Radiant Shimmering Light Sarah Selecky,2018-12-04 A nuanced satire both hilarious and disconcerting that probes the blurred lines between empowerment spirituality and consumerism in our online lives Lilian Quick is 40 single and childless working as a pet portrait artist She paints the colored light only she can see but animal aura portraits are a niche market at best She's working hard to build her brand on social media and struggling to pay the rent Her estranged cousin has become internet famous as Eleven Novak the face of a massive feminine lifestyle empowerment brand and when Eleven comes to town on tour the two women reconnect Despite twenty years of unexplained silence Eleven offers Lilian a place at The Temple her Manhattan office Lilian accepts moves to New York and quickly enrolls in The Ascendency Eleven's signature program an expensive three month training seminar on leadership spiritual awakening and marketing Eleven is going to help her cousin become her best self confident affluent and self actualized In just three months Lilian's life changes drastically She learns how to break her negative thought patterns achieves financial solvency grows an active and engaged online following and builds authentic friendships She finally feels seen for who she really is Success But can Lilian trust everything Eleven says This compelling heartfelt satire asks us How do we recognize authenticity when storytelling and magic have been co-opted by marketing **The Performance of Self** Ruchir Saurabh,2025-09-04 What does it mean to be authentic in a world where every moment feels like a performance We live in an age obsessed with authenticity Social media demands our vulnerability workplaces reward polished narratives and even our friendships and intimacies are touched by the language of

performance We are urged to be real yet only in ways that fit the scripts our audiences expect The result Exhaustion Identity has become theatre lived under a relentless spotlight The Performance of Self is a bold exploration of this paradox how the demand for authenticity has created a crisis of identity It reveals how the stage has expanded into every corner of life from the boardroom to Instagram from the language of therapy to the pressure of constant self disclosure The masks we wear are not merely public they follow us into private spaces Even solitude is haunted by the pressure to narrate Inside this book you will discover Why the pursuit of realness online often distances us from what is real How professional life scripts us into endless roles of confidence leadership and positivity Why burnout is not just about doing too much but about always being watched How performance infiltrates love friendship and intimacy in the digital age What it means to reclaim a private backstage away from the gaze of others Why the idea of authenticity itself has become commercialized and how to resist it How to find small practices that nurture resilience privacy and genuine connection Why reclaiming silence and invisibility can be the most radical act of selfhood today But this is not a lament for lost authenticity It is an invitation to clarity The author shows that while performance can never be fully abandoned it can be recognized reframed and resisted We may never step entirely off the stage but we can carve out spaces of freedom resilience and meaning where the self is no longer consumed by performance Why read this book Because you have felt it the weariness of curating your digital life the pressure to appear engaged and successful at work the silent demand to perform vulnerability in relationships Because you know that being human has come to feel like acting and you are searching for another way Who is this book for Professionals drained by corporate scripts and endless visibility Creators and digital natives navigating the pressures of online audiences Thinkers readers and seekers questioning what it means to live authentically Anyone who suspects that life itself has turned into theatre and wants to reclaim a private self Readers of cultural psychology modern philosophy or self reflection who crave a voice that bridges analysis with lived experience Those who long for a practical yet poetic guide to navigating burnout identity and meaning in a hyper visible world At once a cultural critique and personal reflection a lyrical inquiry and practical wisdom The Performance of Self speaks directly to the contradictions of our age It illuminates why authenticity has become both a promise and a prison and offers readers the courage to step into a different kind of freedom With rich metaphors evocative language and grounded insights this book becomes both mirror and map helping readers recognize the roles they play while guiding them toward the spaces where life can be lived more privately quietly and meaningfully Provocative Urgent Unforgettable This book asks the most important question of our time How do we remain human when life itself has become a stage
