AMERICAN REVOLUTION

THOMAS S. KIDD

God Of Liberty A Religious History Of The American Revolution

**Thomas S. Kidd, Paul D. Miller, Andrew
T. Walker**

God Of Liberty A Religious History Of The American Revolution:

God of Liberty Thomas S Kidd, 2010-10-05 A thought provoking meticulously researched testament to evangelical Christians crucial contribution to American independence and a timely appeal for the same spiritual vitality today Washington Times At the dawn of the Revolutionary War America was already a nation of diverse faiths the First Great Awakening and Enlightenment concepts such as deism and atheism had endowed the colonists with varying and often opposed religious beliefs Despite their differences however Americans found common ground against British tyranny and formed an alliance that would power the American Revolution In *God of Liberty* historian Thomas S Kidd offers the first comprehensive account of religion s role during this transformative period and how it gave form to our nation and sustained it through its tumultuous birth and how it can be a force within our country during times of transition today [The Oxford Handbook of the American Revolution](#) Edward G. Gray, Jane Kamensky, 2015 The Oxford Handbook of the American Revolution introduces scholars students and generally interested readers to the formative event in American history In thirty three individual essays the Handbook provides readers with in depth analysis of the Revolution s many sides **A**

Companion to American Religious History Benjamin E. Park, 2021-02-09 A collection of original essays exploring the history of the various American religious traditions and the meaning of their many expressions The Blackwell Companion to American Religious History explores the key events significant themes and important movements in various religious traditions throughout the nation s history from pre colonization to the present day Original essays written by leading scholars and new voices in the field discuss how religion in America has transformed over the years explore its many expressions and meanings and consider religion s central role in American life Emphasizing the integration of religion into broader cultural and historical themes this wide ranging volume explores the operation of religion in eras of historical change the diversity of religious experiences and religion s intersections with American cultural political social racial gender and intellectual history Each chronologically organized chapter focuses on a specific period or event such as the interactions between Moravian and Indigenous communities the origins of African American religious institutions Mormon settlement in Utah social reform movements during the twentieth century the growth of ethnic religious communities and the rise of the Religious Right An innovative historical genealogy of American religious traditions the Companion Highlights broader historical themes using clear and compelling narrative Helps teachers expose their students to the significance and variety of America s religious past Explains new and revisionist interpretations of American religious history Surveys current and emerging historiographical trends Traces historical themes to contemporary issues surrounding civil rights and social justice movements modern capitalism and debates over religious liberties Making the lessons of American religious history relevant to a broad range of readers The Blackwell Companion to American Religious History is the perfect book for advanced undergraduate and graduate students in American history courses and a valuable resource for graduate students and

scholars wanting to keep pace with current historiographical trends and recent developments in the field **A History of the Episcopal Church - Third Revised Edition** Robert W. Prichard, 2014-10-15 Complete through the 78th General Convention Cover The Long American Revolution and Its Legacy Lester D. Langley, 2019-10-01 This book brings together Lester D Langley's personal and professional link to the long American Revolution in a narrative that spans more than 150 years and places the Revolution in multiple contexts from the local to the transatlantic and hemispheric and from racial and gendered to political social economic and cultural perspectives It offers a reminder that we are an old republic but a young nation and shows how an awareness of that dynamic is critical to understanding our current political cultural and social malaise The United States of America is still a work in progress A descendant on his father's side from a long line of Kentuckians Langley grew up torn between a father who embodied the idea of the Revolution's poor white male driven by economic self interest and racial prejudices and a devoted and pious mother who saw life and history as a morality play The author's intellectual and professional encounter with the American Revolution came in the 1960s as a young historian specializing in U S foreign relations and Latin American history an era when the U S encounter with the revolution in Cuba and with the civil rights movement at home served as a reminder of the lasting and troublesome legacy of a long American Revolution In a sweeping account that incorporates both the traditional iconic literature on the Revolution and more recent works in U S Canadian Latin American Caribbean and Atlantic world history Langley addresses fundamental questions about the Revolution's meaning continuing relevance and far reaching legacy **American Religious History** Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion's interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three *Religion and the American Revolution* Katherine Carté, 2021-04-20 For most of the eighteenth century British protestantism was driven neither by the primacy of denominations nor by fundamental discord between them

Instead it thrived as part of a complex transatlantic system that bound religious institutions to imperial politics As Katherine Cart argues British imperial protestantism proved remarkably effective in advancing both the interests of empire and the cause of religion until the war for American independence disrupted it That Revolution forced a reassessment of the role of religion in public life on both sides of the Atlantic Religious communities struggled to reorganize within and across new national borders Religious leaders recalibrated their relationships to government If these shifts were more pronounced in the United States than in Britain the loss of a shared system nonetheless mattered to both nations Sweeping and explicitly transatlantic Religion and the American Revolution demonstrates that if religion helped set the terms through which Anglo Americans encountered the imperial crisis and the violence of war it likewise set the terms through which both nations could imagine the possibilities of a new world

Faith and Slavery in the Presbyterian Diaspora William Harrison Taylor, Peter C. Messer, 2016-01-28 *Faith and Slavery in the Presbyterian Diaspora* considers how in areas as diverse as the New Hebrides Scotland the United States and East Central Africa men s and women s shared Presbyterian faith conditioned their interpretations of and interactions with the institution of chattel slavery The chapters highlight how Presbyterians reactions to slavery which ranged from abolitionism to indifference to support reflected their considered application of the principles of the Reformed Tradition to the institution Consequently this collection reveals how the particular ways in which Presbyterians framed the Reformed Tradition made slavery an especially problematic and fraught issue for adherents to the faith *Faith and Slavery* by situating slavery at the nexus of Presbyterian theology and practice offers a fresh perspective on the relationship between religion and slavery It reverses the all too common assumption that religion primarily served to buttress existing views on slavery by illustrating how groups and individuals reactions to slavery emerged from their understanding of the Presbyterian faith The collection s geographic reach encompassing the experiences of people from Europe Africa America and the Pacific filtered through the lens of Presbyterianism also highlights the global dimensions of slavery and the debates surrounding it The institution and the challenges it presented *Faith and Slavery* stresses reflected less the peculiar conditions of a particular place and time than the broader human condition as people attempt to understand and shape their world

Thomas Jefferson's Qur'an Denise A. Spellberg, 2013-10-01 In this original and illuminating book Denise A Spellberg reveals a little known but crucial dimension of the story of American religious freedom a drama in which Islam played a surprising role In 1765 eleven years before composing the Declaration of Independence Thomas Jefferson bought a Qur an This marked only the beginning of his lifelong interest in Islam and he would go on to acquire numerous books on Middle Eastern languages history and travel taking extensive notes on Islam as it relates to English common law Jefferson sought to understand Islam notwithstanding his personal disdain for the faith a sentiment prevalent among his Protestant contemporaries in England and America But unlike most of them by 1776 Jefferson could imagine Muslims as future citizens of his new country Based on groundbreaking research Spellberg compellingly recounts how a handful of the Founders

Jefferson foremost among them drew upon Enlightenment ideas about the toleration of Muslims then deemed the ultimate outsiders in Western society to fashion out of what had been a purely speculative debate a practical foundation for governance in America In this way Muslims who were not even known to exist in the colonies became the imaginary outer limit for an unprecedented uniquely American religious pluralism that would also encompass the actual despised minorities of Jews and Catholics The rancorous public dispute concerning the inclusion of Muslims for which principle Jefferson s political foes would vilify him to the end of his life thus became decisive in the Founders ultimate judgment not to establish a Protestant nation as they might well have done As popular suspicions about Islam persist and the numbers of American Muslim citizenry grow into the millions Spellberg s revelatory understanding of this radical notion of the Founders is more urgent than ever Thomas Jefferson s Qur an is a timely look at the ideals that existed at our country s creation and their fundamental implications for our present and future The Power of the Word Patsy J. Daniels,2015-06-18 This book brings together twelve authors who look at the concept of the word from several different perspectives inspiring in the reader a sense of wonder to think of the lowly word which we toss away in yesterday s newspaper which we ignore on street signs which we utter without giving a thought to the consequences of the power carried by the word Moving from a psycholinguist explanation of the acquisition of language the volume presents the function of the word in bad jokes in On the Road to Emmaus Glenn W. Olsen,2012-03-05 In distinctive voice and tone cultural commentator Glenn W Olsen presents his latest work on the place of Catholicism in American history Here he clarifies the meaning of American modernity for Catholics and shows the conflicts and tensions confronting the religious person today **Oliver Hart and the Rise of Baptist America** Eric Coleman Smith,2020 Oliver Hart was one of the most influential leaders in the transformation of Baptists from a small scattered sect to a unified and powerful denomination in colonial America More than a biography Oliver Hart and the Rise of Baptist America seamlessly intertwines Hart s story with that of eighteenth century American Baptists providing one of the most thorough accounts to date of this important yet understudied religious group s development Baptist Political Theology Thomas S. Kidd,Paul D. Miller,Andrew T. Walker,2023-07-01 Baptist ideals like the separation of church and state have indelibly shaped Western democracies and Baptist thinkers continue to influence public policy and political engagement today Yet the historical contours enduring commitments and current contributions of Baptist political thought are little understood Baptist Political Theology edited by scholars Thomas Kidd Paul Miller and Andrew Walker introduces readers to the full sweep of Baptist engagement with politics Part 1 reviews the life writings and political activity of important figures in Baptist history as well as Baptist involvement in key historical eras and episodes Part 2 presents a collective effort at applied political theology with essays relating Baptist principles to a range of contemporary issues This monumental volume sheds light on the history and contemporary practice of Baptists in the public square offering context and clarity for Baptist political thought in the years to come *Reformed and Evangelical across Four Centuries* Nathan Feldmeth,S. Donald

Fortson, Garth M. Rosell, Kenneth J. Stewart, 2022-01-13 Choice Outstanding Academic Title 2022 A definitive history of evangelical Presbyterianism in America Reformed and Evangelical across Four Centuries tells the story of the Presbyterian church in the United States beginning with its British foundations and extending to its present day expression in multiple American Presbyterian denominations This account emphasizes the role of the evangelical movement in shaping various Presbyterian bodies in America especially in the twentieth century amid increasing departures from traditional Calvinism historic orthodoxy and a focus on biblical authority Particular attention is also given to crucial elements of diversity in the Presbyterian story with increasing numbers of African American Latino a and Korean American Presbyterians among others in the twenty first century Overall this book will be a bountiful resource to anyone curious about what it means to be Presbyterian in the multidimensional American context as well as to anyone looking to understand this piece of the larger history of Christianity in the United States

At Home and Abroad Elizabeth Shakman Hurd, Winnifred Fallers

Sullivan, 2021-03-02 From right to left notions of religion and religious freedom are fundamental to how many Americans have understood their country and themselves Ideas of religion politics and the interplay between them are no less crucial to how the United States has engaged with the world beyond its borders Yet scholarship on American religion tends to bracket the domestic and foreign despite the fact that assumptions about the differences between ourselves and others deeply shape American religious categories and identities At Home and Abroad bridges the divide in the study of American religion law and politics between domestic and international bringing together diverse and distinguished authors from religious studies law American studies sociology history and political science to explore interrelations across conceptual and political boundaries They bring into sharp focus the ideas people and institutions that provide links between domestic and foreign religious politics and policies Contributors break down the categories of domestic and foreign and inquire into how these taxonomies are related to other axes of discrimination asking questions such as What and who counts as home or abroad how and by whom are these determinations made and with what consequences Offering a new approach to theorizing the politics of religion in the context of the American nation state At Home and Abroad also interrogates American religious exceptionalism and illuminates imperial dynamics beyond the United States

The World of the American Revolution

Merril D. Smith, 2015-08-28 This two volume set brings to life the daily thoughts and routines of men and women rich and poor of various cultures religions races and beliefs during a time of great political social economic and legal turmoil What was life really like for ordinary people during the American Revolution What did they eat wear believe in and think about What did they do for fun This encyclopedia explores the lives of men women and children of European Native American and African descent through the window of social cultural and material history The two volume set spans the period from 1774 to 1800 drawing on the most current research to illuminate people s emotional lives interactions opinions views beliefs and intimate relationships as well as connections between the individual and the greater world The encyclopedia features more

than 200 entries divided into topical sections each dealing with a different aspect of cultural life for example Arts Food and Drink and Politics and Warfare Each section opens with an introductory essay followed by A Z entries on various aspects of the subject area Sidebars and primary documents enhance the learning experience Targeting high school and college students the title supports the American history core curriculum and the current emphasis on social history Most importantly its focus on the realities of daily life rather than on dates and battles will help students identify with and learn about this formative period of American history

Mainline Christianity Jason S Lantzer,2023-11-21 Since the Revolutionary War Mainline Christianity has been comprised of the Seven Sisters of American Protestantism the Congregational Church the Episcopal Church the Evangelical Lutheran Church the Presbyterian Church the United Methodist Church the American Baptist Convention and the Disciples of Christ These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship Today however the Seven Sisters no longer represent most American Christians The Mainline has been shrinking while evangelical and fundamentalist churches as well as non denominational congregations and mega churches have been attracting more and more members In this comprehensive and accessible book Jason S Lantzer chronicles the rise and fall of the Seven Sisters documenting the ways in which they stopped shaping American culture and began to be shaped by it After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty first century a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity

Chaplaincy Mark A. Jumper,Steven E. Keith,Michael W. Langston,2024-03-26 This comprehensive introduction to the ministry of chaplaincy brings together three authors who oversee three of the leading chaplaincy programs in the United States Written from an evangelical perspective the book covers the foundations of chaplaincy and surveys specific types of chaplaincy work In the first half of the book the authors delve into the history of chaplaincy work as well as its biblical theological and philosophical foundations They introduce students to important topics such as endorsement placement and the constitutional and legal parameters of such work They also consider the person of the chaplain and the understanding of chaplaincy as Christian ministry In the second half of the book the authors bring together expert contributors to survey ten specific contexts for chaplaincy work such as education healthcare the military corporations prisons public safety and sports and they explore the future of chaplaincy This book will be an invaluable resource for students of chaplaincy

Seven Myths of the American Revolution Jim Piecuch,2023-09-18 In fast paced crystal clear prose these four veteran historians quash not just seven myths about the American Revolution but dozens If you think that slavery was inevitable that British commanders were lazy nincompoops or that Indigenous warriors were nothing more than British pawns you will savor the challenge of Seven Myths of the American Revolution just as much as I did Woody Holton University of South Carolina author of Liberty Is Sweet The Hidden History of the American Revolution Simon Schuster 2021

The Story of Religion in America James P.

Byrd, James Hudnut-Beumler, 2021-11-30 Written primarily for undergraduate classes in American religious history and organized chronologically this new textbook presents the broad scope of the story of religion in the American colonies and the United States While following certain central narratives including the long shadow of Puritanism the competition between revival and reason and the defining role of racial and ethnic diversity the book tells the story of American religion in all its historical and moral complexity To appeal to its broad range of readers this textbook includes charts timelines and suggestions for primary source documents that will lead readers into a deeper engagement with the material Unlike similar history books The Story of Religion in America pays careful attention to balancing the story of Christianity with the central contributions of other religions
