The Southern Cross Skip Horack, 2009 The sixteen short stories featured in Skip Horack's prize winning debut collection paint a richly textured vision of the American South Set in the Gulf Coast over the course of a year torn halfway by the arrival of Hurricane Katrina these stories filled with humor restraint and verve follow the lives of an assembly of unforgettable characters An exonerated ex con who may not be entirely innocent a rabbit farmer in mourning and an earnest young mariner trying to start a new life with his wife all are characters that populate the spirited cities and drowsy parishes in Horack's marvelous portrait of the South A knockout winner for guest judge Antonya Nelson The Southern Cross marks the arrival of a standout new voice Character Sketches of Romance, Fiction and the Drama Ebenezer Cobham

Brewer, 2004-03 Originally published in 1892 the object of this Handbook is to supply readers and speakers with a lucid but very brief account of such names as are used in allusions and references whether by poets or prose writers to furnish those who consult it with the plot of popular dramas the story of epic poems and the outline of well known tales The number of dramatic plots sketched out is many hundreds Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories and the strange repetitions of historic incidents It has been borne in mind throughout that it is not enough to state a fact It must be stated attractively and the character described must be drawn characteristically if the reader is to appreciate it and feel an interest in what he reads This work an American reprint of The Reader's Handbook by E Cobham Brewer while retaining all of the original material that can interest and aid the English speaking student gives also characters and sketches found in American novels poetry and drama *The Elements: Oxygen - Lithium - Carbon* Elise Noble, 2018-06-30 Do you like romance with thrilling twists Do you want down to earth heroes and heroines you can root for The Blackwood Elements series delivers all this and more with three full length novels together in one volume When tragedy strikes Akari Takeda moves to Boston with her young son to follow her dream of becoming a pianist But three men get in her way Jansen the skilled but uptight violinist easygoing Jude who understands how important coffee is to a girl and Lincoln the smooth talking janitor who looks good in leather Which of them will steal her heart and who isn't everything he seems After clearing up the mess in Boston assassin Snow wants a fresh start of her own But first she needs to take a trip to paradise to give her ex what he deserves That should be straightforward for a woman with her skills but she's not the only one who wants Raul dead and newcomer Leo threatens to derail her plans in more ways than one Meanwhile in England novelist Augusta Fordham's got a problem of her own or rather two of them Caught between wealthy doctor Gregory and a dark stranger who makes her pulse race as he indulges her fantasies will she choose comfort and security or take a leap into the unknown When she makes her decision she's thrust into a world of secrets and lies with
