Ecological Hermeneutics David G. Horrell,Cherryl Hunt,Christopher Southgate,Francesca Stavrakopoulou,2010-06-02

Leading scholars reflect critically on the kinds of appeal to the Bible that have been made in environmental ethics and ecotheology and engage with biblical texts with a view towards exploring their contribution to an ecological ethics The essays explore the kind of hermeneutic necessary for such engagement to be fruitful for contemporary theology and ethics Crucial to such broad reflection is the bringing together of a range of perspectives biblical studies historical theology hermeneutics and theological ethics The thematic coherence of the book is provided by the running focus on the ways in which biblical texts have been or might be read This volume is not about ecotheology but is instead about ecological hermeneutics Indeed some essays show where biblical texts or particular approaches in the history of interpretation represent anthropocentric or even anti ecological moves One of the overall aims of the book is to suggest how and why an ecological hermeneutic might be developed and the kinds of interpretive choices that are required in such a development

Interdisciplinary and Religio-Cultural Discourses on a Spirit-Filled World V. Kärkkäinen,K. Kim,A.

Yong,2013-09-12 This volume presents interdisciplinary intercultural and interreligious approaches directed toward the articulation of a pneumatological theology in its broadest sense especially in terms of attempting to conceive of a spirit filled world Blood Cries Out A. J. Swoboda,2014-11-11 John McConnell Jr was the famed founder and visionary of Earth Day

McConnell s vision was one of creating a day of remembrance solitude and action to restore the broken human relationship to the land Little acknowledged are McConnell s religious convictions or background McConnell grew up in a Pentecostal home In fact McConnell s parents were both founding charter members of the Assemblies of God in 1914 His own grandfather had an even greater connection to the origins of Pentecostalism by being a personal participant at the Azusa Street Revival in Los Angeles in 1906 Earth Day thus began with strong religious convictions McConnell seeing the ecological demise through his religious background envisioned a day where Christians could show the power of prayer the validity of their charity and their practical concern for Earth s life and people In the spirit of McConnell today s Pentecostal and Charismatic theology has something to say about the earth Blood Cries Out is a unique contribution by Pentecostal and Charismatic theologians and practitioners to the global conversation concerning ecological degradation climate change and ecological justice Pentecostal Theology for the Twenty-First Century May Ling Tan-Chow,2016-05-13 In our post 9 11

world where there is a growing religious fundamentalism and when both exclusion and easy tolerance are inadequate options this book offers a creative alternative arguing that Pentecostalism has the potential to be a peaceful harbinger of plurality The potential lies in its spirituality a lively pneumatology and eschatology The eschatological Spirit is seen as orientated towards the other crossing boundaries in redemptive embrace transcending exclusion and easy tolerance This book s non Western perspective and the empirical contextual study of Singapore s multicultural and multi faith context are unique

contributions to religion and society This is a book for students pastors teachers and theologians concerned for an approach to mission that is sensitive to their context who want to learn from a creative theological voice from what has been perhaps the largest religious movement in history and who see the immense potential in lively theology by Christians of the Chinese diaspora who can speak to the many millions of ethnic Chinese Christians This book will also appeal to those outside Christianity who are interested in its attempts to engage with a complex multi ethnic and multi religious situation such as that in Singapore

[God's Intelligent Design for Christ-Centered Spiritual Transformation](#) Eric vonAnderseck,2016-11-03 When the Holy Spirit directed me to write this thesis it was after God had implemented the changes and corrections for the church and believers began to benefit fully from the transition I hope you will be blessed by the many wonderful testimonies throughout The apostolic thesis is the first of its kind Not only does the Holy Spirit explain faith crisis and spiritual exploitation but also uncovers the underlying root causes God is addressing a faith in crisis a spiritual government in crisis and belief systems that He did not authorize or sanctify in the name of Jesus Christ The church had suffered under the hands of many spiritual butchers slicing and dicing faith this way and that Each area of spiritual exploitation has had a catastrophic and blinding influence on all facets of Christian life Believers were led into a very confusing era Ministers were constantly rehashing faith programs as they sorted out their own failings reducing covenant to a psychology Ideas were tabled as quickly as they were introduced Thankfully the church has now entered into a new apostolic era God has restored His true culture of faith and heritage to the church helping believers understand once again the apostolic authority calling and anointing

Bacote, 2010-11-01 In *The Spirit in Public Theology* Bacote shows how Dutch politician and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world *The Spirit in Public Theology* should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church Holy Spirit and Salvation Veli-Matti

Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics **Saving the Earth?** E. M.

Conradie, 2013 Christians seeking to save the Earth have to relate creation to salvation by doing justice to both themes This study explores the ambiguous legacy of the ways in which this challenge has been approached in the reformed tradition of Swiss Dutch and German origins and in the reception of this tradition in South Africa The book focuses on the diverging interpretations of the category of re creation in this regard Series Studies in Religion and the Environment Studien zur Religion und Umwelt Vol 8 **Christianity and Ecological Theology** E. M. Conradie, 2006-10-01 There has been a

proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa **The Source of Life** Jürgen Moltmann, 1997-07-01 Beginning

with his experiences as a prisoner of war Moltmann anchors his reflections in a theology of life and the Spirit as elemental renewer of life which links biblical manifestations to contemporary ones hope to holiness creation to community and politics to prayer In the Spirit we embrace the presence of God but we also embrace community with people and all living things

Circling the Table William Johnson Everett, 2024-06-25 What if Christian worship took place as a conversation at a round table spread with elements of earth's gifts of nurture and beauty This book describes such a practice Roundtable Worship and lays out a fresh and challenging theological foundation for it Central to this foundation is the struggle to reconstruct the images of governance and justice that have always lain at the heart of a worship shaped by biblical traditions Drawing on the practice of circle conversations at the heart of movements for reconciliation and restorative justice Everett presents a theological vision rooted in biblical covenant making a social image of the Trinity and an understanding of the church as the covenanted public of Christ's Spirit Roundtable worship provides a hospitable setting where people can begin to give deeper

voice to their life listen appreciatively to each other's longing for reconciliation and anticipate in imagination and action a renewed public life beyond the angry and violent polarizations of our age *Nature, Space and the Sacred* S. Bergmann, H. Bedford-Strohm, 2016-12-05 *Nature Space and the Sacred* offers the first investigative mapping of a new and highly significant agenda the spatial interactions between religion nature and culture In this ground breaking work different concepts of religion theology space and place and their internal relations are discussed in an impressive range of approaches Weaving together a diversity of perspectives this book presents an innovative and truly transdisciplinary environmental science Its broad range offers a rich exchange of insights methods and theoretical engagements How Would We Know What God is Up To? Ernst M. Conradie, Cynthia Moe-Lobeda, 2023-03-01 This second volume in the series on An Earthed Faith will address the following question Given what we know about the Anthropocene how does one even begin to answer the question What is this God up to and how ought humans respond This is a question of theological method including the sources and interlocutors of Christian theology its aims and starting points social theories shaping it and presuppositions grounding it Addressing this question is the classic task of doing contextual theology namely describing and analysing a particular context and considering how this context may best be addressed theologically and practically The question highlights the need for prophetic theology to discern the signs of the time to recognise a moment of truth Kairos and to discern counter movements of the Spirit The question of method opens the door to constructive critique of how theology has been done and should be done The Task of Theology Anselm Min , 2014-09-11 A rare opportunity to read and reflect upon the thought of some of the most prominent voices in contemporary theology in one volume this collection offers informative indicators of the state of theology today Together these provocative essays offer a resource for teachers and a chance to facilitate conversation among those working in different areas of an increasingly fragmented discipline Publisher

Pentecostal Ecclesiology Simon K.H. Chan, 2019-05-21 This book argues that if the Pentecostal movement is to overcome its excessive individualism and structural instability the way forward is not more institutionalization but a coherent and robust ecclesiology based on the Pentecost event which is the coming of the Holy Spirit in his own person into the church A Pentecostal ecclesiology is essentially the working out of the ramifications of that key event The book takes a more ontological understanding of the relationship between the Spirit and the church than would Protestant and evangelical ecclesiologies In this respect it has more in common with Orthodoxy It is further argued that this realignment away from Protestantism and evangelicalism towards Orthodoxy far from removing Pentecostals from their roots actually brings them much closer to the heart of Pentecostal spirituality **Paul Tillich and Pentecostal Theology** Nimi Wariboko, Amos Yong, 2015-11-17 Paul Tillich 1886 1965 is widely regarded as one of the most influential theologians of the 20th century By bringing his thought together with the theology and practices of an important contemporary Christian movement Pentecostalism this volume provokes active productive critical and creative dialogue with a broad range of theological topics

These essays stimulate robust conversation engage on common ground regarding the work of the Holy Spirit and offer significant insights into the universal concerns of Christian theology and Paul Tillich and his legacy
