Lost In Wyoming Stories:

Lost in Wyoming Scott Sadil, 2009 Twelve new stories from one of the most captivating voices in contemporary outdoor literature Fed by the fertile springs of love and sport Lost in Wyoming treats readers to a rare taste in literary fiction the bittersweet pleasures of relationships afield Men and women fathers and sons siblings separated by life's unfathomable tides the characters in these stories share in the heartfelt tug of wars immediately recognizable in all of our lives **The Lost**

Frontier Mark Asquith, 2014-06-19 The success of The Shipping News and the film of Brokeback Mountain brought Proulx international recognition but their success merely confirms what literary critics have known for some time Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America's West both past and present Yet despite the vast amount of print expended reviewing her books there has been nothing published on the Wyoming Stories There is appetite for such a work the plethora of critical work on McCarthy's Border Trilogy indicates that the reinvention of the West is a subject for serious academic study Annie Proulx's Wyoming Stories fills this critical void by offering a detailed examination of the key stories in the trilogy Close Range 1999 Bad Dirt 2004 Fine Just the Way it Is 2008 The chapters are arranged according to western archetypes the Pioneer Rancher Cowboy Indian and arguably the most important character of them all in Proulx's fiction Landscape Annie Proulx's Wyoming Stories offers students a clear sense of the novelist's early life and work stylistic influences and the characteristics of her fiction and an understanding of where the Wyoming Stories and Annie Proulx's work as a whole fits into traditional and contemporary writing about the American West *Lost Canyons of the Green River* Roy Webb, 2012-04-15 Takes the reader on a journey back in time to discover the Green River as it once was

Old Brands and Lost Trails Ivan Denton, 1991-01-01 **Lost in the New West** Mark Asquith, 2021-10-07 Lost in the New West investigates a group of writers John Williams Cormac McCarthy Annie Proulx and Thomas McGuane who have sought to explore the tensions inherent to the Western where the distinctions between old and new myth and reality authenticity and sentimentality are frequently blurred Collectively these authors demonstrate a deep seated attachment to the landscape people and values of the West and offer a critical appraisal of the dialogue between the contemporary West and its legacy Mark Asquith draws attention to the idealistic young men at the center of such works as Williams's Butcher's Crossing 1960 McCarthy's Blood Meridian 1985 and Border Trilogy Proulx's Wyoming stories and McGuane's Deadrock novels For each writer these characters struggle to come to terms with the difference between the suspect mythology of the West that shapes their identity and the reality that surrounds them They are in short lost in the new West *Losing Matt Shepard* Beth Loffreda, 2001-11-05 Explores why the 1998 murder of gay student Matthew Shepard in Laramie Wyoming set off a media frenzy and continues to haunt the nation and examines how the politics of sexuality unfolded in the small town **The Long Term Missing** Silvia Pettem, 2017-03-17 When loved ones go missing the lives of their family members are turned upside

down As the days and months turn into years some families are caged in by their grief while others become proactive renewing police contacts keeping up with the latest technologies and educating themselves as they strive to become their long term missing persons advocates By inspiring hope as well as providing answers and practical advice *The Long Term Missing Hope and Help for Families* assists families in navigating the uncharted territory they never chose to enter Author Silvia Pettem also provides families with information to better understand how law enforcement and related agencies work to solve missing persons cases Along the way she takes her readers behind the scenes while emphasizing that every unidentified person is a missing person to someone else With real cases both solved and unsolved the book also illustrates the resources available and the actions that family members civilians and law enforcement agencies can take to search for long term missing persons to identify previously unknown remains and to bring the missing persons home *The Long Term Missing Hope and Help for Families* inspires hope and gives answers as it empowers family members of long term missing persons to be proactive and to become their missing persons advocates
