**Go Fish** Mr. Fish, 2011-07-19 Go Fish is that rarest of creatures an essential collection of political cartoons David Rees author of *Get Your War On This* volume of cartoons from the revered Mr Fish aka Dwayne Booth spans politics popular culture economic disaster and much more and nobody right left or middle is safe from his razor edged satire Included are cartoons never previously published as well as original essays by Mr Fish whose work has appeared in such venues as Harper's Magazine Truthdig the Los Angeles Times TheAtlantic and Vanity Fair Fish's work makes you want to do something even if you're not entirely sure what that something is to change things for the better and the feeling stays with you long after the book is closed Verbiage Magazine A vibrant example of political cartooning as it is practiced at its heights Anyone who thinks political cartooning is stale need only take a closer look at this body of work Certifiably brilliant Los Angeles Review of Books

*Systemic Crises of Global Climate Change* Phoebe Godfrey, Denise Torres, 2016-04-14 Sociological literature tends to view the social categories of race class and gender as distinct and has avoided discussing how multiple intersections inform and contribute to experiences of injustice and inequity This limited focus is clearly inadequate *Systemic Crises of Global Climate Change* is an edited volume of 49 international interdisciplinary contributions addressing global climate change GCC by intentionally engaging with the issues of race gender and class through an intersectional lens The volume challenges and inspires readers to foster new theoretical and practical linkages and think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Varied media and writing styles invite students and educators to reflexively engage different yet complementary approaches to GCC analysis and interpretation mirroring the disparate voices and viewpoints within the field The second volume *Emergent Possibilities for Sustainability* will take a similar approach but will examine the possibilities for solutions as in the quest for global sustainability This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC

*Emergent Possibilities for Global Sustainability* Phoebe Godfrey, Denise Torres, 2016-06-17 It must be acknowledged that any solutions to anthropogenic Global Climate Change GCC are interdependent and ultimately inseparable from both its causes and consequences As a result limited analyses must be abandoned in favour of intersectional theories and practices *Emergent Possibilities for Global Sustainability* is an interdisciplinary collection which addresses global climate change and sustainability by engaging with the issues of race gender and class through an intersectional lens The book challenges readers to foster new theoretical and practical linkages and to think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Through a variety of media and writing styles this collection is unique in its presentation of a complex and integrated analysis of global climate change and its implications Its

companion book *Systemic Crises of Global Climate Change* addresses the social and ecological urgency surrounding climate change and the need to use intersectionality in both theory and practice This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC *Purgatory* Ken Bruen,2013-11-04 An Irish ex cop is lured into a violent game by a vengeful killer in this excellent crime novel by an Edgar Award finalist Publishers Weekly starred review Former cop Jack Taylor is recovering from mental and physical wounds as well as from addictions to a variety of substances But this fragile existence is threatened when a vigilante begins targeting the scum of Galway signing mysterious notes with the moniker C33 The murderer addresses these cryptic letters to Jack trying to goad him into joining the violent spree While Jack tries to unravel the mystery and motives of this demented killer he s also brought into the fold of an enigmatic tech billionaire who has been buying up massive amounts of property in Galway seemingly in the hopes of offering this downtrodden city a better future Yet if Jack has learned one thing living in Ireland it s that people who outwardly claim to be on the side of righteousness are likely harboring far more nefarious motives beneath the surface With the help of his friends a former drug dealer turned zen master and a dogged police sergeant Jack is determined to track down C33 even if it jeopardizes his livelihood his friends and the remaining shreds of his sanity Noir fans will find what they love here Booklist starred review *Nobody Left* Mr. Fish,2020-06-23 The renowned political satirist asks the burning question Is there a Left left The author known for his savage political cartoons interviews some of the leading artists architects observers and participants of the late twentieth century s counterculture and New Left movements Mort Sahl Joan Baez Tariq Ali Lily Tomlin Calvin Trillin Dennis Kucinich Christopher Hitchens and others in search of answers The conversations which are generously illustrated will blow your mind *Against Equality* Ryan Conrad,2015-03-20 When rights go wrong Does gay marriage support the right wing goal of linking access to basic human rights like health care and economic security to an inherently conservative tradition Will the ability of queers to fight in wars of imperialism help liberate and empower LGBT people around the world Does hate crime legislation affirm and strengthen historically anti queer institutions like the police and prisons rather than dismantling them The *Against Equality* collective asks some hard questions These queer thinkers writers and artists are committed to undermining a stunted conception of equality In this powerful book they challenge mainstream gay and lesbian struggles for inclusion in elitist and inhumane institutions More than a critique *Against Equality* seeks to reinvigorate the queer political imagination with fantastic possibility **Bulletin of the Atomic Scientists** ,1979-03 **Los Angeles Magazine** ,2003-03 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our
