Claude Jutra Jim Leach, 1999-09-01 Through close readings of Jutra s major films Jim Leach analyses their distinctive cinematic qualities and discusses the responses they have received from reviewers and critics He focuses both on the films and the historical and cultural contexts in which they were made arguing that critics have frequently used inappropriate criteria to judge them and that these misunderstandings reveal much about attitudes to Canadian cinema in general Jutra s films are shown to reflect the instability of their cinematic and cultural contexts and raise important questions about nationhood Jutra always identified himself as a separatist and his films were shaped by the rapid changes in Quebec society during the Quiet Revolution and by the political tensions of the sixties and seventies At the same time his work was often appreciated by English Canadian critics and audiences and was affected by federal film policy and

institutions Although Jutra died in 1986 his films and career still have much to tell us about Canadian cinema and media production and about the complex cultural contexts that underlie the ongoing debates on Canadian and Quebec nationhood
