explores how such a choice is the antithesis to the trope of the sorrowful black woman who cannot find a man to grant her the prize of legal partnership A mixture of memoir and cultural critique No Thanks uses wit and insight to paint a picture of the twenty first century black woman who has unchained herself from what she is supposed to be A black woman who has given herself permission to be whomever she wants to be *Green Shoots of Democracy in the Philadelphia Democratic Party* Karen Bojar,2025-07-30 Drawing on the experiences of grassroots political activists from different socio economic and ethnic backgrounds Green Shoots of Democracy explores how self identified progressives manage or fail to manage to work within a big city political machine Although the book focuses on the work of progressives to foster democracy and transparency within the Philadelphia Democratic Party lessons gleaned from their experiences are applicable beyond Philadelphia Americans have long had a history of volunteerism however grassroots partisan politics is often not considered a worthy volunteer endeavor not as worthy as for example working in a homeless shelter or a literacy center Green Shoots of Democracy argues for a more democratic transparent party structure one that is sorely needed to counter the widespread perception that electoral politics is dirty business rather than an honorable civic project **I'm Saying No!** Beverly Engel,2025-07-30 In spite of the MeToo and TimesUp movements many women are still afraid to say no to unwanted sexual advances and reluctant to report sexual violations Far too many college students are being raped and are afraid to report it Women are subjected to sexual harassment sexual bullying and sexual pressure every day on the street at work and at home but are unable to speak truth to power or to report these sexual offenses I m Saying No is written specifically for these women women who are still afraid to speak up for themselves women who need to learn how to do so and women whose personal history of child sexual abuse or sexual assault as an adult has wounded them so much that they have lost their voice Here Beverly Engel an internationally recognized psychotherapist and acclaimed advocate for victims of sexual physical and emotional abuse offers a ground breaking program to help all the women who have been silenced by past trauma women who were raised to believe they didn t have a right to say no and women who have spoken out in the past only to go unheard Bold and timely I m Saying No offers women the encouragement support and guidelines they need in order to become the powerful women they are women who believe in themselves and stand up for themselves **Screwnomics** Rickey Gard Diamond,2025-07-30 The personal is not only political it s also economic and sexual as a society we re encouraged to view economics as objective science far removed from us when in reality it has concrete and far reaching effects on our everyday lives In Screwnomics Rickey Gard Diamond shares personal stories cartoons and easy to understand economic definitions in her quest to explain the unspoken assumptions of 300 years of EconoMansplaining the economic theory that women should always work for less or better for free It unpacks economic definitions turns a men only history on its head and highlights female experiences and solutions encouraging female readers to think about their own economic memoir and confront our system s hyper masculine identity In the past fifty years the US has witnessed a major shift in economic theory and yet few

women can identify or talk about its influence in their own lives Accessible and inspiring Screwnomics offers female readers hope for a better more inclusive future and the tools to make that hope a reality **Political Godmother** Meg

Most Popular 20Th-century American Politicians Wikipedia contributors, **The American Paradox** David G.

Myers,2008-10-01 DIVFor Americans entering the twenty first century it is the best of times and the worst of times Material

wealth is at record levels yet disturbing social problems reflect a deep spiritual poverty In this compelling book well known social psychologist David G Myers asks how this paradox has come to be and more important how we can spark social renewal and dream a new American dream Myers explores the research on social ills from the 1960s through the 1990s and concludes that the materialism and radical individualism of this period have cost us dearly imperiling our children corroding general civility and diminishing our happiness However in the voices of public figures and ordinary citizens he now hears a spirit of optimism The national dialogue is shifting away from the expansion of personal rights and toward enhancement of communal civility away from efforts to raise self esteem and toward attempts to arouse social responsibility away from whose values and toward our values Myers analyzes in detail the research on educational and other programs that deal with social problems explaining which seem to work and why He then offers positive and well reasoned advice suggesting that a renewed social ecology for America will rest on policies that balance me thinking with we thinking div *The Paradox of Tar Heel Politics* Rob Christensen,2010-10-04 How can a state be represented by Jesse Helms and John Edwards at the same time Journalist Rob Christensen answers that question and navigates a century of political history in North Carolina one of the most politically vibrant and competitive southern states where neither conservatives nor liberals Democrats nor Republicans have been able to rest easy It is this climate of competition and challenge Christensen argues that enabled North Carolina to rise from poverty in the nineteenth century to become a leader in research education and banking in the twentieth In this new paperback edition Christensen provides updated coverage of recent changes in North Carolina s political landscape including the scandals surrounding John Edwards and Mike Easley the defeat of U S senator Elizabeth Dole the election of the state s first woman governor and voters approval of an African American candidate for president The book provides an overview of the run up to the 2010 elections and explains how North Carolina has become arguably the most politically competitive state in the South **Handbook of Interpersonal Commitment and Relationship Stability** Jeffrey M. Adams,Warren H. Jones,1999-09-30 A fundamental assumption underlying the formation of our most important relationships is that they will persist indefinitely into the future As an acquaintanceship turns into a friendship for example both members of this newly formed interpersonal bond are likely to expect that their interactions will become increasingly frequent diverse and intimate over time This expectation is perhaps most apparent in romantically involved couples who through a variety of verbal and symbolic means make explicit pledges to a long lasting relationship In either case it is clear that these relationships represent something valuable to the individuals involved and are pursued with great enthusiasm Virtually all close relationships are formed within the context of mutually rewarding interactions and or strong physical attraction between partners Friends and romantically involved couples alike are drawn to one another because of similarity of attitudes interests and personality and quite simply because they enjoy one another s company This enjoyment coupled with the novelty that characterizes new relationships almost makes the continuation of the relationship a foregone conclusion As

relationships progress however their novelty fades conflicts may arise between partners negative life events may occur and the satisfaction that previously characterized the relationships may diminish
