 Washington,Ramon B. Goings,Malik S. Henfield,2020-03-01 Although teachers school counselors and administrators are all  
 situated within educational settings tasked with supporting students educational development rarely do these professionals  
 have sufficient opportunities to learn from and collaborate with one another before entering these schools Unfortunately  
 many of these professionals are unaware of the primary and secondary responsibilities their peers and colleagues assume  
 What s worse this lack of insight potentially compromises the extent to which educational leaders can forge effective  
 partnerships that benefit students from the most alienated disenfranchised and marginalized communities e g Black children  
 in under resourced schools While the educational discourse has included recommendations for maximizing interactions  
 between these educational professionals the collective voices of teachers school counselors and administrators in regards to  
 these issues has not been adequately examined Thus this book is a compilation of manuscripts and studies that explore  
 partnerships and strategies educators and educational leaders use to produce positive socio educational outcomes for Black

**African Experience in the Application of the Development Aid Effectiveness Principles** Daniel Kipleel Borter,Nadeem Malik,2023-02-25 This book analyses the diffusion and implementation of Aid Effectiveness Principles in Kenya s agricultural sector Although Aid Effectiveness Principles represent a significant step in aid and development discourse studies on its implementation remain inadequate especially in the African context This book combines the perspectives of the Kenyan government donor representatives and small scale farmers The discussion on Kenya brings in comparative perspectives and therefore would have broader relevance to the African region in general It highlights a disconnect between the government and farmers concerning the ownership concept where farmers lack a voice in

important policy matters The book shows that donors have exploited the weaknesses in government responses to interpret The Principles in ways that suit their strategic interests Consequently the book argues that the diffusion of Aid Effectiveness Principles has taken the form of symbolic imitation a form of policy diffusion where the policymakers choose policies for their symbolic value rather than their effectiveness
