This book situates their work in the history of religion and film in America and shows how they bring to fruition early 20th-century Protestant expectations for the use of film in the life of the church and their hopes for a vibrant Christian film industry. Also covered are the handful of churches inspired by Sherwood that have taken up their own cameras to create a growing church film movement. This book offers another examination of the relationship between conservative evangelical Protestant Christianity and the wider popular culture. The Bible's Yes to Same-Sex Marriage, New Edition with Study Guide Mark Achtemeier, 2015-08-28. In the early 2000s, Mark Achtemeier embarked on a personal journey with the Bible that led him from being a conservative evangelical opponent of gay rights to an outspoken activist for gay marriage and a fully inclusive church. In *The Bible's Yes to Same Sex Marriage*, Achtemeier shares what led to his change of heart, the problems with excluding groups of people, and the insights into the Bible's message that led him to recognize the fullness of God's love and support for LGBT persons. Readers will discover how reading snippets of Scripture out of context has led to false and misleading interpretations of the Bible's message for gay people. Achtemeier shows how a careful reading of the whole Scripture reveals God's good news about love, marriage, and sexuality for gay and straight people alike. This new edition includes a study guide and a new introduction from
