Jack the Ripper the authors follow the grim homicidal trails that have permeated popular culture since the Whitechapel murders of 1888 It tells the victim's stories in all their desperate poignancy and explores the theories and suspects of the burgeoning field of ripperology Conspiracy theories and myths that swirl around the case to this day from black magicians to the royal family are considered as is the modern forensic view of the Ripper murders as sex crimes with reference to disturbing modern cases such as that of the Plumstead Ripper Terrifying and unignorable this is the ultimate book on Jack the Ripper
