this because they were sure that their connection with the firefly and the forest's natural beauty would keep charming them. They looked forward to new adventures every day in their magical forest and every night they celebrated the wonderful things that nature had given them. Beginning with "Hear Once upon a time in a magical forest hidden behind tall old trees there lived a group of helpful goblins. The goblins in this story were not at all like the ones in scary books or movies. They were nice but at heart they were pranksters and they loved the chance to enjoy the beauty of nature. They thought the Firefly Festival was one of their favorite events. The forest was a beautiful and enchanted place where time seemed to move more slowly and every sound of birds singing and leaves rustling held a secret. There were goblins watching over this strange place. The fact that they lived in such an unusual way showed how much they cared about nature. In a world where goblins were usually thought of as dangerous monsters that lived in the dark, this group was a bright example of how good people could be found in the strangest places. People in this world often thought of goblins as scary monsters that lived in the dark. Their gentle nature came from the beautiful woods which was where they wanted to be. The goblins' days were full of fun things they did that honored the forest's many and varied plants and animals. They were the first to rise with the sun and would sing happy songs that could be heard all over the forest. For fun they would do things like put nuts in each other's shoes or send each other on treasure hunts to find the most beautiful wildflowers. They would do these things while grinning meanly. But things weren't always so happy and bright for these goblins. Their strong belief was that it was their duty to keep the forest and its animals safe. These people knew all the secret tracks that went through the thick plants and were always ready to help any animal that needed it. This could mean saving a bird that is stuck in a thorny bush or showing a baby rabbit how to get back to its hole. The animals in the forest understood that the goblins in this story were not at all like the ones they had read about in scary stories because they did nice things for them. The goblins would have lively talks with squirrels and chipmunks and teach them what they knew about the forest. Old wise owls would visit them and talk to the goblins about the moon and stars. As the seasons changed the goblins would change what they did for a living so they could fully enjoy each day. During the cool fall days they would get together to pick the ripest apples from the orchards. They would fill baskets to the brim with the fruit they had gathered. Under the harvest moon they would make big leaf piles to jump into and then tell each other stories about the crazy things they had done. During the winter when the forest was covered in snow the goblins would make giant snow forts and tunnels and ask their animal friends to go on snowy adventures with them. It was also very cold in the winter so they left food out for the animals to make sure everyone had a good meal. The goblins loved all four seasons but summer was their favorite. As soon as the sun came up everyone got excited about their much loved Firefly
