Love On The Job Vol 2:

The "Lost" Dialogue of Gregory the Great Carmel Posa, 2024-07-15 Imagine the enduring legacy and ancient hagiographical method used to recover the missing life and voice of St Scholastica of Nursia In The Lost Dialogue of Gregory the Great Carmel Posa SGS applies a disciplined imagination and the ancient hagiographical method to recover the missing life and voice of St Scholastica of Nursia Drawing on a wide range of scholarship including Gregory the Great's four famous dialogues biblical models and the Rule of Benedict Posa follows a technique similarly used by Saint Gregory himself to create an engaging and credible account of Scholastica's life In The Lost Dialogue of Gregory the Great Posa's use of the hagiographical method as a disciplined imagination serves as a tool for the repositioning of women's lives in history By presenting a lost life of Scholastica into the hagiographic record of Christianity she gifts the Church for today with the story of a beloved saint that will not only inspire readers but encourage them to ponder more searchingly the sources of the wisdom contained in Benedict's remarkable Rule Carmel's careful methodology also offers readers an image of Scholastica that has a spiritual standing apart from her famous and holy brother She retrieves the enduring legacy of Scholastica from the margins and places her into the center of monastic history in particular and church history in general Oblates

The Love Surgeon Sarah B. Rodriguez,2020-07-17 Dr

James Burt believed women's bodies were broken and only he could fix them In the 1950s this Ohio OB GYN developed what he called love surgery a unique procedure he maintained enhanced the sexual responses of a new mother transforming her into a horny little house mouse Burt did so without first getting the consent of his patients Yet he was allowed to practice for over thirty years mutilating hundreds of women in the process It would be easy to dismiss Dr Burt as a monstrous aberration a modern day Dr Frankenstein Yet as medical historian Sarah Rodriguez reveals that's not the whole story The Love Surgeon asks tough questions about Burt's heinous acts and what they reveal about the failures of the medical establishment How was he able to perform an untested surgical procedure Why wasn't he obliged to get informed consent from his patients And why did it take his peers so long to take action The Love Surgeon is both a medical horror story and a cautionary tale about the limits of professional self regulation

On the Blissful Islands with Nietzsche & Jung Paul

Bishop,2016-11-03 What are the blissful islands And where are they This book takes as its starting point the chapter called On the Blissful Islands in Part Two of Nietzsche's Thus Spoke Zarathustra and its enigmatic conclusion The beauty of the Superman came to me as a shadow From this remarkable and powerful passage it disengages the Nietzschean idea of the Superman and the Jungian notion of the shadow moving these concepts into a new interdisciplinary direction In particular On the Blissful Islands seeks to develop the kind of interpretative approach that Jung himself employed Its chief topics are classical the motif of the blissful islands psychological the shadow and philosophical the *bermensch* or superman blended together to produce a rich intellectual historical discussion By bringing context and depth to a nexus of highly problematic concepts it offers something new to the specialist and the general reader alike So this book considers the significance of the statue in the culture of antiquity and in alchemy and investigates the associated notion of self sculpting as a form of existential exercise This Neoplatonic theme is pursued in relation to a poem by Schiller at the centre of which lies the notion of self sculpting thus highlighting Nietzsche's and Jung's relationship to Idealism Its conclusion directly addresses the vexed and controversial question of Nietzsche's relation to Plato This book's main ambition is to provide a cross cultural interdisciplinary reading of key themes and motifs using Jungian ideas in general and Jung's vast seminar on Zarathustra in particular to uncover a dimension of deep meaning in key passages in Nietzsche Engaging the reader directly on major existential questions it aims to be an original thought provoking contribution to the history of ideas and to show that Zarathustra was right There still are blissful islands This book will be stimulating reading for analytical psychologists including those in training and academics and scholars of Jungian studies Nietzsche and the history of ideas
