Smuthounds Jay A. Gertzman, 2011-09-02 Between the two world wars at a time when both sexual repression and sexual curiosity were commonplace New York was the center of the erotic literature trade in America The market was large and contested encompassing not just what might today be considered pornographic material but also sexually explicit fiction of authors such as James Joyce Theodore Dreiser and D H Lawrence mail order manuals pulp romances and little dirty comics Bookleggers and *Smuthounds* vividly brings to life this significant chapter in American publishing history revealing the subtle symbiotic relationship between the publishers of erotica and the moralists who attacked them and how the existence of both groups depended on the enduring appeal of prurience By keeping intact the association of sex with obscenity and shameful silence distributors of erotica simultaneously provided the antivice crusaders with a public enemy Jay Gertzman offers unforgettable portrayals of the pariah capitalists who shaped the industry and of the individuals organizations and government agencies that sought to control them Among the most compelling personalities we meet are the notorious publisher Samuel Roth the Prometheus of the Unprintable and his nemesis John Sumner head of the New York Society for the Suppression of Vice a man aggressive in his pursuit of pornographers and in his quest for a morally united and ethnically homogeneous America

Dirty Jokes and Bawdy Songs Susan Davis, 2019-10-15 Collector of sexual folklore Cataloger of erotica Tireless social critic Gershon Legman's singular disreputable resume made him a counter cultural touchstone during his forty year exile in France Despite his obscurity today Legman's prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden Susan G Davis follows the life and times of the figure driven to share what he found in civilization's secret libraries Self taught and fiercely unaffiliated Legman collected the risqué on street corners and in theaters and dug it out of little known archives If the sexual humor he uncovered often used laughter to disguise hostility and fear he still believed it indispensable to the human experience Davis reveals Legman in all his prickly provocative complexity as an outrageous nonconformist thundering at a wrong headed world while reveling in conflict violating laws and boundaries with equal abandon and pursuing love and improbable adventures Through it all he maintained a kaleidoscopic network of friends fellow intellectuals celebrity admirers and like minded obsessives

Obsession and Culture Andrew Brink, 1996 Many twentieth century novelists speak for a male psycho class needing imaginative externalization of obsessive sexual fantasies of control of women Attraction avoidance and guilt are powerful motivators for writers and readers alike and the moral ambiguity of serial monogamy as well as other forms of exploitative sexuality prompt certain writers to construct symbolic expiation and repair in fiction *Brother-Souls* Ann Charters, Samuel Charters, 2010-09-27 John Clellon Holmes met Jack Kerouac on a hot New York City weekend in 1948 and until the end of Kerouac's life they were in Holmes's words *Brother Souls* Both were neophyte novelists hungry for literary fame but just as hungry to find a new way of responding to their experiences in a postwar American society that for them had lost its direction Late one night as they sat talking Kerouac spontaneously created the term Beat Generation to describe this new attitude they felt stirring around them *Brother Souls* John Clellon Holmes Jack Kerouac and the Beat Generation is the remarkable chronicle of this cornerstone friendship and the life of John Clellon Holmes From 1948 to 1951 when Kerouac's wanderings took him back to New York he and Holmes met almost daily Struggling to find a form for the novel he intended to write Kerouac climbed the stairs to the apartment in midtown Manhattan where Holmes lived with his wife to read the pages of Holmes's manuscript for the novel *Go* as they left the typewriter With the pages of Holmes's final chapter still in his mind he was at last able to crack his own writing dilemma In a burst of creation in April 1951 he drew all the materials he had been gathering into the scroll manuscript of *On the Road* Biographer Ann Charters was close to John Clellon Holmes for more than a decade At his death in 1988 she was one of a handful of scholars allowed access to the voluminous archive of letters journals and manuscripts Holmes had been keeping for twenty five years In that mass of material waited an untold story These two ambitious writers Holmes and Kerouac shared days and nights arguing over what writing should be wandering from one explosive party to the next and hanging on the new sounds of bebop Through the pages of Holmes's journals often written the morning after the events they recount Charters discovered and mined an unparalleled trove describing the seminal figures of the Beat Generation Holmes Kerouac Neal Cassady Allen Ginsberg William Burroughs Gregory Corso and their friends and lovers **Comics and Graphic Novels** Julia Round, Rikke Platz Cortsen, Maaheen Ahmed, 2022-09-22 Providing an overview of the dynamic field of comics and graphic novels for students and researchers this *Essential Guide* contextualises the major research trends debates and ideas that have emerged in Comics Studies over the past decades Interdisciplinary and international in its scope the critical approaches on offer spread across a wide range of strands from the formal and the ideological to the historical literary and cultural Its concise chapters provide accessible introductions to comics methodologies comics histories and cultures across the world high profile creators and titles insights from audience and fan studies and important themes and genres such as autobiography and superheroes It also surveys the alternative and small press alongside general reference works and textbooks on comics Each chapter is complemented by list of key reference works *Claes Oldenburg's Theater of Vision* Nadja Rottner, 2023-11-10 In four chronologically organized

chapters this study traces the conceptual dependence and deep connectivity among Claes Oldenburg's poetry, sculpture, films and performance art between 1956 and 1965. This research-intensive book argues that Oldenburg's art relies on machine vision and other metaphors to visualize the structure and image content of human thought as an artistic problem. Anchored in new oral history interviews and extensive archival material, it brings together understudied visual and concrete poetry, experimental films, fifteen group performances commonly referred to as happenings, and a close analysis of his well-known installations of *The Street* (1960) and *The Store* (1961-62), effectively setting in place a reexamination of Oldenburg's pop art from the street store home and cinema years. The book will be of interest to scholars working in art history, film studies, performance studies, literature, intermedia studies, and media theory. **Cultural Excursions** Neil Harris, 1990-10-15

Selected essays written over a period of fifteen years. *Love and Death in Kubrick* Patrick Webster, 2014-01-10. The films of Stanley Kubrick have left an indelible mark on the history of American cinema. This text explores the auteur's legacy, specifically positioning his body of work within the context of cultural theory. A single chapter is devoted to each of Kubrick's seven films: *Lolita*, *Dr. Strangelove*, *2001: A Space Odyssey*, *A Clockwork Orange*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Particular attention is paid to the role of love and death in Kubrick's films, emphasizing his innovative exploration of love and sex and the portrayal of mortality via masculine violence. *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles* University of California (System). Institute of Library Research, University of California, Berkeley, 1972. **War Noir** Sarah Trott, 2016-11-03. The conflation of the hard-boiled style and war experience has influenced many contemporary crime writers, particularly in the traumatic aftermath of the Vietnam War. Yet earlier writers in the genre, such as Raymond Chandler, remain overlooked when it comes to examining how their war experience affected their writing. Sarah Trott corrects this oversight by examining Chandler alongside the World War I writers of the Lost Generation, as well as highlighting a melding of very different styles in Chandler's work. Based on Chandler's experience in combat, Trott explains that the writer created detective Philip Marlowe not as the idealization of heroic individualism, as is commonly perceived, but instead as an authentic individual subjected to very real psychological frailties from trauma during the First World War. Inspecting Chandler's work and correspondence indicates that the characterization of the fictional Marlowe goes beyond the traditional chivalric readings and can instead be interpreted as a genuine representation of a traumatized veteran in American society. Substituting the horror of the trenches for the corruption of the city, Chandler formed a disillusioned protagonist in an uncaring America. Chandler did so with the sophistication necessary to straddle genre fiction and canonical literature. The sum of this work offers a new understanding of how Chandler uses his war trauma, how that experience established the traditional archetype of detective fiction, and how this reading of his fiction enables Chandler to transcend generic limitations and be recognized as a key twentieth-century literary figure. **Catalog of Copyright Entries.
