

Leaving School Poem

Leaving

Primary school is over now with high school coming fast,
I have to tell you this last year has simply been a blast.

Shortly you'll be moving on to somewhere fresh and new,
This school will be so different when we do not have you.

We've watched you grow and turn into the person that you are,
To read and write and count with ease, you simply are a star!

We want you to remember, a message from us all,
Live your life and chase your dreams, whether big or small.

You are unique and wonderful and sadly, will be missed.
So grab life and forever hold it tightly in your fist.

Goodbye from us and thank you as it has been so much fun,
Remember you are special and you're simply number one!

Inspirational Poems About Moving Schools:

Learning Indoors and Out in the Primary School Dawn Thomas, 2025-12-01 This fascinating book equips readers with the ability to reconnect children with nature while enhancing their academic achievement. It offers ready-to-use schemes of work with cross-curricular applications and real-world case studies to show how outdoor spaces can be transformed into powerful learning environments that promote connection with nature while delivering curriculum objectives more effectively. Although outdoor learning has the ability to boost children's motivation, wellbeing, and engagement, many teachers often lack the confidence, time, and structure to implement it effectively. Learning Indoors and Out in the Primary School offers a practical solution: a strategic framework that seamlessly integrates outdoor experiences with classroom instruction. This essential resource provides primary educators with a whole-school approach that ensures progression in skills and knowledge across all learning environments, from classrooms to school grounds, local areas, field trips, and residential trips. The author provides practical strategies that work in tandem with existing curriculum requirements and clear guidance for teachers and leadership teams on establishing sustainable outdoor learning practices. This comprehensive guide empowers any teacher or school leader to weave outdoor learning into the very fabric of their school, creating more engaging, immersive experiences for all learners.

Poems of Love, Life and Love Ones Herman L. Cannon, 2011-07-19 He has been writing poetry over the past 45 years and seems to enjoy romantic poetry more so than any other form. However, he has shown the ability to write other forms, including the writing of speeches. He began writing around 15 years old as a first-year high schooler. By the time he became a senior, he had compiled quite a number of poems in a tablet. These poems were written as a result of being in love. After graduation from high school, he shared his poetry with co-workers and friends. He has always felt that he was blessed with the innate ability to choose words that expressed his inner feelings. Being told by many that you ought to publish your poetry for all to enjoy has been repeatedly said over the past 50 years. This book of poetry will attempt to bring out a feeling of warmth and memories of someone in your life that made you feel special. Hopefully, it will arouse your inner emotions and allow you to reflect on the goodness of relatives, friends, and love ones who were instrumental in making life beautiful for you. Many of the poems depict an awareness of nature and the beauty that lies within. In many cases, the elements, whether it be wind, rain, or snow, has a message for us depending on our mood. The sky, sun, moon, and even the stars, depending on your state of mind, can send messages to your heart that could make your liver quiver. Finally, I suggest that you place a photo to the left page of the poem that you are about to read, or you may do it after. I really think this would give greater meaning and feeling for the poem.
