Rose Army, 2002-02 **The World in the Curl** Peter J. Westwick, Peter Neushul, 2013-07-23 Draws on decades of experience and the popular team taught courses at the University of California at Santa Barbara to trace the cultural political economic and environmental aspects of surfing while evaluating the diverse range of influences that have rendered the sport a billion dollar worldwide industry *Lost Orlando* Stephanie Gaub Antequino, Tana Mosier Porter, 2012 Orlando amounted to little more than scattered log cabins in the pine forest when Orange County established it as the county seat in 1857 One of the earliest buildings was a log hotel indicating Orlando's future as a tourist destination After its incorporation in 1875 wood frame structures replaced the log cabins and prosperous citizens built large houses around the developing government and business center By 1900 as Orlando recovered from the economic disaster of the Great Freeze of 1894 and 1895 brick construction replaced wood frame as once pretentious houses close to the central city were torn down to make way for modern business blocks As residences moved to less congested neighborhoods schools and churches followed From its beginning people arrived in Orlando to prosper and build Those men and their buildings are gone but the history of the city is richer because of their presence Orlando's story can be traced through the continuing cycle of constructing demolishing and rebuilding anew **Latino History and Culture** David J. Leonard, Carmen R. Lugo-Lugo, 2015-03-17 Latinos are the fastest growing population in America today This two volume encyclopedia traces the history of Latinos in the United States from

colonial times to the present focusing on their impact on the nation in its historical development and current culture Latino History and Culture covers the myriad ethnic groups that make up the Latino population It explores issues such as labor legal and illegal immigration traditional and immigrant culture health education political activism art literature and family as well as historical events and developments A Z entries cover eras individuals organizations and institutions critical events in U S history and the impact of the Latino population communities and ethnic groups and key cities and regions Each entry includes cross references and bibliographic citations and a comprehensive index and illustrations augment the text

Tommy Gun Winter Nathan Gorenstein,2015-04-07 This is the true tale of two brothers sons of a successful Jewish contractor who along with an MIT graduate and a minister s daughter once competed for headlines with John Dillinger Pretty Boy Floyd and Bonnie and Clyde The gang was led by the angry violent yet often charismatic Murton Millen a small time hoodlum and aspiring race car driver With his younger brother Irv and later joined by neighborhood buddy and MIT graduate Abe Faber Murt launched a career of increasingly ambitious robberies But it was only after his sudden marriage to the beautiful eighteen year old Norma Brighton that the gang escalated to murder Their crime wave climaxed at a Needham Massachusetts bank on February 2 1934 when Murt cut down two local police officers Francis Haddock and Forbes McLeod with a Thompson submachine gun stolen from state police The killings the dogged investigation by two clever detectives and the record setting trial with seventeen psychiatrists were national news In Depression era America this Boston saga of sex ethnicity and bloodshed made the trio and their red headed gun moll infamous Gorenstein s account explores the Millen Faber and Brighton families and introduces us to cops psychiatrists newspaper men and women and ordinary citizens caught up in the extraordinary Tommy Gun Winter of 1934 Ariosto 1974 in America Aldo D. Development, December 2005 International Monetary Fund. External Relations Dept.,2005-12-01 This paper reviews the resurgence of Latin America The paper highlights that much of the region has witnessed a swift and robust recovery from the successive financial crises of 2001 02 Within two years the region s economic growth reached 5 6 percent in 2004 a 24 year high Growth rates of about 4 percent in 2005 and 33 4 percent projected for 2006 are well above historical averages Mexico and South American countries have gained in particular from the surge in fuel food and metals prices and have generally been able to exploit these opportunities by expanding production *Women Photographers and Feminist Aesthetics* Claire Raymond,2017-04-21 *Women Photographers and Feminist Aesthetics* makes the case for a feminist aesthetics in photography by analysing key works of twenty two women photographers including cis and trans woman photographers Claire Raymond provides close readings of key photographs spanning the history of photography from nineteenth century Europe to twenty first century Africa and Asia She offers original interpretations of well known photographers such as Diane Arbus Sally Mann and Carrie Mae Weems analysing their work in relation to gender class and race The book also pays close attention to the way in which indigenous North Americans have been represented through photography and the ways in which contemporary

Native American women photographers respond to this history Developing the argument that through aesthetic force emerges the truly political the book moves beyond polarization of the aesthetic and the cultural Instead photographic works are read for their subversive political and cultural force as it emerges through the aesthetics of the image This book is ideal for students of Photography Art History Art and Visual Culture and Gender Private Pictures Janina Struk,2020-09-14 Snapshots taken by American soldiers of Iraqi prisoners stripped naked humiliated and tortured shocked the world in 2004 and more have followed from the conflict in Afghanistan but whether the public have been horrified by the soldiers conduct or the fact they have taken pictures has not been clear In fact as this remarkable book reveals and relates soldiers have taken photographs of war and its atrocities for more than 100 years But their pictures are private intended mainly for the soldiers themselves as mementoes or as attempts to make sense of the chaos brutality and boredom of war They can be gruesome or sociable shocking or mundane and they are seldom regarded as serious contributions to a visual culture of war which since 1939 has been dominated by professional war photography But with the 21st century shift to simple digital photography transmission by the internet available to all and a new citizen journalism soldiers pictures are acquiring a new resonance Private Pictures traces this unacknowledged genre of photography from the origins of popular photography in the Boer War through to the present day it discusses how the images have been used and it asks what effect might the wider appreciation of soldiers pictures have on the popular perception of war Black Milk Marcus Wood,2013-05-09 Black Milk is the first in depth analysis of the visual archives that effloresced around slavery in Brazil and North America in the eighteenth and nineteenth centuries In its latter stages the book also explores the ways in which the museum cultures of North America and Brazil have constructed slavery over the last hundred years These institutional legacies emerge as startlingly different from each other at almost every level Working through comparative close readings of a myriad art objects including prints photographs oil paintings watercolours sculptures ceramics and a host of ephemera Black Milk celebrates just how radically alternative Brazilian artistic responses to Atlantic slavery were Despite its longevity and vastness Brazilian slavery as a cultural phenomenon has remained hugely neglected in both academic and popular studies particularly when compared to North American slavery Consequently much of Black Milk is devoted to uncovering celebrating and explaining the hidden treasury of visual material generated by artists working in Brazil when they came to record and imaginatively reconstruct their slave inheritance There are painters of genius most significantly Jean Baptiste Debret printmakers discussion is focussed on Angelo Agostini the Brazilian Daumier and some of the greatest photographers of the nineteenth century lead by Augusto Stahl The radical alterity of the Brazilian materials is revealed by comparing them at every stage with a series of related but fascinatingly and often shockingly dissimilar North American works of art Black Milk is a mould breaking study a bold comparative analysis of the visual arts and archives generated by slavery within the two biggest and most important slave holding nations of the Atlantic Diaspora **The Librarian's Book of Lists** George M. Eberhart,2010-05-10 The

mixture of serious topics tongue in cheek items and outright silliness provides something to please everyone familiar with libraries making a fun read and a wonderful gift

The Human Shore John R. Gillis, 2022-12-22 Since before recorded history people have congregated near water But as growing populations around the globe continue to flow toward the coasts on an unprecedented scale and climate change raises water levels our relationship to the sea has begun to take on new and potentially catastrophic dimensions The latest generation of coastal dwellers lives largely in ignorance of the history of those who came before them the natural environment and the need to live sustainably on the world s shores Humanity has forgotten how to live with the oceans In *The Human Shore* a magisterial account of 100 000 years of seaside civilization John R Gillis recovers the coastal experience from its origins among the people who dwelled along the African shore to the bustle and glitz of today s megacities and beach resorts He takes readers from discussion of the possible coastal location of the Garden of Eden to the ancient communities that have existed along beaches bays and bayous since the beginning of human society to the crucial role played by coasts during the age of discovery and empire An account of the mass movement of whole populations to the coasts in the last half century brings the story of coastal life into the present Along the way Gillis addresses humankind s changing relationship to the sea from an environmental perspective laying out the history of the making and remaking of coastal landscapes the creation of ports the draining of wetlands the introduction and extinction of marine animals and the invention of the beach while giving us a global understanding of our relationship to the water Learned and deeply personal *The Human Shore* is more than a history it is the story of a space that has been central to the attitudes plans and existence of those who live and dream at land s end
