A Companion to Don Quixote Anthony J. Close, 2008 The purpose of this book is to help the English speaking reader with an interest in Spanish literature but without specialised knowledge of Cervantes to understand his long and complex masterpiece its major themes its structure and the inter connections between its component parts Beginning from a review of Don Quixote s relation to Cervantes s life literary career and its social and cultural context Anthony Close goes on to examine the structure and distinctive nature of Part I 1605 and Part II 1615 the conception of the characters of Don Quixote and Sancho Cervantes s word play and narrative manner and the historical evolution of posterity s interpretation of the novel with particular attention to its influence on the theory of the genre One of the principal questions tackled is the paradoxical incongruity between Cervantes s conception of his novel as a light work of entertainment without any explicitly acknowledged profundity and posterity s view of it as a universally symbolic masterpiece revolutionary in the context of its own time and capable of meaning something new and

different to each succeeding age ANTHONY CLOSE now retired was Reader in Spanish at the University of Cambridge

Tierney,2018-01-23 In the late 1990s and early 2000s Latin American films like *Amores perros* *Y tu mamá también* and *Cidade de Deus* enjoyed an unprecedented level of critical and commercial success in the world market Benefitting from external financial and/or creative input these films were considered examples of transnational cinema Through a textual analysis of six filmmakers Alejandro González Iñárritu Alfonso Cuarón Guillermo del Toro Fernando Meirelles Walter Salles and Juan José Campanella this book examines these transnational films and the subsequent wave of commercially successful deterritorialised films by the same directors It argues that although films produced within the structures of the United States film industry may have been commercially successful they are not necessarily apolitical or totally divorced from key notions of national or continental identity Bringing a new perspective to the films of Latin America's transnational auteurs this is a major contribution towards understanding how different genres function across different cultures Bowker's Complete Video Directory 1996 R R Bowker Publishing,1996 *Paperbound Books in Print* ,1969 *Schwann Spectrum* ,1995
